EDGEFIELD C. H.

WEDNESDAY, MAY 7, 1845.

"We will cling to the Pillars of the Temple of Our Liberties, and if it must fall, we will perish amidst the Ruins."

Baptist State Convention of S. Carolina.

This Body held an Extra Session in the Baptist Church of this place, commencing on Saturday last and closing on Monday. The President, Dr. Wm. B. Johnson, at the opening of business delivered an able and eloquent Address, covering the whole ground of division between Northern and Southern Baptists, and recommending, in his opinion, the most expedient course for Southern and South Western Baptists to adopt. By a unanimous vote of the Convention, a copy of the Address was requested for publication in our columns, and we are happy in being able to lay it before our readers in to-day's paper, and bespeak for it an attentive perusal. We learn that twenty Delegates were appointed to the Convention, to meet in Augusta on Thursday.

Another Affray—We are informed that, at a Battalion muster held at Red Hill in this District, on Saturday last, another fracas occurred in which Mr. James E. Kilcrease was severely stabbed under his left shoulder blade, by Amos Bush. Bush was immediately arrested and brought to Jail, where he now remains. Mr. Kilcrease's wound is supposed to be dangerous. When last heard from, he was not expected to live. We forbear making any comment, as we trust that this, as well as similar disgraceful scenes, will undergo a full investigation and that the guilty may be punished.

Fire.—We regret to learn that the Kitchen of Mr. John Rochell was consumed by fire on Monday morning last. The fire was first discovered between 3 and 4 o'clock, P. M., and it was with great difficulty that his dwelling was saved. The fire is supposed to be the act of an incendiary.

Texas.—President Jones of Texas, has issued a Proclamation appointing a meeting of Congress on the sixteenth day of June next, for the purpose of considering the resolutions of the Congress of the United States, for the annexation of Texas. We believe, that a large majority of the people of Texas, are in favor of annexation.

GEN JACKSON AND THE SARCOPHAGUS.—The New York Courier & Enquirer was recently quite merry about a letter which Commodore Elliott, of the U. S. Navy, wrote to General Jackson, offering him a Sarcophagus, when ever the old hero should die, and have occasion for such an article. General Jackson politely declined it, as it is said that he did not wish to be placed in a repository supposed to be prepared for an Emperor. We think that the present of a coffin from one friend to another who is sick, is a little odd. Few persons would refuse such a gift. But Commodore E. is rather odd himself. Some years ago he brought home in a United States vessel a number of Jackasses. Some of the Commodore's enemies said at the time, that the old sailor himself was a great ass.

The following a description of the Sarcophagus as above referred to.

"The sarcophagus is of marble, and was brought from Beyrout, in Syria, by Com. Elliott, having contained the remains of Julia Hamilla, who was Queen Regent of Rome during the minority of her son Alexander Severus. It is about six feet in height and eight in length—similar in form to a plain cottage; the roof two feet and a half from the ridge point to the eaves, above which the corners project nearly a foot, and are rounded inversely. The four sides are hieroglyphically embellished with representations of serpents, festoons of fruit heads surmounted by wings, ox heads, human figures, etc.; and the front portion of the roof also presents two rough and unfinished forms of men, in a recumbent posture. The sarcophagus is broken in several places, and a mere glance, without being specifically demonstrated that it has seen much service, to the living, it seems any thing but desirable place for the dead."

Twelve new Church edifices are about to be erected in Cincinnati, viz: 4 Presbyterian, 3 Methodist, 2 Baptist, 2 Roman Catholic and 1 Bethel.

their legs, and their arms broke. The course of the tornado is not known; it is presumed, however, that its passage has caused even a greater loss of life and limb and destruction of property than has been as yet ascertained.

Fire and Loss of Life.—A fire broke out in the dwelling of Isaac Ross Wade, in Jefferson county, Miss., which consumed the whole of the dwelling, furniture, &c. The fire was doubtless the work of an incendiary. In the second story slept Mrs. Richardson, wife of C. Richardson, Esq., of that county and sister to Mrs. Wade, and her three children; two of these children escaped, the eldest, a little girl aged about eight, perished. Mrs. R. herself sank senseless and motionless at the foot of the stairway, but was rescued by a faithful negro who rushed in and bore her through the flames, but her head and neck were so badly burned that her life is now in imminent danger.

Fire at Zanesville.—A fire occurred at Zanesville, Ohio, two weeks ago, which consumed some twelve or fifteen of the most substantial buildings in the city. A Mr. Cooper, a young son of Judge Cooper, of that vicinity, expired during the conflagration, of excitement produced by the terrific appearance of the conflagration.

St. Landry Sugar Crop.—The St. Landry Whig has the following observations relative to the sugar crop of that region.

We gave, last week, the products of our Parish in 1844; and, so soon as we can get hold of it, shall give a list of them for 1845. In the meaning, to show the increase, we have taken some pains to ascertain the number of hogsheads of sugar raised in the parish the past season, and find them to be about fourteen hundred—an increase over the previous season of upwards of seven hundred hogsheads. The next crop will triple the products of this year.

Annexation of Texas.—The Texas National Register, of the 10th ult. states that Maj. A. J. Donelson, Charge d'Affaires of the United States, arrived at that place on the 30th March, and on the following day made a communication to the Government, presenting the two first sections of the act passed by Congress, for their consideration. The remaining portion of the act (Mr. Benton's) has been (says the Register) deemed impracticable, both by Mr. Tyler and Mr. Polk. and, therefore, has not been presented to the Texas government as a basis of action.

News from Texas.—We learn that Gen. Houston has at last openly declared himself against annexation. We have been long expecting this, consequently we are not disappointed in the slightest possible degree. We are happy in the belief, however, that he does not possess sufficient influence to thwart this great national measure.

Our readers may expect some startling developments with regard to British policy and British intrigue, in a short time. We cannot, at present, tell all we know about the matter. It is a glorious consolation to know that we have a President who is equal to any emergency that may arise.

New Regular Packet between Charleston and Philadelphia.—The Philadelphia North American of last Saturday, says: "To day at 5 P. M., a fine barque of about 200 tons burthen will be launched from the ship yard of Jacob Tees, in Kensington, first above Penn's monument. She is said to be the handsomest model of her size ever built in this port. She is designed to combine three valuable qualities, viz: to sail fast and carry a large cargo, and draw a slight draft of water. She is intended as a regular packet between this city and Charleston, S. C., for A. J. Harper & Co's new line.

The working of the Gold Mines at the South is said to be increasingly profitable. A letter from Mr. Gibbon, of the Branch Mint, at Charlottesville, N. C., published in Silliman's Journal, states that increasing quantities of gold are received at that Mint, from mines in North Carolina and South Carolina—occasionally, also, from Georgia and Alabama. Gold bullion, to the value of \$272,000 was deposited for coinage during the last year, exceeding by nearly one hundred thousand dollars the deposits of any preceding yearly period.

The Kentucky Yeoman says Mr. Clyn has recently received rich presents from his friends. His debts to John J. Astor of \$20,000, and to the Lexington, Ky. Bank, of \$5,000, have been paid for him.

Commercial. HAMBURG, May 1. Cotton.—In this article we have to remark, but that little variation has taken place in price since our last report, perhaps prices are a little more firm, with a somewhat increased demand. On Saturday last we were put in possession of Liverpool prices by the Calcutta to the 5th inst. showing that market to be in pretty much the same state that it was on the 29th ult., when the Great Western left, hence the material effect has been produced in our markets—by these few days later accounts. We quote to day with fair demand.—Ordinary to middling 4 1/2 to 5; middling fair to fair 5 1/2 to 5 3/4; fair to good fair 5 3/4 to 6 cents.—Republican.

HAMBURG, Saturday, May 3. Cotton.—Following up the slight changes that have taken place since Monday last, we have found no indication of a general feeling among buyers to operate very extensively, unless at reduced prices, until the accounts by the next steamer from England comes to hand. The market is not oppressed with arrivals, and sales are made without much stir, with a decline from last week's prices of 1/4 to 1/2 c. per lb. We quote extremes from 4 1/4 to 6.—Daily Journal.

Strayed FROM the Plantation of the Subscriber, a few weeks past, a yoke of young OXEN—one is of a dun color, pointed with white and the other a black, with the ends of both horns sawed off. Information will be thankfully received, and all reasonable expenses paid. BENJ. R. ADDISON. May 7 15

Dr. Brandreth's Pills.

SICKLY SEASON: THERE is not a man, woman, or child, but should take medicine at this season of the year, but more especially at this present time; for there probably were never so many causes existing at one period as there are now, so likely to produce a state of sickness. The rapid changes in the atmosphere, by which they do upon the constitution, and quality of blood itself, give occasion for the most fatal and malignant disorders. The bile becomes (and often without any warning) in a most acrimonious condition from these repeated changes, and if the stomach and bowels have been neglected previously, the first symptoms require immediate attention. Even those who have a healthy disposition of body, are subject to sickness under these circumstances. Therefore to prevent any danger, we ought carefully to guard against a costive state of our bowels. Once or twice they should be evacuated in twenty-four hours: There are many causes which produce unhealthy blood; sometimes it may arise from grief, at others when the system is in a state of fulness it can take place from sudden joy; close application to a literary undertaking can produce it—in all cases where many persons have to be seen and spoken to, which upon nervous excitement, is a fertile source of unhealthy blood reasoning that slow nervous fever which has carried off some of our best men, men martyrs to their reputation, but which a knowledge of the powers of Brandreth's Pills would have prevented. Those who desire to secure their health, under almost any adverse circumstances, can do so by having Brandreth's Pills on hand, and at once resorting to them when the first feelings of disorder take place in their bodies. As this advice is used, so will the health be. The time will yet be when a man that makes a good medicine shall be honored more than he who is an adept in the art of war.

The Pills are sold at Dr. Brandreth's Office, 241 Broadway, N. York. Also, by Dr. Butler, Edgefield C. H.; S. D. Clarke & Co., Hamburg; J. S. & D. C. Smalley, Meeting Street; W. M. Coleman, New Market; Whitlock, Saltwater & Walker, Greenwood; L. D. McCreim, Cokesbury. May 7 15

PROSPECTUS OF

The Carolina Baptist.

IT is proposed to publish, with this title, a Periodical, at Greenville, S. C., under the editorial conduct of Rev. T. W. Haynes.

PLAN AND OBJECT.

The New Testament Church—its membership—its government—its officers—its order—its ordinances—its union—its genius—its laws—its spirit—its morals—its doctrine, as understood and maintained by Baptists, will claim primary attention in the original articles of the Carolina Baptist. Our aim will be to develop, first, the Christian, and secondly, the Baptist, and neither to merge the Christian in the Baptist, nor to be less Christian because Baptist, in our editorial bearing. Dignified Christian courtesy to all men and towards all denominations of Christians will be studiously maintained, while a manly, frank and independent avowal of our cherished views of revealed truth will be no less marked. The golden mean betwixt bigotry and latitudinarianism will be our aim. The Carolina Baptist will, as far as its size, form and period of issues will admit, be a Baptist Family Newspaper and Library of Useful Knowledge to parents, children, farmers, ministers, deacons and churches, as well as other classes of our readers. Its plan and object is to propagate truth.
