Dr. Jayne's Alterative.

We have been informed by Mrs. Rose, of a cure performed on her by Dr. JAYNE'S ALTERATIVE, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with Necroses or White Swellings, attended with ulcerations and exfoliation of various bones, during which time many pieces have been discharged from the frontal bone of the cranium, from both her arms, wrists and hands, and from both legs, and from the left femoral bone, and from the right knee, besides painful ulcers on other parts of her person, which has baffled the skill of a number of the most eminent physicians of our city-during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr JAYNE'S ALTERATIVE, which has had an astonishingly happy effect upon her, by remov-ing all pain and swellings, and causing the ul-cers to heal, while at the same time her general health has become completely restored, so that she now weighs some 55bs. more than she did before she commenced the use of this truly valuable preparation-Native Eagle. The friends of Sampson B. Mays announcehim as a candidate for the Office of Tax Collector at the next election.

From the Phijadelphia Public Ledger. AN IMPORTANT CURE BY Dr. JAYNE'S ALTERATIVE.

We have been informed by Mrs. Mahan, [a grand-daughter of old Gen. Wayne,] that she suffered for a number of years from the growth of a large Goitrous Tumour of the Throat, of a large Goitrous Tumour of the Throat, which, besides great deformity, produced both a difficulty of deglution, and of breathing. In deed, she says, the pressure upon the winding was so great as to prevent her from sleeping in a recumbent position, and often suffocation appeared inevitable. She also labored and a stage stage indiscontinuous form. under severe indisposition from Liver Complaint and Jaundice, with a horrible train of nervous affections, for which she commenced the use of Dr Jayne's Alterative, which she took regularly for six or seven weeks, with oc-casional doses of his Sanative Pills; and her general health was thereby completely re-established, and now perceiving some dimunition in the size of the Goitrous Tumour, she was encouraged to persevere in the use of the Alterative until every vestige of the painful tu-mour was entirely removed. We think, there-fore, that such an important remedy should be more generally known.

The following is from a Physician and a much respected Clergyman of the Methodist Society, dated Modest Town. Va., Aug. 27

IDr. Jayne-Dear Sir-I have been using your Expectorant extensively in my practice for the last three years, and for all attacks of Colds, Coughs, Inflammation of the Lungs Consumption. Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have tried. Very respectfully yours.

ALEM WITCHCRAFT OUTDONE.—
Mr. T. Rowand—Dear Sir—For four or
five years I have suffered greatly from Rheumatism in my head, which during the last year became worse and worse. For four or five weeks previous to the 15th inst., I had suffered without intermission, my general health was much impaired, my sight injured, and my head so sensitive, that I could scarcely fest it upon the pillow. Two days since, a single applica-tion of your "MAGIC LOTION," relieved me entirely in two or three minutes. I have applied it occasionally since, and the soreness is nearly gone! So great and sudden was the

change, that I can scarcely realize that I am the same man. I have also cured one of my children, and a female friend of headache in two or three min-

Dr. Brandreth's Pills.

A Scientific Medicine. REAT experience and judgment are required to make a valuable, and at the same time innocent purgative. This is posses

The great majority of the remedies advertis ed of this class, are manufactured by persons who have no idea of the relative or individual. powers of the drugs they use. It is this cruse, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B Brandreth and consequently their superior claims upon the public. Each of the articles composing the Brandrein Pills, are prepared in that way which will secure their beneficial effects to the system in the safest and casiest manner. For instance, some ingredients have to be prepared in the vacuo; that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which after

was prevents the air from action upon the medicine. Again, me proper don ingredient depends upon its multiplying power upon other ingredients. For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine adpower of figures by multiplication. Nine ad-ded to nine, makes eighteen; but nine times nine, makes eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the pover is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them only eighteen grains have to be used. Again, ano ther ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of mane ginins, each of two ingredients, will again multiply the power which they have gained of eighty one, to one hundred and sixty two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty four grains, of the origi nal power of the two first ingredients. Here we have twenty two grains, which as a purga-tive contain the power equal to three hundred and twenty four grains of either of the articles alone; nevertheless, also so powerful after being thus combined are safe in any quantity; always having a beneficial effect, and in no case capable of doing injury, of which thousands pear ample witness

Discharging about 160 inches of water, it cut during one day's imperfect trial about two thousand feet. I have no hesitation in recommending it as a highly usefal invention.
