COMMUNICATED. FOURTH OF JULY.

The Anniversary of our National Indepetulence was celebrated at " Printer's Retreat," near our village, on Saturday last, in a style that did honor to the day, and the chivalry of '76.

The Declaration of Independence having been read by Genl. Bonnam, the assembly was entertained by HENRY R. SPANN. Esqr., with an eloquent and patriotic address, which was received with unbounded applause by a respectable and attentive audience, and last though not least, with the smiles of the Fair, of youth and beauty.

After which the citizens repaired to a Barbecue Dinner, spread by "mine host." of the " Printer's Retreat," in a style that did credit to his hospitality, and the generous disposition of his heart. The utmost good order and sobriety prevailed through-

A Nomination .- The Madisonian of the 1st iust., says :- " A new paper has been established at Harrisburg, Pa., entitled " The Watchman," and has placed at its head the name of Major General Winfield Scott, as a candidate for the Presidency in 1844.

"It is reported in the city, that General Scott was, on Tors lay, nominated by the President to be General-in-chief of the U. States army, in the place of General Macomb, decensed.

The Philadelphia Inquirer says that a fraud to a great extent was committed on Saturday the 26th ult., upon two N. York houses. Romour says that it was effected by false changes, and to the extent of more than \$30,000.

The Boston Courier states that the building of the Monument on Bonker Hill is now in rapid progress. Nearly 20 feet have been added to the height of it since the lst of May, and it is already more than a hundred fort above the ground. The entire altitude of the structure, when it is finished, will be 220 feet.

More Loans .- The Canal Commissioners, of the State of New York, have advertised for a loan of \$190,000, for the enlargement of the Eric canal-\$17,500 for the construction of the Genessee Valley Canal -and \$22,500 for the construction of the Black River canal.

Wrecks .- The number of wrecks and eastaways on our Atlantic seaboard, says the Salem Gazette, is astonishing. It averages from four to five hundred a year. In January, 1839, there were ninety one American vessels of all sizes wrecked on the Atlantic coast,-making on an average, a case of shipwreck once in every eight hours for a mouth.

The Steamer President .- The N. Y. Express says :- "The Insurance Companies, which underwrote on the cargo of the steamer President, have paid the full amount of the loss. This is conclusive evidence of what the underwriters think of her fate. The amount insured in this city was \$30,000."

Severe Thunder Storms .- Our city was visited by a brief but severe thunder storm, with a heavy rain, about 6 o'clock, on Sa turday afternoon. We learn that the spire of St. Paul's received an electric shock, for twenty-four hours, such as we have while the choir was practising; but we are happy to say that no one was injured, nor any serious damage done.

Another thunder storm came up about 8 o'clock, P. M., but soon vented its element- been removed, and a Major Camp, of Tenal rage; without doing any damage, so far | nessee, appointed in his stead. The Whigs as we have heard .- Chas. Cour. 5th inst.

CORRECTION. A friend in Augusta, Ga., informs us that the Cashier of the Bank of Augusta, has not ron off with \$75,000 of the bank's funds as stated in our 10th number; but, that on the contrary, he is "a man of high reputation for integrity and moral deportment, possessing the universal confidence of that who e community and the whole State." We copied the statement from some other paper, but whether the error was in that paper or made by us in copying, it is equally our duty and our pleasure to correct it, and to apologize for the wrong we have unwittingly committed.

We thank our friend for me information given, and take this occasion to say to triend and foe, that errors of fart, (not always to be avoided as we must rely on others for information) will be corrected by us when known, it being our purpose to publish a paper on which its readers rely or STRUCT TRUTH-in matters of Courier, says: - This Bank has declared fact. That the name and style of the said corporation shall be 'The State Bank of Pennsylvania," to be located in the city of Pintade phia, and that its capital shall be reduced to a sum not exceeding Fourteen Millions of Dollars.

The Harrison Gift !- The Charleston Courter is "sorry that any South Caroliion should have been so ungracious as to say "No," to the profligate gift of \$25,000 of the people's money to the bandy of Gen. Harrison! We are equally sorry that any Sonta Carolinian should have said 'Yes," to so unjust fiable and unconstitutional a waste of the public money-tho' only one-Mr. Holmes. The family of Gen. Indian Troubles .- The Little Rock Gazette contains a letter from Fort Towson of June 10th, which says there is ground to fear Indian troubles on that frontier. The savage hodes that have for several years been accumulating on that border by emigation, are about combining in bands to rob and murder those friendly. Indians who are under the protection of our Government. > NEW URLEANS, June 26. By the Savannah, arrived yesterday,

ve have Texas papers to the 19th. Accounts from all sections of the Republie gave favorable reports of the growing crops. The produce of the year, says the Civilian, will be immense, and we have nothing before us but the prospect of peace. plenty, and increasing wealth. If the people would only learn to depend upon their

own labor, they would have nothing to fear. The same paper says it appears by letters from Bexar that Arista is determined to resist Santa Anna, should be be elected President of Mexico, as is now probable It it even reported that he has sent commissioners to Bexar to negotiate for opening a trade between Northern Mexico and Texas, and to solicit the aid of Texas in an expedition against the Comanches.

The rumored fadure of the Texas Loan in Paris created less uneasiness than would have been supposed. The papers generally do not regret the failure. thinks four thousand men, who would cuitivate the soil, would be of more advantage to the country than all the money hoped for from the French loan; and propo ses, as an amendment to the law, that the commissioners be authorized to contract for 6.000 able bodied emigrants, who will cultivate the soil, instead of the 5,000,000 of dollars .- Bulletin.

Chattahooche Rail-Road Bank .- Since our just, we have heard nothing of the actual condition of the uffairs of this institution. We had hoped that by this time, we could have laid before our readers an official sat ment of its affairs. We under stand that the reason why this has not been done, is, that the Cashier was absent at the time of its failure, and has not yet returned.

From the notice which we insert below, seems that the statement will soon be forth coming. The bills are selling in our streets at from 30 to 50 cents. Being totally in the dark, as to the amount and character of its assets, we cannot advise our readers whether to sell at present pricesor hold them until the condition of the Bank is known.

Notice. - The Stockholders of the Chattamooche Rail-Road and Banking Company of Georgia are respectfully invited to assemble at the Banking-House, in Colambus, on the 10th day of July next, at 9 o'clock, A. M. upon important business.

ST. Louis, June 17 .-Horrid Affair at the Pententiary-Es. cape of Convicts .- By the steamboat Shawe, which arrived last evening from the Missouri river, we learn that a revolt took place among the prisoners in the peniteutiary, at Jefferson city, on Monday last, which resulted in the murder of the overseer, (Mr. Wm. Bullard.) and the escape of eight of the convicts.

We understand that the murder was the result of conspiracy, of which the ringleaders were Berry and Johnson (mentioned below.) They decoyed the overseer into a saddler's shop, on pretence that they wanted instructions as to some matter, and having induced him to stoop to look under a bench, killed him by a blow from a mallet or banner. They then made a signal, which was understood by the rest, seized a brace of pistols from Bullards's person and the keys, with which they opened the doors for the escape of themselves and the others mentioned below. Wm. Johnson. 28 years old, 5 feet 34 inches high, dark complexion, small scar on the left upper lip, two small scars on the lefs cheek; blacksmith by trade, sentenced to 44 years from Jefferson county.

FREDERICK COUNTY BANK ROBBERT. We insert in another part of to-day's count of the manner in which the morey stolen from the Frederick County Bank was recovered. The statement that the agents of the Bank had entered into an improper compromise to obtain back the money turns out to be without foundation. The Examiner says, on this point-

"In the transactions which resulted in the recovery of part of the funds stolen from the Frederick County Bank, was no promise of indemnity or impunity-no pledge to relax the efforts of Justice-no intimation that exertions to apprehend the robbers and bring them to punishment. would be in the slightest degree diminished no permission to keep the funds not deliv--and in a word, no compromise of any kind was made nor anything done or said by the agents of the Bank that would not bear the test of public securiny, as will he seen by the detail furnished in this day's paper. Of the part Mr. Wiley took in the matter, we have nothing to sav at present, except that we think his silence in regard to the person of the robber, in any view of the muter is tantamount to a participation in the robbery."

It will be sen by the advertisement that the Bank offers a reward of \$5000 for the detection of the robber, and twenty per cent for the money still unrecovered.

The Bank has given notice that having recovered the whole of its own issues, stolen from its vaultson the 22d of May last with the exception of \$1542 with all the State Bonds, Certifintes and Private checks taken at the tine, has this day resumed banking operations. Its own notes will hereafter be recived for all debts due the bank, and will be paid out at the counter as usuni .- Batimore American.
