This disease is so common, and so very well in known, that a description of its symptoms is

The success that has followed the use of the Embrocation in the cure of this disease, has been truly astonishing. Physicians now advise their patients to try it, as the only

OR the cure of DEAFNESS, Pains, an the discharges of matter from the Ears.

Also, all those disagreeable noises, like the buzzing of insects, falling of water, whizzing of steam, &c., &c., which are symptoms of ap-proaching Deafness, and also generally attendant with the disease. Many persons who have been deaf for ten, fifteen and twenty years, and were obliged to use ear trumpets, have, after using one or two bottles of this medicine, thrown aside their trumpets, being made perfectly well.

The application of the Oil produces no pain, but on the contrary an agreable and pleasant sensation The recipe for this Medicine has been obtained from an Aurist of great reputa-tion, who has found, from long observation, that deafness, in nineteen cases out of twenty, was produced either from a want of action in the nerves of hearing, or a dryness in the ears; his object, therefore, was to find something his object, therefore, was to find something that would create a healthy condition in those parts. After a long series of experiments, his efforts were at last crowned with spicess in the discovery of this preparation, which has received the name of "SCARPA'S COMPOUND ACOUSTIC OIL." It has been used in this country about six years, and so wonderful has been its effects in curing and relieving the dear, that from pure motives of rule mainty, it is now offered to the public, that all may have an opportunity of preams its effects. may have an opportunity of preving its effica-cy. A long list of certificates might be given but such is the confidence in the medicine, and so high its reputation, that but few of them will

be published. It is only necessary to add, that this medicine has been recommended and used by many of the best physicians and surgeons in Europe

## DR.SPENCER'S VEGETABLE PILLS

Kershaw District S. C., June 5th, 1846. In January, 1844, from wet and exposure, I took a severe cold, which resulted in a high fever, accompanied with a severe cough, and painful headache. These continued to increase in severity for about two weeks, so much so that my friends considered me, and I, myself believed I was in a very critical and dangerous state. At the end of this time I sent and procured two Boxes of "Spencer's Pills," and the first day of their use. I began to experience relief, and before I had taken one box, my fever was gone; Cough had ceased, and Headache entirely cured. I was soon sound and well. I then said and still believe, that by the blessing of God, they were the means of saving my life. In looking over the directions afterwards, I saw they were recommended for the cure of Dyspepsia, with which my eldest daughter had been afflicted for a long time. I recommended her to male trial of them; and she did so; and by a continued use of the Pills alone was per-fectly and I think permanently cured. WM. MARSHALL.
