But we trust that loss has been repaired. as our liepes have been re-animated, from having secured the services of Miss, F. P. CHAPLIN. who comes to us with testimonials from distinguished gentlemen and scholars, that leave no room to doubt, but that her qualifications are of

the highest order.

In the person of Miss COTE, we have satisfactory assurances of a highly competent instructress in the French Language. A descendant of French parents, and accustomed to the use of that lan-guage around the fraternal fireside from childhood must have given her a knowledge of its original structure and a fluency of pronunciation seldom attained under different circumstances.

The Musical and other ornamental branches it is believed are all equally well provided for, as well as the Juvenile or Preparatory School, now in charge of Miss WALLER, in whom the community have high confidence. The charges here are too well known to need a recapitulation. The Institution has been endowed

and the cost of tuition in all except the ornamental branches, has been reduced by the scholarship plan, to six dollars and a quarter per annum, for cash scholars. The price of boarding is 10 dollars per month in the most genteel families. Our town is eminently moral, quiet, harmonious and healthy.
