SAVANNAH, GA., June 15, 1857. Gentlemen: I have just seen, copied from your paper into the Barnwell Sentinel, a letter from a gentleman in Kansas, who after speaking of Col. Orr's visit, and matters, asks what disposition will be made of the funds raised by Baker and Treadwell.

The most satisfactory answer which I can give to this inquiry, will be found in the enclosed communication, under which I act and which I beg, therefore, you will do me the favor to publish. The opening portion also, will successfully refute the assertion which occasionally reaches us from some Northern quarters, that Atchison and Stringfellow have given up the struggle for slavery, and now contend only for Democracy.

Neither Col. Treadwell, nor myself have had personally, anything to do with the disposition exception of a portion of the amount subscrib-ed in Columbia, retained to defray travelling ex-penses, and to be hereafter accounted for, I have thought it wisest for many reasons, not to receive the funds at all, nor allow, them to nor of the funds which have been raised. With the receive the funds at all, nor allow them to pass through my hands; but have imposed upon the chairmen of the various meetings, the duty of making the collections and remitting them directly to Gen. Atchison, the President of the Executive Committee, in checks payable to the Treasurer of the same, Mr. Russell. I preferred that the money should pass directly into the hands of those men of exalted character and well tried fidelity, to the South especially, entrusted by our party in the Territory with the responsible duty of executing their plans, and providing for the general good of the cause, and whose name is a sufficient guarantee to the whole country, of the faithful application to proper purposes of whatever money the generous South might place in their hands.

I am gratified at your proposal to do some-thing in aid of Col. Clarkson especially. It is an act of justice in which I desire to participate, and I beg you will accept for that purpose the enclosed small amount. I have heard of his generous and unselfish devotion to our cause, and of his kindness to our boys. We ought not to let him suffer for it. As is well said in my commission-"We ought not only to feel but to act as if feeling a moral obligation to see that such real friends suffer no ruin from their zeal and generous confidence." There are many of our noble friends in the far North West who have suffered similarly in their gallant efforts to defend the South and sustain her suffering emigrants. I trust the country will not forget them, will not consent to leave them only "mementoes of ingratitude." I do hope and I do believe, that the wealthy and powerful South will so lib erally respond to their appeal as to enable the Executive Committee not only to provide for the more pressing exigencies that first demand attention, but to do something also towards averting that ruin, and repairing in some measure those disasters which many of our boldest and most gallant partizans there have sustained in their glorious and hitherto successful struggle to defend our common rights.

Very truly, your ob't. serv't.. ALPHEUS BAKER, JR. Editors Carolina Times, Columbia, S. C.

LEAVENWORTH CITY, K. T.,

February 17, 1857. To the people of the South and to the Conserva

tives of both Sections of the Union. Believing that the very existence of the Southern people, and that the progress, glory, and power of our common Union depend on maintaining the present relations of the white and black races among us; and being further fully pursuaded that these relations cannot be secure or permanent in Missouri, nor indeed, in any other State, unless they are established in Kansas; which from its geographical position, the face of the country, its soil, climate and pro-ductions, is a natural boundary and indispensable appendage, and outpost of our institutions, we have hitherto unceasingly, labored to that end. We grieve to say that in the toil and sac rifices we have undergone for the common good of our section, nay for the common good of our

whole nation, we have hitherto not been encouraged and sustained to an extent commensurate with our expectations. It is, however not yet too late for the friends of our cause to retrieve the delays of the past. It is known to the country that last year our party constituted the under-signed an executive Committee to raise funds and provide for the general good of the cause. The events of the past summer involved serious expenditures, both of time and money, which, in our reliance on their generous enthusiasm, N. C. on Wednesday, the 24th ult., by the Rev. J. E. Ryerson, Maj. JOHN P. BUSH and Miss CATHA-BINE E. ROWERS we had expected would be met by contributions from our Southern brethren; at least we had confidently hoped that a fair proportion of the means, for the money expenses, would be sup- E. Ryerson, Mr. GASPER RANSEY and Miss SABINA plied from that source. Care for the ultimate success of the cause demands that we frankly advise our friends, that these hopes have not been realized. Under the circumstances above alluded to. your committee (over and above the amount realized and expended by them) contracted an indebtedness (to be paid out of expected contri-butions) amounting in the aggregate to near forty thousand dollars. This sum is still due, and owing to sundry generous, and zealous BITE OF A RATTLESNAKE CURED IN FIVE MINUTES. members of our party-most of whom are poor, and are now seriously embarrassed by credits and advances they afforded, only from motives of devotion to the common cause-to our cause -to your cause. Whether the future may bring its like exigencies or not, it is certain that every one who truly sympathizes in our aims, ought not only to feel, but ought to act as if feeling a moral obligation to see that such real friends suffer no ruin from their zeal and generous confidence; and should the future (as probably it may) bring similar exigencies and wants, then surely a wise policy demands that there be left no such souvenirs and mementoes of Southern apathy-or ingratitude. The Territorial legislature, now, in session, it is understood, will pass an act to hold a Convention in September tern distribution, and such countries as poisonous next, for the purpose of framing a State Constitution, and applying for admission into the Union: the election for delegates to which the cle, the want of which has long been experienced. bill proposes to happen in June next. · Could all our partizans who have been driven from their homes be brought back, we have no fears of the result of that election. Since, however, then, crops have been destroyed, and many of their houses burnt, and most of them are without means, it is not probable they will return in time, unless under a reasonable expectation that a present subsistence will be supplied them on credit, or some other guaranty be provided against their families coming to suffer. This being doue, we shall not lack for num-bers; but this failing, all is lost. And should the bill not pass, or the application for admission be rejected for the present ; sooner or later, the time must come when we shall need their homesteads in the territory to be occupied by our partizans rather than those of the adverse party. And the former must come soon or the latter will step in before them, and they will be too late. In short, we need now both friends and immigrants: and for both of which our zeal urges the undersigned to make you this last appeal, trusting it will not be in vain. We have commissioned our distinguished and eloquent young friend, Alpheus Baker, Jr., of Alabama, to lay these matters before you to collect and remit funds to our treasurer, and to arouse a spirit of immigration to strengthen our numbers. Mr. B. is fully advised as to our policy and the exigencies of our cause. We have the highest assurance of his zeal, integrity, and responsibility, and commend him to your sympa-thy and confidence. With sentiments of profound respect, your obedient servants and Brothers in a common cause, (Signed) D. R. Atchison. (Signed) B. F. STRINGFELLOW. WM. H. RUSSELL. J. BUFORD. A. G. BOONE. IMPORTANT FROM MEXICO .-- It appears from our California files that there is some serious apprehension that the communication will be cut off between Acapulco and the city of Mexico. The Indians, numbering from 4,000 to 5,000, have revolted near Chilpancingo and have defented the fusiliers of the government and killed the prefect of the district. The cause of the outbreaks is that their priest, who has been preaching insurrection from the pulpit, has been arrested, and is now in prison at Acapulco. Old Gen. Alvarez has just left Providencia with his Indians to subdue the belligerents ; if he does not succeed, the communication will be very soon cut off between Acapulco and the capital.

LEAVENWORTH, IN KANSAS .-- We have been shown, by a friend and neighbor, says the New Crieans Picayune, a letter received, by him from a gentleman in Leavenworth city, Kansas Territory, from which we make an interesting extract:

"This is the biggest two-year old, in the way of a town, I have ever seen. The city, so called contains a population of four or five thousand, containing among other things, "too numerous to mention," four large hotels, (all crowded,) three banks, three steam mills, &c. The immi-gration is pouring in rapidly from all quarters; and things are pretty quiet in the political line."

AN OLD INFIDEL .- The Hon. Joshua R. Gid dings has written a characteristic letter to the Tribune, in which he says that the "God of Abraham" is not his God; that he despises him the article of and holds him in contempt; that he is an idol Winter Clothing for Negroes,

-a nigger, we suppose, or some hedeous crea ture who thinks at pillage and theft. Seriously. though, is it not disgraceful that a widely circulated newspaper should give currency to this old driveller's blasphemy?—New York Day Book.

GRASSHOPPERS IN MINNESOTA .- The St. Anthony (Min.) Express speaks of the ravages of the grasshoppers in that region as follows: "The region around Monticello is literally alive

with grasshoppers. Never in our life did we see so many of these troublesome and destructive in-sects. They crackled under one's feet like brittle shells. There was no such thing as avoiding them; whichever way one looked or went they were manifesting themselves. Though not yet always desirable. All instructions to

half grown, they are already doing immense dam-age, and unless they speedily emigrate must de-vour every thing green in Wright county." ----To DESTROY FLIES .- To one pint of milk add

quarter of a pound of raw sugar, and two ounces of ground pepper ; simmer them together for eight or ten minutes, and place it about in shallow dishes. The flies attact it greedily, and in a few mo-

ments are suffocated. By this method, kitchens, &c., may be kept clear of flies all summer, without the danger attending poison.

THE TRAVELLER'S MEDICINE.-The following excellent recipe will be found convenient for travellers and others, exposed to the intestinal rritation that usually follows a change of diet and a change of water :

"Tincture of camphor, an ounce and a half tincture of capsicum, half an ounce, compound spirits of lavender, one ounce. Mix and take for n adult, twenty to forty drops at a dose-according to circumstances-several times a day it necessary, to allay the irritation.

It is said that Mr. Dallas has been applied to by several very distinguished men in London, to know something of the Rackensack University of Arkansas, as they had been informed that the honorary degree of L. L. D. had been conferred upon them, and they had remitted the initation fee of £2. Some wags in Rackensak, no doubt, have been amusing themselves.

The Texas Pioneer says that the crops in that county are in fine growing condition. A large crop of corn, and a fair crop of wheat will be athered. Cotton is doing well.
