ITS superiority over any other Cook ing Stove, consists in its simple arrange ment, convenience and durability. PROSPECTUS OF THE Southern Cultivator.

A Monthly Journal, devoted to the Improvement of Southern Agriculture.
Edited by JAMES CAMAK, of Athens Georgia.
 IN submitting to the Southern public the Prospectus for the Fourth volume of the "Southern Cultivator," which may now be regarded as permanently established, the Publishers deem it unnecessary to advert to the high character the work has attained under the editorial control of Mr. CAMAK, and therefore make a direct appeal to the Planters and friends of Agriculture throughout the Southern States, to aid them in sustaining a publication devoted exclusively to the cause of Southern Agriculture.

The advantages and benefits resulting from Agricultural Periodicals, have been felt and acknowledged by the intelligent and reflecting Tillers of the soil in all civilized nations, to be most useful; therefore, they should be extensively circulated among all classes of Agriculturists; it possible they should be in the hands of every man who tills an acre of land, and to this end we invoke the aid of every one who feels an interest in the improvement of the Agriculture of the South.

The first number of the Fourth Volume will be issued on the 1st of January next. It is published Monthly, in Quarto form, each number contains sixteen pages of matter, 9 by 12 inches square.

Terms:
 One copy, one year, \$1 00
 Six copies, " " " 5 00
 Twenty five copies, one year, 20 00
 One hundred, " " " 75 00

The cash system will be rigidly enforced. The cash must always accompany the order. As we desire to regulate our issue by the number of subscribers, all persons who obtain subscribers, are requested to send the lists as early as possible.
