UNIVERSAL
HIGHEST PREMIUM
CLOTHES WRINGER

THIS WRINGER has again taken the **FIRST PREMIUM** in the State of the United States. It has also taken the **FIRST PREMIUM** at the State Fairs of New York, Vermont, Pennsylvania, Ohio, Michigan, Indiana, Illinois, Kentucky, Iowa, Wisconsin, Connecticut, Rhode Island, and at the County and Institute Fairs throughout the country.

Over 200,000 have been sold and are now in use in the United States, and no one heard of one that was not liked.

The **UNIVERSAL** is superior to all other wringers, in having large rolls of solid India Rubber, so protected by strong cogwheels that they cannot slip or break loose from the shaft. Its strong wood frame cannot be broken, and does not warp or rot in the climate. Every **UNIVERSAL** wringer is **WARRANTED**.

We select a few testimonials from persons widely known to the public, who speak from actual experience, and are above suspicion of misstatement.

"My family would as soon give up the cooking stove as the **CLOTHES WRINGER**. It cannot be too highly recommended."—Solon Robinson.

"This is the first wringer I have found that would stand the service required of it."—J. P. Hoggins, Lowell, Mass.

"We think the Machine MUCH MORE THAN WORTH THE TRAVEL EVERY YEAR IN THE SAVING OF GARMENTS. We think it important the wringer should be fitted with **COGS**."—Orange Judd, Editor of American Agriculturist.

"I heartily commend it to economists of time, money and contentment."—The Rev. Dr. DeLoza.

SUBSTITUTE FOR PERUVIAN GUANO.

Baugh's Raw Bone SUPER-PHOSPHATE OF LIME!

Baugh & Sons, MANUFACTURERS & PROPRIETORS
No. 26, South Delaware Avenue, PHILADELPHIA.

This valuable MANURE has been before the agricultural public, under one name, for twelve years past, and its character for vigor of action and permanence in effect is well established. Before the war it was introduced to some extent in the Southern States, and was found to be highly adapted to

Cotton, Tobacco and all Crops.

And a perfect substitute for Peruvian Guano, (4 forded at less than one half the cost.) It has been adopted by agriculturists of known intelligence and discrimination. It is warranted not to exhaust the soil, but on the contrary permanently to improve it. The sales now amount to many thousand tons annually, and the facilities for its manufacture are extensive and complete.

Pamphlet describing its distinctive claims, may be had on application to the undersigned, agent of the manufacturer, from whom the MANURE may at all times be obtained.
