DR. JOEL BRANHAM'S
LIVER & DYSPECTIC MEDICINE,

IN offering this valuable Medicine to the people of S. Carolina for the relief and cure of many diseases incident to a Southern climate, I do not claim for it infallibility, neither do I say it will cure all diseases. But a

CHRONIC LIVER AFFECTIONS AND DYSPEPSIA

I can confidently advise and recommend its use, from my personal observation and use of the article in my own practice. This article is favorably received wherever it has been used. I am allowed to refer to Mr. George Heard of Troup, Mr. John Warren of Columbus, Mr. McAffee of Cobb, Mr. Asbury Hull of Athens, Mr. William D. Terrell of Putnam, Rev'd. John E. Dawson of Lagrange; to which a great number of names might be added, who bear their testimony to its value.

Habitual costiveness is found very frequently connected with feeble constitutions and persons of sedentary habits, which often exert a very unfavorable influence upon the general health of the subject; and is particularly manifested by a restless and desponding state of the mind, irregular if not a loss of appetite. For this condition of the system, this article is confidently recommended with the positive assurance that if the dose is properly adjusted, so as not to move the bowels too actively, relief may be relied on, without any, even the least of the unpleasant consequences, resulting from the use of the common purging medicines usually resorted to. This article will be found to act as a pleasant cordial and tonic, restoring the appetite, and at the same time fulfilling every indication that the common purging medicines are designed to effect.

There are some constitutions liable to regular attacks of Bilious fever almost every fall, to such, I recommend the use of this Medicine, beginning at least by the middle of May, or first of June.

Many persons whose Digestive organs are feeble, often experience a sense of fullness, weight, and oppression, about the stomach after eating—in such cases a dose of this medicine will often afford immediate relief.

Pregnant women often suffer from hear burn and costiveness, they may use the article without the least danger and with great benefit. In sick or nervous head-ache, it is a most valuable medicine.

I could append a long list of certificates, but forbear, preferring to rely on the virtues of the medicine to sustain itself. The medicine is a gentle and certain cathartic, tonic and sudorific.

INTERESTING TO MECHANICS.

The cheapest and best scientific paper in the United States is the new paper entitled the

Scientific Mechanic,

Inventor's Advocate, Patent Office Reporter, and Expositor of Arts and Trades.

PUBLISHED by *Rufus Porter*, (formerly editor and publisher of the "New York Mechanic" and the "Scientific American.") at the Sun Buildings, No. 138 Fulton street, New York.

Each number of this paper contains from three to five Engravings, most of them Original and well executed, illustrative of New Inventions, Scientific Principles, Elegant Designs, and Natural Curiosities—also general notices of the progress of Mechanical and other Scientific Improvements—American and Foreign Inventions—catalogues of American Patents—original Scientific Essays, illustrating the sciences of Mechanics, Chemistry, Electro-Magnetism and Magneto-Electricity;—Curious Philosophical Experiments, and valuable instruction in various Arts & Trades,—notices of the most interesting passing events, religious intelligence, poetry, &c. This paper is especially entitled to the patronage of mechanics and manufacturers; and farmers also will derive much advantage from its instruction in various mechanical trades. As a family newspaper it will convey more useful intelligence to children and young people than five times its cost in school instruction; and on the principle of economy, it may be argued, that every copy, if well preserved, will command more than the original cost at the end of the year. Published weekly for *one dollar* per annum per single copy; five copies to one address for four dollars.

Graefenberg Company's Office.

50 Broadway New York.—This is to certify that Mr. GEORGE BRAINERD of the State of Georgia, is duly appointed the General Agent of this Company in and for the State of South Carolina and Georgia, and is authorised to establish Local Depots therein, and to grant rights to vend the Company's Medicines. Every Agent must have a certificate with the seal of the Company thereunto, signed by its Secretary and countersigned by the aforesaid General Agent. No one is authorised to sell the Company's Medicines without such certificate.

EDWARD BARTON, Sec'ry.

Graefenberg Medicines.

The undersigned is fully prepared to establish a GRAEFENBERG DEPOT in all places of proper size in S. Carolina and Georgia. Immediate application should be made, personally or by letter to George Brainerd, agent, No. 10, Hayne street, Charleston. As there will probably be but one Depot in a town or village, the agency will be very valuable.

The celebrated Medicines of the GRAEFENBERG COMPANY are rapidly and completely superceeding all others. Where once introduced, no one thinks of using any others. Their character is best explained by the fact that THIRTY THOUSAND BOXES OF THEIR PILLS ALONE ARE SOLD EACH AND EVERY WEEK.

Certificates upon certificates from all parts of the country are constantly received, testifying to their wonderful powers. Their efficacy is almost immediately felt, so that a single box will show the invalid whether they are or are not doing him good. The sick should at once abandon all other medicines and give these Pills a fair trial.

The operations of the Company throughout the world are of unprecedented magnitude, the high and commanding character of which has received the unqualified approbation of distinguished Clergymen, Jurists, philanthropists, and the public generally. The Patent Medicine business is assuming an entirely new position through the Graefenberg Company. Almost every family in the land has occasion to use some kind of patent medicine, and an organization like that of this Company is of paramount public importance. By this means, reliable medicines may be had.

The leading article to which public attention is invited is

THE GRAEFENBURG VEGETABLE PILLS.
