FALL TRADE, FOR 1853!

THE UNDERSIGNED having given a further trial to the CASH SYSTEM during the past season, have become still more convinced that it is the only true system of doing a GROCERY BUSINESS on terms advantageous to both seller and buyer, being the cheapest, safest and surest for both. While the seller is benefited by getting the CASH PAID DOWN for his Goods, enabling him to turn his money over many times in the year, the buyer has the advantage of getting his Goods

at Ten or Fifteen per Cent cheaper Than they can be obtained from those who sell on credit; they being compelled to sell at this difference of per centage to cover bad debts and pay the additional expense of keeping and collecting long accounts. It only requires a little reflection, aided by a slight examination, to convince those who visit Hamburg for the purpose of purchasing SUPPLIES, that the Merchant who deals exclusively on the Cash System in purchasing his Stock, lays it in cheaper than those who lay their large Stocks on credit, with a view to selling them out in the same way, being enabled to turn his capital over only once a year, most of course get larger profits to sustain his business, than his neighbor who on the Cash system, buys moderate Stocks, SELLS QUICK and TURNS OVER his capital every thirty to sixty days. The intelligent trader will perceive that the CASH SYSTEM Merchant will have made more money at the end of the year, by making FIVE PER CENT PROFIT, than the credit system man will at TWENTY-FIVE, and that those who buy Goods had better borrow money at home, and allow even fifteen or twenty per cent interest, and pay CASH for his supplies, than to purchase on time even from the best CREDIT HOUSES.

The Undersigned having made ample arrangements to keep on hand a LARGER STOCK, and much better assortment of ALL KINDS OF GROCERIES Than they did the past season, only ask of their friends and others visiting this market, to give them a call, where they will find, in addition to FINE FAMILY GROCERIES, a large supply of nearly all the staple Goods usually used in the country, such as Saddlery, Hats, Shoes, Calicoes, Shirtings, Sheetings, Blankets, FLANNELS, &c. &c.

Being thankful for the liberal patronage of the past season, and looking forward to a largely increased trade in the coming Fall, we have laid in and are now receiving our Stock, and take pleasure in calling the attention of customers to our superior Teas, Sugars, Coffee, Cheese, Molasses, Flour, Bacon, WINES AND LIQUORS.

Those who prefer paying Cash for their Goods, and thereby save Fifteen Dollars in every Hundred, had better call at our Old Stand, on the Corner nearly opposite the Carolina Hotel, where articles sold will be put up in the best manner, and warranted to turn out what they are represented to be. R. F. & H. L. CUNNINGHAM, Hamburg, Oct, 10, f 39

Cherry Pectoral. For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. OF all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary affections, there is none so generally known, so well compared in its effects with this Preparation. Others cure sometimes, but at all times and in all seasons of the lungs and throat where medicine can give relief, this will do it, and it is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it, but those who have not, and who are afflicted with any of the above named affections, let them be assured that their value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumptions.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847, also by the Board of Judges in the State of Ohio in 1848; also the Diploma of the Ohio Institute at Cincinnati, which Government in consideration of its extraordinary efficacy and usefulness in curing affections of the Lungs and Throat. Read the following opinion founded on the long experience of the eminent Physician of the Post and City of Dr. J. C. Ayer—ST. JOHNS, May 8, 1851.

Five years trial of your CHERRY PECTORAL in my office, and in the families of my acquaintances, has convinced me that it is a most valuable medicine, and that it cures the Coughs and Colds to which we, in this section, are peculiarly liable. I think it equal has not yet been discovered, nor do I know how a better remedy can be made for the disempowers of the Throat and Lungs.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more which I cannot detail. See how it has cured my son, and my daughter, and my wife, and my own self. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My daughter, however, was so weak that she could not travel, and she remained at home, and finally starved for home, but recovered no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was so weak that I could not get up stairs, and I was a victim of consumption. I must confess that I saw no sufficient reason to doubt that my friends all believed. At this time I commenced taking your Cherry Pectoral, and it has cured me of my consumption, and I have recovered my strength, and I am now able to perform every duty of my office.
