SUNDAY SCHOOLS.

He would be a very short sighted statesman indeed, who should think that Sunday schools do little for the education of the people.

WORLDLY-MINDEDNESS.

It is our great unhappiness, that the soul is always in the senses, and the senses are always upon the world.

A London paper informs us that Campbell, the poet, is interred in the same grave with Dr. Johnson, his coffin being only about two feet from the surface.

The American Musket costs the Government \$9 a piece; the English musket costs \$4. That in use in America is too heavy—its weight is much greater than the French and German; and, what is to be regretted, it is made with the old fashioned lock, which is no longer used in Europe.

A Wooden Hand and Arm has been invented in Paris, by which one can open a watch up a knife, scratch his head and pick up a pin from the floor, without any assistance from the other hand.

Slavery in Mississippi.—Some of the papers have been asserting that the law passed a year or two since, in relation to introduction of slaves into Mississippi, forbade even emigrants from carrying slaves there.

A Remedy for Ramselling.—The following plan is proposed in a Southern paper as a remedy for ramselling: "Let it be enacted that the expense of supporting all paupers who are made through the sale of intoxicating liquors, shall be equally asserted upon the dealers in such liquors; let every man who takes out a license, be required to give ample security for the payment of his share of the tax, and let the public authorities see that the destitute wives, widows, and children of drunkards be well supported.

The Postmaster General has made an arrangement, by which the Magnetic Telegraph between Washington and Baltimore can be used by individuals. The compensation is fixed at a quarter of a cent of each magnetic character, and in every case to be prepaid.

Bloody Affray.—A most bloody affray occurred at Hernando, Mississippi, about two weeks since, between T. J. Matlock, Esq., and his brother and overseer on the one side, and a Mr. Forrest on the other.

From the Greenville Mountaineer. CHIMNEYS.

At this season, when we are visited by high and hard winds, fears may be well entertained of the danger of Fire, and if a chimney should unfortunately take fire at such times, the burning of the house, (if covered with shingles) would appear almost certain.

The following correspondence is decidedly the best of the kind that Mr. Clay's dealings with the makers of hats, coats and Cologne-water has yet brought to light.

Dear Sir—Deprived, as we are doomed to be, of the pleasure of having yourself at our head for a few ensuing years, will you allow us the minor pleasure of having yourself at our head for a brief period, by accepting his Hat? and may it afford you, sir, what you have so zealously labored to secure to us—Protection.

Hon. HENRY CLAY.

Very respectfully, Your obedient servant, ORLANDO FISH.

REPLY. ASHLAND, Jan. 29, 1845.

My Dear Sir—I offer you many and cordial thanks for the Hat which you have kindly presented to me, and for the note which accompanied it.

Most truly, I am your friend and obedient servant, H. CLAY.

ORLANDO FISH, Esq.

It is very seldom that you find a friend in the hour of need. It is wonderful how willing all your friends are to serve you, until you need their services.

Appointment by the President.—W. B. Sulloch, Esq., has been appointed by the President, Collector of the Port of Savannah, vice Gen. Edward Harden.—Char. Patriot.

Rhode Island Election.—Chas. Jackson, the Doug. Liberator candidate, is elected Governor of Rhode Island by a very small majority, over James Fenner, the late incumbent.—Ibid.

DR. BRANDRETH'S PILLS.

TRUTH AKIN TO NATURE!

HAVE you pain? Be thankful. It is a vigorous effort of Nature to throw off morbid matter. From what may the morbid matter arise? From a bruise, or unwholesome air which has become mixed with the blood, not incorporated in it, but which is liable to taint the whole mass if not speedily removed.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of experience. To what does experience direct? To the free use of DR. BRANDRETH'S PILLS in all cases of bodily suffering.

We are authorized to announce GEORGE J. SHEPARD as a candidate for the office of Tax Collector, at the next election.

Remedy for Coughs.

DR. HULL'S COUGH LOZENGERS are most rapidly succeeding all other preparations for the relief of Coughs, Colds, Asthma, Whooping-cough, Catarrh, Tightness of the chest, Bronchitis, and similar pulmonary affections.

Hull's Worm Lozenges.

It is estimated that 100,000 children die annually from the effects of worm's alone! This vast mortality could be almost entirely prevented by the use of Dr. Hull's Worm Lozenges.

DR. HULL'S VEGETABLE FEVER AND AGUE AND ANTI FEVER PILLS.

THESE PILLS wherever they have been fairly tried have established an enviable celebrity, and are daily superseding all other preparations in curing the diseases for which they are prepared.
