United States Col. Simkins, Editor of the Advertiser, a man of taste and good judgement, commend our Hats in the following style: " Messrs. Woollay & Son, residing between

Graniteville village and the Graniteville Depot, have established a hat-making business which deserves honorable mention. They exhibit speci-mens of their work at our late District Fair, which readily took a premium. Their hats of ing procured one for our own caput, we can speak advisedly upon the subject. Messrs. Woot LAY's no risk whatever. Persons ordering from a distance prove on acquaintance. The one we now wear is a capital hat, and we like it better and better every TICLE, as we make it a point to keep goods of the day. General McGowax, of Abbeville, wore off best quality and such as we can recommend and one from his last visit down this way, and we have no doubt he is delighted with it. All who have gave the opinion that it was a first rate hat. This is the candid expression of one who trades with the best houses of New York. Messrs. Woollay not only make fine hats but common ones,-not only men's hats but boy's hats,—plantation hats and business hats,—young America's hats and Senators' hats. We wish them much good luck in their business. They ought to be encouraged in their handsome and useful branch of manufac-tures. Messrs. Woollay, we had almost forgot to we confidently predict that they will do so at the approaching Columbia Fair. Why? Because their

work is good, and no mistake. Under the circumstances, should not Messrs. Woodlay be encouraged, especially by the people of Edgefield among whom they have cast their lot? Surely they should. Send down then to them at Graniteville; -send your measures and order your hats. Try them, merchants. Try them, planters. Try them, all of you. Their enterprize is a good one. Their work is good. Their prices are fair. Their hats are both fine and comfortable. Try them once, and we venture to say you will try them again.' Persons desiring further information will

Doctor Aver. Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no nid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this test, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which and expel disease. They purge out the tou numbers which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but they cure the everyday companies to every one also formidable and dangerous diseases that have builted the best of human skill. While they produce powerful effects, they are at the same time, in diminished dozes, the safest and best physic that can be employed for children. safest and best physic that can be employed for enforch.

Being sugar-coated, they are pleasant to take; and being
purely vegetable, are free from any risk of harm. Cures
have been made which surpass belief were they not substantiated by men of such exalted position and character
as to forbid the suspicion of untruth. Many eminent to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my

Preparations contribute immensely to the relief of my afflicted, suffering fellow-men. The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:— Conticeness. Billions Complaints, Rhennatism, Dropsy, Hearthurn, Headache aristic, from a foul stomach, Nau-sea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatthercy, Loss of Appetite, all Ulcer-ours and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purify-ing the Mood and ethanolating the system, Guro many medicine, Serodula or King's Kvii. They also, by party-ing the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervons Irritability, Derangements of the Liver and Kid-neys, Gout. and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayra's Pills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative ers. The sick want the best aid there is for them, and they should have it.
