Death of Lord Palmerston, &c.

Latest accounts from Europe bring the news of the death of Lord Palmerston, one of the most famous of English statesmen, and for many years past, Premier or Prime Minister of Queen Victoria. Lord Palmerston was past eighty at the time of his death, but like so many Englishmen, had retained his physical and mental vigor to the last.

This leads us to speak somewhat of the relations of the United States with England. In April last, the American Minister in London, Mr. Adams, in a note to Lord John Russell, intimated that the United States Government would hold England responsible for the damages inflicted on the commerce of the United States by the Alabama and other vessels.

These very popular and obliging gentlemen have, as may be seen by glancing at our advertising columns, everything that is sweet, as for instance Night-Blooming Cereus and Sorodant; and also everything that is bitter, as for instance Ipecac and Quinine. Every thing that is necessary for purifying and polishing the outer man (and especially the outer woman), and everything that is necessary for cleansing and strengthening the inner man, can be had from Hodges and Jennings.

The Police Force in Edgefield District. Three Militia Companies, raised and organized under the late Proclamation to that end, of Governor PENN, have been accepted from Edgefield District. Each one of these Companies is large, composed of men who have seen years of active service, and officered by gentlemen, whose military fame is by no means confined to Edgefield.

Devilish Work of an Incendiary. We regret exceedingly to hear of the great loss sustained, lately, by our most highly esteemed fellow-citizen, Gen. MARCELLES HAMMOND, a resident of the vicinity of Hamburg.

Don't Sell Your Lands! We are glad to endorse the remarks of the Mason Gazette, which follow. "We are still hopeful for our beloved and "sunny South," and cannot help feeling that despite the depression of the present, "there's life in the old land yet."

Infamous Blasphemy. The Rev. JOHN S. C. ANBOTT, a Yankee, somewhat known as a historian, and noted for his inconsistencies, is at present engaged in writing the "History of the Great Rebellion and its Causes." Alluding to our defenses around Vicksburg, he says, "God Almighty could never have taken Vicksburg if He had not had the Yankees along with Him."

Blind Folly. On Sunday night last, the house of a colored man, well known as GUS SEARS, formerly a slave of S. SEARS, Esq., was entered by three white men (or supposed to be white), who, or one of whom, then and there shot the said Gus, inflicting a terrible wound in the bowels, of which wound the said Gus, we learn, has since died.

We have tried it. We have tried that superior old Bourbon and Rye Whiskey, pure, mellow, invigorating and superlatively delightful, for sale at the large wholesale and retail House of JAS. G. BAILEY & Co., Augusta, Ga. If the best wines and liquors are wanted, go to BAILEY'S. Or anything in the way of choice Dry Goods, Groceries, &c., &c., try BAILEY'S. And if you want the best and most beautiful Carpets, Curtains, Shades, &c., BAILEY'S is the place to go to.

Wanted. We are still buying small bills of the City Council of Charleston, for which we are paying the highest price. All having said bills on hand will do well to apply soon.

A Cavalry company (militia) has been recently formed in Adams county, Miss. As infantry company is also to be formed, and then the United States guards are to be withdrawn.

Election for members of Congress.

Be it Resolved, by the Senate and House of Representatives, now met and sitting in General Assembly, That an election of four Members of the House of Representatives, in the Congress of the United States, for this State, shall be held, on WEDNESDAY, the twenty-second day of November next, to be conducted by the same Managers, and in the same manner as the last election for members of the General Assembly, and the person having the greatest number of votes in any Congressional District, shall be the Representative of that District in the Congress of the United States.

That the said Managers of Elections throughout the State shall give public notice of such elections, and on the day indicated shall open separate polls, at their respective precincts, for each of said elections, and shall conduct the same in all respects in accordance with the laws and usages of this State.

That immediately after closing the polls, the Managers shall count the votes polled, and after making returns thereof, showing the number of votes polled for each person, shall certify the same under their hands, and appoint one of their number to carry such returns, with a list of the voters, and the ballots by them taken, and report the same to the general meeting of the Managers of the District; which general meeting shall be held at the Court House of the District on the day following the election, except that the Managers for the Election Districts of Berkeley and Beaufort shall hold their general meeting at the City of Charleston and the village of Gillisonville respectively, on the second day following the election.

That the Managers, when so assembled in general meeting, shall keep an account, in writing, of the number of votes which each person so voted for shall have, and shall also transmit to his Excellency the Provisional Governor, with the ballots, a duplicate of the said account.

That the said Managers shall, immediately after said meeting, transmit the ballots by them respectively to him, to Columbia, safely and securely enclosed in paper, sealed and appropriately endorsed, by a messenger, to be by them appointed for that purpose who shall be by them sworn to deliver, and who shall deliver the same, with the seals unbroken, to the Secretary of State at Columbia, who shall deliver them to his Excellency the Provisional Governor.

That his Excellency the Provisional Governor is requested to cause the said returns to be publicly opened, examined and counted in his presence at Columbia, by three or more Commissioners, to be by him, and under his hands and seal, appointed for that purpose, and to ascertain the number of votes given at the said election for any person, and what four persons shall have respectively the greatest number of votes in the several Congressional Districts, and to deposit the original poll of each of said Districts in the office of the Secretary of State; and after having ascertained that four persons are elected, as before directed, he is requested to give notice, by proclamation, that these persons have been duly elected Members of the House of Representatives in the Congress of the United States.

That the messengers herein provided shall be entitled to receive out of the Treasury of the State a compensation equal to five dollars per diem, and twenty cents per mile going to and returning from Columbia; and the number of days and miles to be ascertained by the Secretary of State, who shall certify pay-bills therefor.

That the Clerks of the Senate and of the House of Representatives shall order one thousand copies of these resolutions to be immediately printed, and shall forthwith distribute the same to the Managers of Elections throughout this State.

IN THE HOUSE OF REPRESENTATIVES, October 27, 1865.

Resolved, That they be sent to the Senate for concurrence. By order: JOHN T. SLOAN, C. H. R. IN THE SENATE, October 31, 1865.

Resolved, That the Senate do concur in the resolutions. Ordered, That they be returned to the House of Representatives. By order: WM. E. MARTIN, C. S.

European News.

HALIFAX, Nov. 7.—The steamer Cuba, with Liverpool dates to the 28th and Queenstown to the 29th, has arrived.

Lord Palmerston was buried in state on the 27th. The Queen and Cabinet were present, and Parliament and the diplomatic body were largely represented.

Nothing official concerning Cabinet changes. The Globe says the Queen wished Earl Russell to accept the Premiership, and that he had secured assurances of support from his colleagues.

The Globe believes that Clarendon will take the foreign office. Public opinion favors the appointment of Russell.

The Times says the necessity for Russell's appointment is because England had settled with America, and Russell was posted on the subject.

The Paris correspondent of the Times reiterates the statement that Seward had sent a despatch to the French Government relative to Mexico.

It is reported the widow of Lord Palmerston will be made a Peeress in her own right. LIVERPOOL, Oct. 28th.—Sales of cotton on Saturday 10,000 bales. The market declined a quarter to a half penny from Friday's prices.

Consols 87. Five-twentieths 63 to 64. The Times says that the death of Lord Palmerston, a new Parliament and complications that may tend to war, constitute a new and insupportable state of affairs.

The Daily News says that no Liberal ministry is possible without Mr. Gladstone. Any poor can lead, but there is no question as to who shall lead the House of Commons.

The Daily News says it is reported that the ultimatum from Seward dwindled down to a statement that Seward had written to Bigelow, expressing the desire of the American Government to remain at peace with the world, but intimating that it was feared Congress would demand extreme measures if additional troops were sent to Mexico.

Most of the European Governments have given their assent to an International Conference at Constantinople, to prevent the spreading of cholera.

Austria had addressed a note to the Senate of Frankfurt, in reference to a late meeting of delegates from the German Diet, threatening force if the remonstrance should prove insufficient.

The Rice Crop.—From the Columbus Enquirer we clip the following article: "We regret to hear that the rice crop of Georgia this year will be almost an entire failure. In the region raising this crop the negroes have been free from compulsion during the whole year, and this failure of the rice crop is the first fruit (or lack of fruit) of the experiment of free black labor in Georgia."

We are permitted to make the following extract from a business letter from Savannah to a gentleman of this city. The letter is dated Savannah, September 28th: "The freedmen have not done much raising rice this year. On the Ogeechee and Al-

Edgefield Village Police Company. We have been requested by Capt. B. C. BRYAN to state that a meeting of his Company will be held in the Hall this (Tuesday) evening at 4 o'clock. A punctual attendance earnestly desired.

Adjournment of the Legislature. The Legislature of South Carolina, lately in extra session in Columbia, adjourned four days, to meet again in regular session, on the 4th Monday in the present month. At least so report says.

Hodges & Jennings. Don't Forget the Grand Opening! The grand opening and exhibition of new goods at Bass's on the 20th—next Monday—or thereabouts—perhaps a day sooner, perhaps a day later. The editor of this paper has never been to Bass's to witness the Bee-Store proceedings said to be carried on there. But he has gone this time. And if he survives the hurly-burly, he will give an account of the novel and tumultuous scene. And if, being of small stature, he should be trampled to death by the frenzied multitude, he hopes that some larger and more robust friend, a survivor of the dangers, will paint the picture for him. But if all should perish—merchants, clerks, customers, sight-seers, loafers, thieves, freedmen, and all—which is by no means improbable—then the world will lose a most eloquent, thrilling and exciting narrative.

The correspondent of the New York Times finds a good state of feeling in Georgia. The most noted exception was a Southern Yankee, who declared the negroes would not work, and he meant to sell his property and go and settle on the Hudson.

The reported appearance of the cholera in Brooklyn is unfounded.

The Tribune's special says: Only 200 bids were received by the Post Office Department on the 2d to supply the 300 routes advertised to be let in the Southern States.

The Cincinnati Enquirer publishes a petition for the release of Jefferson Davis, signed by several hundred ladies of Mercer and Boyle counties, Kentucky.

It is stated that the President contemplates commuting the sentence of Wirz to imprisonment for life.
