

Poetic Necessity:

APPEARANCES.

Think not because the eyes are bright,
And the smiles are laughing there,
The heart that beats within is light
And free from pain and care;

Mirth's sudden gleam may light the cheek,
Though joy be far away,
As blossoms of adorn the tree
That's hastening to decay;

For there are pangs the sorrowing heart
Will lift in darkness shroud,
That lurk within the lonely depths
Like lightning in the cloud;

Though brightly o'er the hollow cheek,
The smile, the laugh may break,
Like bubbles burst on the breast
Of Acheron's dark lake;

Agricultural.

From the Southern Agriculturist.

THE LONG STAPLE COTTON & THE CUBA TOBACCO.

SHORT STAPLE COTTON IN SOUTH-CAROLINA.

From the depressed condition of the market for the short staple cotton, I am induced to offer a few remarks, proposed for ameliorating the condition of the planters of the short-staple cotton in South-Carolina; I am aware, however, of the indifference in which many such articles have been received by the planters; yet without experiments and changes, many valuable discoveries that are the sources of wealth, and the pride and admiration of the age, would have been doubtless wrapped up in oblivion.

At the time of the Roman invasion, the inhabitants of Britain lived as savages, and appeared in painted skins, and at the time believed their condition to be permanent; but it was not so, for afterwards we find them enjoying the society of civilized man, and in building rail-roads, steamships, and manufacturing—a demonstration which should at once render us dissatisfied with our present condition, and inspire us with motives calculated to produce a revolution in our occupations; and at this juncture, I cannot conceive of any thing which would tend that way with more velocity, than the production of the long-staple cotton and the Cuba tobacco; either if planted on light and friable hammock lands would remunerate sufficiently for the labor that would be required in the cultivation of the cotton.

That the long staple cotton and the Cuba tobacco can be cultivated in South Carolina and Georgia, as far north as the 33 degree, with considerable profit to the producer, we have abundant reason to believe, and from the circumstances of its having been produced in various parts of the interior of Florida, remunerating sufficiently to warrant the almost entire abandonment (unless on very tenacious soils) of the culture of the short staple cotton.—I am fully aware that I now occupy debatable grounds, from the geographical situation and extreme southernness of Florida; yet with all the advantages she may have over South Carolina, we are not to be persuaded that they are sufficiently important to cause a negligence in South Carolina.

I will introduce a few remarks out of many which could be produced relative to what has been realized by a few of the farmers of Florida. I remark that a great many of the farmers of my acquaintance, (and most of them residing in the interior) have gathered at least one bale of the long-staple cotton (on an average) per acre. I have been informed by Col. C. Rawles, that the tobacco growers at and near Clear Water Harbour, (during the past year), realized at least the sum of five hundred dollars per acre; also, I was informed by Col. John Russell, of Thomas County, Georgia, that a farmer who resides near him in Middle Florida, had realized by the culture of a lot of tobacco of eighteen yards square, the sum of two hundred dollars; and also, that another individual with two hands, on pine land, (though well trod with cattle) had realized the sum of one thousand dollars.

From the foregoing, it must be apparent to every farmer, that a conciliation of the farmers of South Carolina, (and even Georgia) to some other occupation, would be the means of releasing them from the burden incurred, and the small profit now realized by the cultivation of the short-staple cotton to such an extent.

Persons desirous of planting the Cuba tobacco, can be informed as to the planting and cultivation, by referring to the back numbers of the Southern Agriculturist.

One year's residence in Florida, by J. A. M. Nacahoota, East Fla., March 5th, 1845.

The friends of SAMPSON B. MAYS, announce him as a candidate for the Office of Tax Collector at the next election. Oct 30

We are authorized to announce LEVI R. WILSON, as a candidate for the Office of Tax Collector, at the next election. Feb. 26

Dr. Brandreth's Pills.

TRUTH AKIN TO NATURE!

HAVE you pain? Be thankful. It is a vigorous effort of Nature to throw off morbid matter. From what may the morbid matter arise? From a bruise, or unwholesome air which has become mixed with the blood, not incorporated in it, but which is liable to taint the whole mass if not speedily removed. Or the pain may arise from bile which has become bad, rancid, putrid, in consequence of the want of power in the proper organs to discharge it. This pain which so frightens people is only the symptoms of the efforts of Nature, (for the vital principle of the blood,) to expel the peccant or impure matter, which would otherwise destroy the human fabric. All diseases are of the solids or fluids, or both. When we have pain in our head, or in our foot, in our throat, or in our back or bowels, let us be satisfied that it is produced by the efforts of our blood to throw off morbid matter, and if this be so, if we can but believe and understand this, our cure will be easy and generally sure. For our course will then be to help Nature to throw off the morbid matter, not to take away the blood. For the blood, every drop we have is necessary to insure ultimate health to the body. We must not lose a drop: neither must we use any medicine internally which are not perfectly harmless, if applied externally to the body. So we must not use any of the preparations of mercury, neither must we use any vegetable medicine of corrosive power.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of experience. To what does experience direct? To the free use of DR. BRANDRETH'S PILLS in all cases of bodily suffering. As this advice is followed, so will the health of the body be. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints, let the Pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. Remember, in all cases of disease, no matter whether it be a cold or a cough, whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever and ague, or bilious fever; or cramp or whooping cough or measles; whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug Stores for your restoration to health, and what is more will surely do you no harm.

The Pills are sold at Dr. Brandreth's Office, 31 Broadway, N. York. Also, by Eland & Butler, Edgefield, C. H.; S. D. Clarke & Co. Hamburg; J. S. & D. C. Smiley, Meeting Street; H. M. Coleman, New Market; Whitlock, Sullivan & Walter, Greenwood; L. D. Merriam, Cokesbury.

Remedy for Coughs.

DR. HULL'S COUGH LOZENGERS are most rapidly superseding all other preparations for the relief of Coughs, Colds, Asthma, Whooping-cough, Catarrh, Tightness of the chest, Bronchitis, and similar pulmonary affections. Thousands, we may say thousands who have suffered for years from the above diseases are now in the possession of sound health, which may be attributed entirely to the fortunate use of one of these boxes of this invaluable medicine. They are as pleasant to the taste as candy—convenient to carry in the pocket, and warranted to be the most effectual Cough medicine in use.

Price, 25 Cents per box, with directions.

Hull's Worm Lozenges.

WORMS! WORMS!! WORMS!!! It is estimated that 100,000 children die annually from the effects of worms alone! This mortality could be almost entirely prevented by the use of Dr. Hull's Worm Lozenges. Every family where there are children, should not fail to keep this important medicine in the house, and administered when their symptoms indicate the presence of these dangerous and destructive reptiles.

The following extract from the "Spartan Gazette" speaks the sentiments of all who have ever used this valuable Worm Destroying Medicine.

"From our own knowledge, we take great pleasure in recommending Hull's Worm Lozenges as the best Worm Medicine extant. Children will cry for them, and eat them as they would candy."

A fresh supply, just received and for sale, by J. D. TIBBETT'S.

Only 25 Cents per box, with directions. Oct 30 6m 41.

DR. HULL'S VEGETABLE FEVER AND AGUE AND ANTI-FEVER PILLS.

THESE PILLS wherever they have been fairly tried have established an enviable celebrity, and are daily superseding all other preparations in curing the diseases for which they are prepared.

The following certificate is from Judge Forest, a gentleman of the first respectability in Jefferson Co., Alabama.

"I certify that in the summer of 1842 I had a severe attack of fever and ague, and was for some time under the treatment of a physician, but received no benefit from his prescriptions—my disease continuing to increase in the frequency and severity of its attacks. I at last had recourse to Dr. Hull's Fever and Ague and Anti-Fever Pills, and in using half a box was entirely cured, and have remained in good health ever since. I afterwards had in my family several cases of fever and ague, and in every instance made use of Hull's Pills, which have always immediately effected a cure. J. F. FOREST."

Price, \$1 per box, with directions. A fresh supply, just received and for sale, by J. D. TIBBETT'S.

Tooth-ache! Tooth-ache!

DR. LACOUNT'S ELIXIR is a speedy, certain, and lasting cure for the most painful and distressing disease that can affect the human frame. In almost all cases of Tooth-ache it arises from a decayed state of the parts, which exposes to the action of the atmospheric air, the nerve, or internal surface of the copious or rotten tooth, and a cure must be effected, either by extraction or by rendering those parts impervious to the action of the air.

Dr. Lacount's Elixir is particularly adapted to destroy the nerve, without the slightest injury to the other teeth, and thereby effect a permanent cure. Its application is not attended by the slightest pain, or inconvenience. Thousands have declared that they would not be without this preparation if it cost \$10 per vial.

Price, 50 Cents. For sale in Edgefield, by J. D. TIBBETT'S.

Oct. 30 6m 40

RYAN'S HOTEL, EDGEFIELD C. H., S. C.

THE Subscriber having enlarged his House, and removed his Bar Room to one end of the same, is now prepared to accommodate

Boarders and Travellers.

as good terms as any similar establishment in this State. His Table will be furnished with the best District can afford, and his Bar with the choicest Liquors and Wines. His Stables are large and commodious, and supplied with good and wholesome provender, and attentive hostlers.

He returns his sincere thanks to his friends and the public, for the very liberal patronage which has been bestowed on him, and trusts, that by a strict attention to business to merit a continuance of the same. In consideration of the hard times, he has reduced the price of Board to the following terms: Board per Month, if paid monthly, \$10 00 Board and Lodging, per month, " 11 00 Single meal, 3/4 cents each. 8 00 Horse feed per month, if paid monthly, " 8 00 Single feed for Horse, 25 cents.

We are authorized to announce

GEO. J. SHEPARD as a candidate for the office of Tax Collector, at the next election. Dec. 25 4t

INVALUABLE Family Medicines.

DR. SPENCER'S VEGETABLE PILLS

"Prove all things, and hold fast to that which is good."—Paul. THESE PILLS are no longer among those of doubtful utility. They have passed away from the thousands daily launched on the "tide of experiment," and now stand higher in reputation, and are becoming more extensively used than any other medicine ever prepared. They have been introduced into every place where it has been found possible to carry them, and there are few towns, or villages, but contain some remarkable evidences of their good effects. But it is not necessary to advertise them at large, or to say any thing further of them, than to caution those wishing to purchase Antibilious Family Medicine, to be particular to enquire for SPENCER'S VEGETABLE PILLS, as there are numerous preparations put on sale almost every day, of doubtful efficacy. To satisfy the world of the inestimable worth of this Medicine, I would simply observe that, it has been long used by some of the leading lights of the profession in their extensive practice, and is now prepared with great care, and upon scientific and chemical principles, for general use, by the present proprietor only. The imputation of Quackery therefore cannot be affixed to this Medicine, since it is the preparation of regular practising Physicians, who have made the healing art their profession, and whose pharmaceutical preparations will ever be held in the highest estimation.

TESTIMONIALS.

Read the following certificate from Mr. O. C. Kelsey, a popular merchant of Tompkin's Bluff, Ala., and thousands of a similar character might be given if necessary to prove the efficacy, popularity and usefulness of this medicine.

Tompkin's Bluff, Ala., Jan 4, 1843. Dr. A. Spencer—Dear Sir: I wish you to forward me a large supply of your pills; I don't think 300 boxes too large a quantity to send. I sold 100 boxes the last six months; they are my most popular pills in this place. For bilious complaints, sick-heads, dyspepsia, costiveness and such like diseases, they are considered almost an infallible remedy. I have been a patient for Dr. Peter's Pills, and formerly sold a large amount yearly; but I now sell three dozen of your pills to one of his. My customers think them superior to Peter's or any other pills.

Respectfully yours, O. C. KELSEY. Price, 25 Cents per box, with full directions.

A fresh supply, just received and for sale, in Edgefield, by J. D. TIBBETT'S, and on enquiry may be found generally in all the cities, villages, and at the principal Country Stores throughout the State. Oct. 30. 6m 41

SADDLERY AND HARNESS MAKING.

THE Subscriber takes pleasure in returning his sincere thanks to his friends and patrons, for the very liberal patronage bestowed on him during the past year. He respectfully informs his friends and the public in general, that he still continues to carry on the Saddle and Harness Making Business, at his old stand, next door to Mr. S. F. Good's. He has on hand a good assortment of Saddles, Bridles and Martingales, Harness, Travelling Trunks, &c. and all other articles usually kept at such an establishment, which he offers on as reasonable terms as he can possibly afford them.

MILITARY EQUIPAGE MADE TO ORDER, IN A WORKMANLIKE MANNER. Citizens of South Carolina, call and see if you cannot suit yourselves as well at home as abroad. Let us endeavor to keep our money at home, and we will have more to spend. DANIEL ABBEY.
