Equality Life Insurance Company
 OF VIRGINIA.
 Read this Advertisement
 BEFORE YOU INSURE.
 Reasons why Every one should insure in the Equality Life Insurance Company of Virginia;

1st. It is more LIBERAL to the INSUREES than any other company, and will eventually become PURELY MUTUAL and belong to the INSUREES.
 2d. It circulates its profits amongst its patrons, who are the insurees. Consequently they are continually getting the benefit of the rapid accumulations of the Company, the money being invested by the Board of Directors amongst the insurees. Therefore the insurees are building up an institution peculiarly their own, and conducted for their benefit.
 3d. The laws of this Company are as liberal as other companies, who declare dividends at the end of the second, third and fourth years, but this Company at the end of the first and every year. Thereby the insuree saves several years' interest on the money by insuring in this Company, and he never loses his money if he pays up for ONE WHOLE YEAR. whereas, in other companies, he has to remain an insuree for several years, or he loses all the money he has paid.
