## Timby's Patent Union WATER WHEEL.

HIS Wieel is adapted to SAW MILLS GRIST MILLS or other Machinery, requiring water power, and to all heads of water. It will move Machinery with more power and with a less quantity of water than any wheel now in use. (except an overshot under an ex-treme high head.) It has been thoroughly tested with different wheels in many parts of the United States, (several cases in this State.) and in all cases has proved superior.

The Subscriber is prepared, at any time, to

test it still further, with any wheel in this State. It is not liable to be clogged or injured by sticks passing through, or impeded by backwater, so long as there is a head above it. It is made of Cast Iron, is very simple and durable.

The subscriber being authorize to sell Rights of the said Wheel in Edgefield District, is prepared to sell to suit purchasers, on terms that cannot fail to give satisfaction and if required will apply them to Mills.

Leiters addressed, post paid, to the subscri-

ber, at Edgefield Court House, promptly at tended to.

H. N. PIPER.

[cory.] This may certify, that I have recently had put in operation on my place, one of Timby's Patent Union Water Wheels, upon a very small stream, and am very well satisfied with the performance of the same. Discharging about 160 inches of water, it cut during one day's imperfect trial about two thousand feet. I have no hesitation in recommending it as a highly useful invention. W, L LEWIS.

St. Matthews Parish. June 17, 1846.

[COPY.]
This will certify, that I have tried Hotch-kiss' Patent Reaction Water Wirels, and Timby's Patent Union Water Wirels, and that I greatly prefer the latter, having abandon ed the former after a six months trial of them I have now the Union Water Wheels applied to my Grist and Saw Mills, which operate to my entire satisfaction.

WILLIAM J. TAYLOR.

Kershaw District, July, 1846.
This is to certify, that after having used a Flutter Wheel for a long time, in a Saw Mill.
I tried a wheel called Hotchkiss' Patent Verucal Reaction, and have since had a pair of the UNION WHEEL's applied, by Mr. Chapin, and found them far superior to either of the ormer. ALEX. R. TAYLOR Columbia, May 7, 1846.

The Subscribers have tried what was call of Hotchkiss' Reaction Wheels, on the Columbia Canal, since which they have substituted Tim by's UNION WHELLS, and find from xpe rience, that the latter are far superior to the former. CANAL& WAREHOUSE CO. May 5, 1846. tf 32

Mr. David Jayue:

Dear Sir-1 : have used your medicine. (so universally known as Jayne's Expectorant) in my practice for a number of years, and can most truly say, that I have been more successful in the use of that as a mild, safe and thorough Expectorant, than of any which I have ever used. It is the best for the following obvious reasons. It does not if given in proper doses, occasion a disagreeable nausea. It does not weaken the lungs and prostrate the system, like most other Expectorants in common use, nor does it abate the appetite of the patient, like other nausenting medicines, which have been used by the faculty. In a word it is nearly or quite the thing which has been sought for by many of the faculty for ages gone by.
