

[FROM OUR CORRESPONDENT.]

ATLANTA, (Geo.) Jan'y 4, 1847. I send you this short letter, to give information, through you, to our friends in Edgfield, that we are all safe at this place, though not very sound. Many of our men are much troubled with bad colds—some of them are so sick as to be unable to travel. There are several in this battalion, so sick as to require the attention of the Surgeon. We will leave one man from our company at this place, until his health improves a little.

One of the 96 Boys, Reuben Jarrall, died last night. He died from the effects of cold, and great exposure. The poor fellow was taken ill very suddenly, and died while standing on his feet. He seemed to be choked to death by the phlegm in his throat. We will leave eight or ten men at this place, if the whole company cannot stay, to bury him with military honors.

The Kershaw Company lost one man as it came up. He was imprudently, sitting with his feet out of the cars and got crushed to death.

The health of our Regiment must necessarily be bad, until the men become accustomed to the fatigues and exposure of a camp life. Men, when they first enter the army, will be imprudent, and even intemperate, and nothing but the severest discipline can teach them to preserve their health. I see nothing though, I confess, to arm me with regard to the health of our Regiment, for when there are so many men collected together, we must expect some death by sickness.

My own health is as good as it ever was. I improve on the exercise I take, and the exposure I undergo, for I try to go through it all, with prudence and good temper.

We will march from this place in a few minutes, and continue on the march for about a week. We have to march more than an hundred miles.

SALUDA.

For the Advertiser

Mr. EDITOR.—The death of our able representative in the Legislature, JAMES S. POPE, Esq., having caused a vacancy in our delegation, I take the liberty of nominating, our old and well tried, former Delegate, Dr. RICHARD C. GRIFFIX, as a candidate to fill that vacancy.—This nomination is made without consultation, but with a hope, that Dr. Griffix, will respond to the call. As he is directly from the neighborhood of our deceased friend, and, no doubt, particularly acquainted with the business that has been confided to his special care, I am in hopes he will by his assiduous exertions, and permit his name to be used, being satisfied none could be brought forward, that could serve the district with more zeal and firmness.

SALUDA.

The Hamburg Journal of the 7th says: "we learn with pleasure that the Volunteers left in this place sick, are all convalescent and rapidly recovering."

The same paper says: "We learn that Reuben M. Jarrall, a private in the ranks of the 96th Regt. of this District, died on Monday last, at Atlanta, on his way to the seat of war. Mr. Jarrall was recently from Augusta—but was a native of North Carolina. He was a worthy and industrious young man, and a good soldier. "Peace to his ashes."

"This is, we believe, the fifth member of the Palmetto Regiment that he has died since it was mustered into service."

The Washington correspondent of the Charleston Courier, under date of 1st inst. says: "I learn that Mr. Calhoun had recently called on Mr. Polk, and held conversations with him, probably in relation to those public affairs in which Mr. Calhoun took so deep an interest at the last session. Mr. Calhoun will be heard from, of course, in due time, in regard to the great questions of the day—domestic and foreign."

Specie Payments.—Hereafter, according to the following section from the Sub-Treasury law, all postages, at the different offices throughout the country, are to be paid in gold and silver coin:

Be it further enacted, That on the first day of January, in the year one thousand eight hundred and forty-seven, and thereafter, all duties, taxes, sales of public lands, debts, and sums of money accruing or becoming due to the United States, and also all sums due for postages or otherwise, to the General Post Office Department, shall be paid in gold and silver coin only, or in Treasury Notes issued under the authority of the United States.

From and after the first of April next, it will not be lawful for any discharging Agent of the United States, to pay out Bank Notes for debts due by the Government.

Valuable Cargo.—The ship Alabama, Wise, master, cleared from Charleston, on the 2nd inst., for Liverpool, by Geo. Y. Davis, Esq., with a cargo of 50 bales Sea Island, 2,750 bales Upland Cotton and 451 tiers Rice, valued at \$111,692. This makes the fourth large and valuable cargo which has cleared at Charleston within two weeks past.

From the Temperance Advocate. We are indebted to the polite attention of Mr. C. J. Bollin, the Rail Road agent, for the following statement of Cotton and other produce, which have been conveyed by Rail Road, and shipped from this place to Charleston during the four months ending 31st ult.

COLUMBIA DEPOT, Jan. 1847. Mr. J. G. BOWMAN: Dear Sir,—Below, please find statement of Cotton received in Columbia, from 1st Sept. to 31st Dec. 1846. Also, a statement of country produce—these comprise articles that have never been sent before this year from this place; on the contrary, we have always been obliged to receive them from Charleston.

Respectfully, C. J. BOLLIN.

Table with 2 columns: Description and Quantity/Value. Includes items like 'Ship'd by R. Road from 1 Sept. to 31 Dec. '46', 'Boats same time', 'On hand 1st Jan. 1847', 'Deduct stock on hand 1 Sept. '46', 'Total amt. of New Cotton rec'd.', 'About 55,000 bales of this amount have been sold in this town; the balance being on storage for planters' account.'

We have shipped by Rail Road, 1,853 barrels of Flour, 2,839 bushels of Corn and Peas, 100 " Rye, 140 " Oats, 55 " Potatoes. To this should be added 52 barrels of Turpentine, from the plantation of Capt. A. R. Taylor, the first ever shipped from this place.

WASHINGTON, January 2.

War with Mexico.—Mr. Ficklin submitted the following resolutions: Resolved by the House of Representatives, That the repeated insults to our national flag—the unwarranted depredations upon the persons and property of our citizens—the failure to comply with treaty stipulations—the refusal to pay the just demands of our citizens—the rejection and maltreatment of our minister, Mr. Shannon, and the unceasing disposition to combine with foreign nations for the purpose of crippling our interests in the ports of Mexico—constitute good and sufficient causes for the United States to declare war against her, independent of, and apart from, the attack which she has made upon our army in May last upon the Rio Grande.

Resolved, That when war was commenced by the act of Mexico, the attack of her army upon ours should not only have been repulsed, but the glorious victories of the 8th and 9th May last, achieved by our gallant officers and soldiers, should have been followed up until that government was sufficiently rebuked for its treachery.

Resolved, That it is the duty of every true-hearted American to stand by the government in the conflict, and not give encouragement to the enemy by declaring that they are right and we are wrong.

Resolved, That while the country is engaged in war, and our troops are in the battle field, no party should seek or design to make political capital by exposing to the enemy our weak points, or our party divisions at home, but all should unite as one man to bring the war to a speedy and glorious termination.

Resolved, That the brave volunteers in our army have fully vindicated the character for intrepid valor and bold daring assigned to them by the partiality of —; and they need not be kept out of battle by reason of any distrust of them, or their willingness to fight "to the death."

Resolved, That we deplore the policy which retained fourteen thousand of our gallant volunteers in the vicinity of the Rio Grande, where some fifteen hundred have fallen victims to the diseases of the country, and have been wrapped in their blankets and buried in a land of strangers.

Resolved, That our volunteers who have been kept out of battle have evinced the utmost firmness and patriotism by remaining at their posts for more than six months, while their comrades were dying among them, uncheered by the prospect of shortly winning laurels on the battle field.

Resolved, That the pay of volunteers should be speedily increased to \$10 per month, together with a liberal grant of bounty lands at the close of the war.

The Militia.—Mr. Moulton submitted the following resolution; which was laid over:

Resolved, That the Committee on the Militia, be instructed to enquire into the propriety of assembling a board of militia officers, to consist of the adjutant general from each State, at the seat of government, for the purpose of submitting a plan to the next Congress for the better organization, drill, and discipline of the militia of the United States; and that the said committee report by bill or otherwise.

Correspondence of the Charleston Courier. WASHINGTON, Jan. 2. The Senate did not sit to-day. The House met, and the call of the States for resolutions was continued.

Mr. Cobb's resolution abolishing the rule which enables members to give reasons for asking to be excused from voting on any question, was adopted. The rule had been perverted to purposes different from what it was intended for.

Very many private and local resolutions were offered, and some of a public character. Those of importance were objected to and laid over for debate. Resolutions in favor of the prosecution of the war offered by members, as abstract propositions, and with a view to show their patriotism, were laid aside for debate.

A proposition to assign a day for taking up the bill for the reduction and graduation of the price of the public lands, and making it the special order for every day, until disposed of, was also laid over.—There were many resolutions and notices of bills relating to the improvement of Rivers and Harbors.

Mr. Wentworth, of Illinois, who has formerly taken much interest in the subject of rivers and harbors, for the West, and was especially displeased by the veto of the harbor bill of the last session, brought forward a resolution, in the following words:

Resolved, That it is inexpedient to impose any duty on Tea and Coffee.

Great sensation was created in the House, by this proposition, attempts were made, but in vain, to suppress it. A motion to lay on the table was lost, yeas 49, nays 106. The resolution, under the previous question, was adopted, yeas 115, nays 48. Though the House was thus, yet a majority of the members voted in the affirmative.

Thus, and so soon, is settled one great point in our financial questions. The loan cannot be procured on any reasonable terms, if this duty be not imposed.

Mr. Sims, of Missouri, immediately offered a resolution intended to commit those who had voted against this war duty. He moved a resolution declaring that the people were too patriotic to refuse to be taxed in time of war. Almost every one submitted to this general proposition, and it was carried.

It is generally believed that a message will come, on Monday, proposing the creation of the office of Lieutenant General.

January 4. The Message from the President, so much talked of, in relation to a reorganization of the army, came in to-day. In order that the war with Mexico may be vigorously prosecuted, the President recommends that the army be increased, and the defects in its organization be remedied. The volunteers lately called for have not, he says, been all furnished, and

in those cases where the call was promptly responded to, there has been such delay in the organization of the troops, under the State authorities, that it is uncertain when they will be ready for service in the field. Ten regiments of regulars are there recommended; and, also, an increase of the number of officers of the army, particularly in the higher grades. Two thirds of the regimental officers are unfit for active service in the field, or are detached on other necessary duties. The efficiency of the organization of the army requires that a General Officer be appointed to take command of all officers in the field, till the end of the war. The President therefore recommends the early appointment of such General Officer, and calls for prompt action on all the measures for the prosecution of the war.

There have been no new propositions, either from the Secretary of the Treasury, or from the Committee of the House, for an increase of the revenue, since the refusal of the House to impose a duty on tea and coffee. As one-third of the session is gone, it is time that some measures should be taken to secure the loan. It is admitted that it cannot be obtained at par, unless taxes be laid so as to ensure the payment of the interest. What taxes shall be imposed? that is to be one of the great questions of the Session.

Individual members have proposed their projects, and one of them, that Mr. Tibbatts, of Ky., is now before the Committee of Ways and Means, viz: increasing the tariff of duties on all dutiable articles under the present tariff act, as high as the revenue standard will permit; imposing duties on spirits distilled or manufactured in the United States; also, on licenses to retailers of liquors; also, on pleasure carriages and gold and silver ware as a war measure, instead of levying duties on tea and coffee.

This proposition seems to embrace those sources of revenue which are most easily available. It is supposed that an addition of five or ten percent to the rate of duties under the existing Tariff, would yield an additional revenue of five millions. A direct tax would bring in revenue ultimately, but not soon enough for the emergency.

Mr. Bailey, of Va., and Mr. Davis, of Ky., made unusual retractions and explanations to day, in relation to all matters personal between them, and their difficulty is at an end.

The military bill for raising ten thousand regulars, and appointing certain regimental officers of the army, was taken up as the special order of the day, and was opposed by Mr. McCanahay, of Indiana, and advocated by Mr. Owen, of Indiana, and Mr. Hamlin, of Maine.

The Senate was some time in Executive Session. There is to be a hard struggle in Congress, on the question of appointing a Lieutenant General. In the Executive session to day, the Senate confirmed all the nominations for Commissioners and Quarter Masters of the South Carolina and Pennsylvania Regiments of Volunteers.

MARRIED.

On the 24th December last, by the Revd. Mr. TRAPP, Mr. JAMES KERRY, to Miss SARAH ZELESE HARRIS, all of this District.

OBITUARY.

Died at his father's residence in this District on the morning of the 4th of this inst., WHITFIELD S. MONLEY, in the 32d year of his age. It has certainly never fallen to our lot, to record the death of one more to be lamented, than the subject of the present notice.

Although in the prime of life, with flattering prospects of future prosperity, and enjoyment, and although the ties of love and friendship which bound him to his relatives, and friends, were unusually strong, and endearing, he freely gave up all, and was perfectly resigned to leave them, together with the difficulties, trials, and temptations incident to this life, and cheerfully yielded up his happy spirit to the God who gave it. His sufferings were long, and at times very painful, yet were borne with all that fortitude, and humble resignation, which so eminently characterize the true follower of Christ. The welfare and happiness of his fellow creatures, he was ever desirous to promote, and in all his intercourse with society, mildness and pleasantness of manner, marked his way, and it was the chief aim of his life, to merit the good will, and esteem of all with whom he had to do on earth. In fact, it might be said of him, if applicable to any individual, "that his ways were ways of pleasantness, and all his paths were paths of peace." Religion, and subjects pertaining thereto, was the topic of conversation that interested him most, during his illness; indeed the task to him was truly pleasing, so to reflect and converse on religious subjects, and his hope of a blessed immortality beyond the grave.

He was an affectionate and obedient son, a warm and confiding brother, a firm and unyielding friend, and was universally beloved by all with whom he was acquainted, and it is certainly most consoling to the parents, relatives and friends of the deceased, to reflect, that "his righteous bath hopes in his death" their loss must be his eternal gain.

From the Abbeville Banner.

It becomes our melancholy duty to record the death of one of our most worthy and respectable citizens, Mr. VINCENT GRIFFIX, who died at his residence, in this district on 19th inst., in the 68th year of his age.

For men have secured to themselves so unenviable a reputation as the subject of this notice. "A good name is more to be desired than great riches." He has bequeathed to posterity a character that is above reproach.

Mr. G. was a native of Edgfield District, though the greater part of his life a resident of Abbeville. He was a man of strong and sincere attachment, which he prudentially bestowed upon his family, his friends, his country and the Church of Christ. In the year 1810 he was immersed upon a profession of his faith in Christ by the Rev. Amos Dubson, and received as a member of the Baptist Church at Sister Springs, Edgfield District. Upon removing into the neighborhood of Mount Meridian he transferred his membership to that church; and through the frequent strong solicitations of his brethren, consented to be ordained a deacon; in which office he served with great fidelity and acceptance until his death. "Having purchased to himself a good degree and great boldness in the faith which is in Christ Jesus." His death is lamented by all who knew him, and most by those who knew him best.

His last illness was protracted, during which he entertained but little hope of his recovery; exercising resignation to the divine will, the expression "Not my will O God, but thine be done," frequently escaping his lips as the sentiment of his heart. He has left a wife and five small children (all sons), and three elder daughters, who have removed into another State, to mourn their loss, also a large circle of friends and relatives. But their sorrow is moderated by a hope which the gospel imparts.

"For they sorrow not even as those who have no hope, for if we believe that Jesus died and rose again, even so they also which sleep in Jesus will God bring with him." J. M. C.

The friends of Maj. ABRAHAM JONES, announce him as a candidate for the Legislature, to fill the vacancy occasioned by the death of James S. Pope, Esq.

Worms in Children!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves but by their irritation aggravate all other diseases, wandering from one part of the body to the other, winding themselves up into large balls, and obstructing the bowels and frequently the throat, causing convulsions, and too often death. The desired remedy will be found in Dr. Jayne's Tonic Vermifuge—which will very soon destroy the worms, and invigorate the powers of digestion, so as to prevent a return of them.

Consumption, Cough, Spitting Blood, &c.—To Consumptives: Four-fifths of you are really suffering from neglected colds, or an obstruction and consequent inflammation of the delicate lining of those tubes thro' which the air we breathe is distributed to every part of the lungs. This obstruction produces pain and soreness, hoarseness, cough, difficulty of breathing, hectic fever, and a spitting of blood, matter, or phlegm, which finally exhausts the strength of the patient, and death ensues.—Jayne's Expectant never fails to remove this obstruction, and produces the most pleasing and happy results. It is certain in its effects, and cannot fail to relieve.
