The Only Chance. If re-constitution of the Government of the late United States be possible or desirable, it is evident that the force and the effect of coercion will be to force and increase the hostility of the seceding States. Great Enthusiasm in Augusta.

On Monday night we had the satisfaction of witnessing a continuation of enlarged and improved demonstrations of rejoicing by the people of Augusta. It was a scene of brilliancy and enthusiasm long to be remembered.

The scene at night was exciting and brilliant beyond any former occasion. At about nine hundred of houses were illuminated and broad-streets, especially, was all ablaze with light from windows, balconies, sky-rockets and other materials.

A Stern Picture. It was in the South Carolina House of Representatives, on the evening of the day in which ANDERSON had declared his intention to open his batteries upon our boats, in retaliation for the firing of our troops on "The Star of the West."

A Noble Liberty. Besides the donations to the State Librarian recorded, among which was one of ten thousand dollars, we observe that other liberal patriots are coming up, in this most substantial manner, to the help of the common cause.

From the Mercury we clip the following acknowledgement: STATE OF SOUTH CAROLINA, EXECUTIVE OFFICE, TREASURY DEPARTMENT, CHARLESTON, JAN. 14, 1861.

My Excelsior the Governor: Sir: I have the pleasure of reporting to your Excellency the donation of two thousand dollars to the public service of the State, by a liberal and patriotic citizen of Georgia, who desires that his name should not be made public.

Georgia an Independent Republic.

Our people, (says the Augusta Democrat of Sunday last,) were almost wild with enthusiasm, when a dispatch from the State Capitol yesterday announced that the ordinance, which severed the connection of Georgia with the Federal Union, was adopted at 2 o'clock, by a majority of 119 votes.

The scene at night was exciting and brilliant beyond any former occasion. At about nine hundred of houses were illuminated and broad-streets, especially, was all ablaze with light from windows, balconies, sky-rockets and other materials.

Interesting to the People.

Our kind and considerate member, Col. QUARTERMAN, favors us with an interesting letter; but which we would be glad to publish in full; but from the very late hour of its reception we are compelled to be contented with extracts from it.

The excitement has caused Legislative business to progress rather slowly. The past week has been chiefly spent in discussing the Appropriation and Tax Bill upon their second reading. I here give you the assessment on a few important items: On Slaves, \$1,000; Land, \$2,000; Sale of taxes; of Goods 2 cts., transient \$1,000; Town Lots 3 cts.; Georgia. We cannot particularize the many objects of interest which presented themselves to the eye.
