STARTLING, BUT TRUE. WARNING TO EVERY SENSIBLE WOMAN Why Females Suffer in Health. No woman of delicacy is willing to disclose the peculia No woman of deficacy is writing to disclose the pecular aliments incident to her sex, even to a most intimate family physician.
This modesty and delicacy is implanted by nature, and

This modesty and delicacy is implanted by nature, and neither should nor need be subjected to the rude shocks invitable in making known to the other sex those ailments belonging exclusively to the female.

Except in extreue cases, her sensitiveness will sacrifice her health rather than her delicacy.

The consequences are serious, lamentable, and life-long. Thus what at first could have been easily remedied, or perhaps better still, not incurred, becomes a complication of disease, not only ruining the health of the mother, and embittering her days by sickness and suffering, but entailing broken constitutions upon her children, and embarassing, if not distressing, the business and pecuniary prospects of the husband. Let every sensible woman

husband. Let every sensible woman

TAKE WINNING IN TIME,

(as thousands have done) by the bitter experience and sufferings of others, of the dreadful consequences she entails upon herself and those endeared to her, by her ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery.

How many are suffering from obstruction or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice! How many suffer from produpsus uter (falling of the womb.) or from fluor albus (weakness, debility, &c.)! How many are in constant agony for many months preceding confinement! How many have difficult, if not dangerous deliveries, and slow and uncertain recoveries!

To the question, how are these to be prevented? what shall be done? the answer is simple.

Let every woman ascertain for herself, without violence to her delicacy, the nature and character of the aliment (to which she as a female is subject) the causes from which it may arise, and the proper remedies for its cure and future prevention.

This she can do by possessing a little volume (already possessed by thousands) which tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

This little volume is entitled TAKE WARNING IN TIME,

THE MARRIED WOMAN'S

PRIVATE MEDICAL COMPANION, BY DR. A. M. MAURICEAU, PROFESSOR OF DISEASES OF WOMEN. One Hundredth Edition, (500,000) 18 mo., p. 250. [ON FINE PAPER, EXTRA BINDING, \$1,00.] A standard work of established reputation, found classed in the Catalogues of the great Trade Sales in New-York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time Five Hundred Thousand Copies

have been sold, of which there were upwards of

BOOK FOR EVERY FEMALE, the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands, both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her fature health, will find such introduction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm, as all the peculiarities incident to her situation are described.
