

We gave some account in our last paper, of the effort made here on Tuesday of the past week, to fill up the ranks of the Volunteer Company, which has adopted the name of the "Butler Guards," under the command of Capt. Towles, and which with the Newberry Company, is to be attached to the Palmetto Regiment, now on the march to the seat of war.

On Friday last we had an interesting day. Our citizens, with that ardent and patriotic feeling, which ever signalizes them on such occasions, prepared a public barbecue, for the entertainment of Capt. Towles' Company, and the Volunteers from Newberry, under Capt. Williams, who were expected to reach this place on that day, the public at large were invited. The gallant Company from Newberry reached, and encamped at Judge Butler's spring on the night previous. On Friday morning about 9 o'clock, our citizens on horseback assembled on the public square, were organized by Major Bacon, Col. Christie, and Captain Boulware, Marshalls of the Day, and attended by Capt. Towles' Company, who have been quartered in our town some days, marched out on the Newberry road, to meet and escort Capt. Williams' Company to the quarters which had been prepared for them. About a mile from town, the escort met and conducted the Newberry Company to the Hotel of Mr. Ryan, where they were received by Col. S. B. Griffin, the aid-de-camp of Governor Johnson, and invited to occupy their quarters. A number of persons having arrived from the country, they with the Volunteers of both Companies were addressed, on the public square, by Major Bacon, on horseback, in a short, but spirited and stirring speech. Soon afterwards, a Public Meeting was held in the Court House, over which F. H. Wardlaw, Esq., presided; the meeting was addressed in a most eloquent and able manner, by several gentlemen: the Chairman, and Messrs. N. L. Griffin, J. P. Carroll, W. Brooks, S. B. Mays, T. G. Bacon, and Capt. Towles, participated. There were a number of names added to the roll of Capt. Towles' Company. On Saturday morning at 9 o'clock, Capt. Williams' Company took up their march for Hamburg, they were escorted for a short distance from town, by Col. Towles' Company, and many citizens on horseback, and a short parting address was made to them by N. L. Griffin, Esq. The Newberry Company then marched to Hamburg, and Capt. Towles' Company remained to fill up his ranks. We are gratified to hear, that there is every prospect of this being done in a day or two. We are requested to state, that some of the ladies have commenced to prepare a flag for the Butler Guards, and that one of them, will present that flag to Capt. Towles' Company, at the Court House steps, on Thursday next. When this Company is completed, it will be the second which Old Edgefield has furnished in less than two months, to vindicate the rights and honor of the country.

The following (says the Abbeville Banner), is the result of the election, held on the 11th and 12th inst. for Clerk and Sheriff of that District:

For Clerk.—Speirin	805
Wilson	651
Caun	308
For Sheriff.—Hawthorn	856
Cobb	583
Tarrant	292
Hughley	22

* Elected.

The Hamburg Journal of the 14th inst., states, that "Lieut. A. Crossly, a resident of Fairfield District, and belonging to the Fairfield company of Volunteers, attached to the Palmetto Regiment, died at Roach's Hotel, in this city, on yesterday morning, and was buried with military honors by the Artillery Guards of our neighbor city, Augusta, they having turned out expressly for the occasion."

Appointments, by and with the advice and consent of the Senate.—Samuel M. Gowans of South Carolina, to be Assistant Quartermaster, with the rank of Captain.
James Davis, of South Carolina, to be Surgeon.
Elbert Bland, of South Carolina, to be Assistant Surgeon.

The Montgomery Daily Journal, of the 13th inst., states, that "the right wing of the Palmetto Regiment went off, last evening, in the crack steamer Montgomery, Capt. Johnson, for Mobile."

Promotions from the ranks.—A letter from Washington to the Baltimore Argus, states that the President "has appointed two soldiers Lieutenants in the army, for their gallant conduct on the three fields, over which our flag has waved in triumph during the past year; and I believe it to be his intention to reward gallantry in whatever department of the army it may be found."

The Massachusetts Regiment of Volunteers is said to be full, and in a few days will be on their line of march to the seat of war.

The remains (says the N. O. Picayune,) of the following officers and privates have arrived at New Orleans, from the seat of war, in charge of committees appointed for the purpose of bringing them home to their relatives and friends:
Col. Watson, of the Baltimore and Washington Battalion.
Capt. Isaac Holmes, Georgia Regiment.
Capt. Ridgely, Flying Artillery.
Capt. Gillespie, Texas Regiment.
Lieut. Graham, Infantry.
Mr. Thomas, Texas Rangers.
Mr. Pearson, Texas Rangers.

Army Enlistments.—The U. S. Adjutant General publishes the new law requiring all enlistments in the regular army to be made for "during the war," or for five years, at the option of the recruit. A bounty of \$12 is allowed; the pay of privates is \$7 per month, with rations and clothing. The sum of \$2 is paid to any one who will bring a recruit to any recruiting station.

The Charleston Courier of the 13th inst., states, that "Mr. McKay, from the Committee of Ways and Means, reported to the House of Representatives on Saturday, the following bills, which were read twice, and referred to the Committee of the Whole, on the state of the Union. For the support of the Army—for the supply of Indian appropriations and Indian annuities—for the support of the Navy for the year ending June 30, 1846.

The sums appropriated by these bills are as follows:

Army proper	\$6,813,373 25
Volunteers	22,725,331 00
Navy	8,930,204 49
Indians	1,169,324 00
	\$29,638,233 74

Fire.—The Anderson Gazette, of Friday last, says— "We learn that a stable belonging to Mr. Olley Mattison, 19 miles S. E. of this place, together with five or six head of horses, was destroyed by fire a few nights ago—there is every reason to believe it was the work of an incendiary.

Lieutenant General.—It was currently reported in Washington (says the Charleston Evening News,) that Gen. Houston will be appointed Lieut. General if the office be created, and that members are favorably disposed to such a movement.

Increase of the Army.—The Washington Fountain of the 13th inst. has the following paragraph—

"We learn from the highest authority that the President, in executing the law for the increase of the regular Army, (if the bill as it passed the House yesterday shall pass the Senate) intends to accept volunteer companies and regiments, and to grant commissions to the officers of their own choosing, instead of resorting to the slow process of enlisting recruits and appointing officers of his own selection."

Mail Robber.—Wm. H. Wisner, a clerk in the Post Office at Post Jarvis, who had pleaded guilty to two indictments for robbing the mail, (says the Charleston Evening News,) was on the 11th inst. sentenced by Judge Betts, in the U. S. District Court of New York, to twenty years imprisonment in the State Penitentiary, being the shortest time allowed by law.

Salaries of English Dignitaries.—The Lord Chancellor receives as his salary, fourteen thousand pounds a year, and the Chief Justice of the Court of Queen's Bench, ten thousand pounds. The London Police Magistrates receive one thousand pounds a year, each one.

Ages of distinguished men in England.—Longevity marks the course of greatness in England. The Duke of Wellington is seven years and seven months old; Lord Lyndhurst, 73; Daniel O'Connell, 72; Joseph Home, 70; Lord Brougham, 67; Sir Robert Peel, 53.

Fire.—A fire was discovered in the Jail on last Friday, and the alarm given to our citizens. For some time it was thought impossible to save the building, but through the exertions of some individual, who at considerable expense, not without danger, ascended to the roof, the fire was subdued. The Engines were on the spot, and were efficiently used in extinguishing the fire.

The Jail was fired by one of its involuntary inmates.—Camden Journal 13th inst.

Fire and Loss of Life.—Our citizens were aroused from their beds at about half past 3 this morning, by the alarm of fire. On repairing to the spot, we found that the fire had broken out on the premises of Mr. C. Panknin, a well known Chemist and Druggist, of this city, residing on the North side of Market-street, between Meeting and King-street. The house, which is of brick, was entirely consumed, except the walls, and with it the whole of the furniture and nearly all the valuable stock of Mr. Panknin. How the fire originated is not known but it spread with such rapidity, that Mr. Panknin was barely able to make his escape through the door of his store in a portion only of his clothes, when the extension of the flames to the stair-way prevented the passage of any other persons, and his wife and family were compelled to make their escape from a front window of the second story by means of a ladder, placed there by the spectators for that purpose. A negro girl, about 13 years old, who slept in the house, is missing this morning, and there is every reason to believe that the unfortunate creature perished in the flames, as she was seen at the window at the time that the family made their escape, but retreated from it, and in her confusion of mind and terror, must have fallen down the stairs, or fainted, as she could not afterwards be found.

We have learned the following particulars of this disastrous affair. Mr. Panknin was awakened by the rattle of the watchman, and hastily threw on a few of his garments, rushed down the stairs, which are on the outside of the house, there being no inside communication between the store and upper apartments. On coming down he found the stairs on fire, so much so, that he was badly burnt in making his descent. A shed was attached to the store, in which was placed a large quantity of empty bottles packed in straw; the combustibles in this shed were on fire, but the fire of the stairway was not at all connected with it, distant some 6 or 8 feet from it, which leads to the suspicion that the whole was the work of an incendiary, the shed and staircase being set fire to simultaneously. Mr. Panknin was unable to return up stairs; but Mrs. P. having waked up the family, consisting of herself, four children, two clerks, a female attendant, and the girl who was burnt, they proceeded to the front window, where Mrs. Panknin having first let down her children, descended herself, and was followed by the clerks and attendant. The girl, who had one of the children in her arms, headed it to her mistress, and returned back to her supposed to get something she had left, but was never again seen.

The house and premises were insured to the Charleston Trust Company for \$6,500, and the stock, which could not be worth less than \$15,000, is insured for only \$6,000.—Evening News, 13th inst.

From the Char. Evening News.

From Europe.—The Br. barque Perthshire, Capt. Johnson, arrived at this port last evening, has brought the Glasgow Advertiser of the 5th inst. We subjoin the following from that Journal:

Glasgow, Dec. 4.—Cotton.—Our Cotton market in the early part of this week was exceedingly dull, and prices had rather a downward tendency; on Wednesday afternoon, however, we were put in possession of the Britannia's letters, bringing decreased instead of increased estimates of the growing crop (1,900,000 bales being now the average estimate,) which has caused a very extensive business to be transacted, both on speculation and for spinners' account, at an advance of an $\frac{1}{4}$ d to $\frac{1}{2}$ d per lb., on Surat and American descriptions.

Masonic.—We understand that the Grand Master of Freemasons of South Carolina, has just granted a dispensation to some of the officers of the Palmetto Regiment of Volunteers, to hold a travelling lodge in that regiment, during its time of service in Mexico, the great number of Freemasons in the regiment making such a measure highly convenient to these patriotic brethren of the "mystic eye."

Lodges of this kind are, we are informed by no means unusual in the Masonic family. Many regiments in the British and other European armies are supplied with them and such was also the case during the revolutionary war among the American troops. It has also been stated to us upon the good authority and it may interest our Masonic readers to know, that one of the lodges working in this city derives its existence from a travelling warrant granted to a regiment in the army of the Duke of Marlborough in Flanders, a century and a half ago. Some of the officers holding the warrant come over to this country and permanently located the lodge in this city, where it has ever since remained.—Evening News.

Indians in Mexico.—The Apaches, Comanches, and other savages continue their incursions in the States of Durango and Chihuahua, laying waste the ranchos and haciendas, killing the men, and carrying off the women and children prisoners. The Mexican editors insist that the savages are led by American officers. If there are any Americans among them they must be renegades—fellows who have long lived among the Indians, and imbibed all their natural ferocity.

From Santa Fe.—Letters have been received at St. Louis, (Mo.) from Santa Fe, of as late date as the 15th Nov.—They make no mention of the defeat of the sixty dragoons, which was reported in the last advices.

A wealthy Mexican citizen, seeing the embarrassments of the Government's agent for the want of money, had gratuitously proffered to loan Major Walker, paymaster, one hundred thousand dollars, at an interest of only three per cent a month.

Death of a Man of 142 Years.—Late papers from the Island of Jamaica, announce the death, at Spanish Town, of a black man named John Crawford Kicketts, at the extraordinary age of one hundred and forty two years; and what may be considered as, very unusual, he was in good health till within about two weeks of his death.

Died in Batavia, New York, the oldest citizen, James Cochran, aged 83 years, bell founder, a very ingenious mechanic, who invented cut nails, and claimed to have made the first cents coined in the U. S. He was born in Philadelphia, and Franklin often visited the shop where he worked in brass and fine metals.

The friends of Maj. ABRAHAM JONES, announce him as a candidate for the Legislature, to fill the vacancy occasioned by the death of James S. Pope, Esq.

Jayne's Expectorant, THIS Medicine has already proved itself to be all that it has been recommended, by those who have given it a fair test in this country, and the demand for it increases daily. We have just heard of an important case of Asthma, which has been effected by the use of it in a neighbouring town—the case was that of a female, who had for a long time been under the care of a physician, but had received no relief, and her case was considered hopeless. As a last resort she purchased a bottle of Dr. Jayne's Expectorant, which caused her to expectorate freely; gradually eased her cough, and rapidly restored her to health. We have no hesitation in saying, that this preparation of Dr. Jayne, for the cure of Coughs, Colic, Influenza, Asthma, Consumption, &c., is the most valuable medicine ever offered to the American public. There is no quackery about it—Dr. Jayne is one of the most skillful practising physicians in Pennsylvania, and wherever his various preparations have been thoroughly tested, he is looked upon as a great public benefactor.

PROSPECTUS OF THE Southern Baptist Review, PENFIELD, GA.

It is proposed to publish in this place a Quarterly Review, adapted to the wants of Baptists in the Southern States. Of the importance of such an enterprise, we presume there can be no doubt. Hitherto, we have been content to trust to the north for a large portion of our religious literature.—With the exception of weekly newspapers, scarcely any publications have been issued by Southern Baptists, with a view of keeping pace with the intellectual advancement of the age. The direction of opinion upon subjects of great importance, and of peculiar interest to us, has been committed to other, and often hostile hands; and publications have been circulated among our churches containing sentiments adverse to our institutions, and prejudicial to our Christian character. It is time that we should think and write for ourselves.

The Review will contain articles on important subjects; reviews and notices of literary and religious works, as well as other interesting and valuable matter. It will be published quarterly at the price of one dollar per volume, in advance.

To those who make the Index, the Periodical Library, or the denominational paper published in the State in which they reside, it will be put at \$2.50 the year.
Four will make an octavo volume of 600 pages.
The Review will be published by Rev. Joseph S. Baker, and edited by Rev. J. L. Reynolds, Professor of Biblical Literature, Mercer University.
The first number will appear in April, should the enterprise meet with the encouragement which is confidently expected.

READ! READ! READ!!—HONEY LINDEN, prepared by JOSEPH T. ROWLAND, I can certify to its good effects. A troublesome rheumatic affection in my right shoulder of three years' standing, was by a few applications thoroughly cured. Fifteen months have elapsed since its use, without a recurrence of the complaint. Several relatives and friends to whom I recommended it, have also received great benefits from its use. A general knowledge of its virtues, would be the source of alleviation of much pain, and inconvenience. With this object in view, I have without solicitation authorized Mr. Rowland to make use of this testimonial as he may think proper.

DR. SPENCER'S VEGETABLE PILLS. AND SPENCER'S PILLS & RESTORATIVE BITTERS. The following Certificate is from Tobias Folsom, Esq., of Kershaw Dist. S. C. I have used in my family, Spencer's Pills, for two years past, and during that time my confidence in their superiority over every other similar preparation within my knowledge has been constantly increasing. I now esteem them to be the best cathartic Pills in use. From my earliest remembrance I have been afflicted with Sick Head-ache and Constipation, and for a number of years past have been trying various advertised remedies, among others; Backwith's, Lee's and Peter's Pills; but failed to obtain any permanent relief, until Jan. 5, at which time Dr. Spencer's Agent left me some of his Pills; recommending me to try them for my complaint. I did so; and by their superior action upon the morbid matter and their mild yet effectual purgative properties they so cleansed my stomach and bowels that they removed both the head-ache and its cause and gave me certain and speedy relief. My mother-in-law has also used them with success in the same complaint which she has had, so severe as to throw her into spasms and convulsions, being obliged in these cases to resort to cupping and other severe applications. I have also made frequent and constant use of these Pills in my family, in cases of Bowel Complaint, brought on by the too free indulgence in use of Berries and Fruit, and in all cases with success. In short, I have never known of their failure in any disease which they are recommended to cure, for which I have known of their being tried; if their use was persevered in, and directions strictly followed.

Worms in Children!! Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to the other, winding themselves up into large balls, and obstructing the bowels and frequently the throat, causing convulsions, and too often death. The desired remedy will be found in Dr. Jayne's Tonic Vermifuge—which will very soon destroy the worms, and invigorate the powers of digestion, so as to prevent a return of them.

Consumption, Cough, Spitting Blood, &c.—To Consumptives: Four-fifths of you are really suffering from neglected colds, or an obstruction and consequent inflammation of the delicate lining of those tubes thro' which the air we breathe is distributed to every part of the lungs. This obstruction produces pain and soreness, hoarseness, cough, difficulty of breathing, hectic fever, and a spitting of blood, matter, or phlegm, which finally exhausts the strength of the patient, and death ensues. Jayne's Expectorant never fails to remove this obstruction, and produces the most pleasing and happy result. It is certain in its effects, and cannot fail to relieve.

Notice. THE Subscribers anxious to bring their unsettled business to a final close, come more and for the last time earnestly press upon all persons indebted to them, the necessity of forthwith closing all demands due them.

They now most respectfully request and sincerely hope, that all who owe them will make their arrangements to settle such debts during the Fall and Winter. At the same time, candour requires that we should say, all such claims as remain unsettled at return day for March Court next, must be settled with other persons than ourselves.
