A Dinner in Camp---Speech from Beauregard.

It had now come within full view. A sudden gust of wind shook out its folds, and I recognized the stars and bars of the Confederate banner. It was the flag borne by your regiment- here the General turned to Col. As soon as you were recognized by our soldiers, your coming was greeted with enthusiastic cheers; regiment after regiment responded to the cry : the enemy heard the triumphant huzza; their attask sinckened; they were in turn assailed he our forces, and within half an hour tion that moment commenced the retreat which afterwards became a confused and total rout. I am glad to see that warstained banner gleaning over us at this fative board; but I hope never again to see it upon the field of battle.

Gen. Beauregard then explained how the new battle flig was designed-the reason for its adoption being made sufficiently clear by his fueid and thrilling na rative. Never have I witnessed so much enthusiasm as when the General assured them of the gratification he experienced in hearing their enthusiastic cheering, and that he hoped to

HOW OUR COMMISSIONERS WERE OVER-TAKEN .-- Late intelligence explains how Messrs, Mason and Slidell were taken by the Yankee frigate San Jacinto. The Commissioners' arrival in Havana, and nature of their mission was so far from being a secret there, that they received the marked hospitalities of the Captain-General of the island. Immediately upon their arrival, the Consul of Lincoln, one Shufeldt, sent a fast vacht, the Nonpareil, to Key West with the news. Thus the enemy had abundant time to mature all their arrangements for the coup. The Commissioners had taken passage on the royal mail steam packet from Havana to

Liverpool. On the 9th inst., shortly after leaving the port of Havana, the steamer was boarded by the United States man-of-war San Jacinto, under command of Capt. Wilkes, for the purpose of arresting Messrs Mason and Slidell, who, with their Secretaries, were brought foreibly oif. The party of ladies who accompanied the Commissioners proceeded on their way, and took with them, it is said, the

official letters and despatches of the Commissioners. The San Jacinto, on the evening of Saturday last, reached Fortrars Monroe, whence, it is said, the arrested If you want LARD OIL, LAMP OIL, LINSEED Commissioners will, by permission of ernment on the subject of their capture. . . .
