UNIVERSAL LIFE INSURANCE CO.
NEW YORK.

The Original Joint Stock Life Insurance Company of the United States.
The business of this Company is EXCLUSIVELY confined to the Insurance of first class healthy lives.
Suppose that an individual aged thirty desires to devote \$200 a year for the purpose of effecting an insurance on his life; this amount will insure a sum of \$10,000 in the UNIVERSAL at the sum of \$11.75, payable on his decease. This sum, paid to a company charging the ordinary mutual rates, would secure him the sum of \$3,474—difference, \$8,527.
To illustrate the importance of the policy holder of low premiums in more general terms, it may be stated that by a reduction of twenty-five per cent. in the rate of premium, the same amount of money will secure a policy thirty-three and one-third per cent. greater, and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an annual cash dividend of thirty-three and one-third per cent. payable to the policy holder at the end of five years.
By the above plan the full effect of the premium is immediately secured to the insured, the Company taking all the risk. By the Mutual plan the full value in insurance of the premium paid is not secured to the policy holder, who takes portion of the risk himself.
The Premiums charged by the UNIVERSAL are as low as the actual experience of insured lives in this country will justify, and on the ordinary Life and Ten-Year Non-forfeiture policies are NEARLY ONE-THIRD LOWER than those charged by the majority of Mutual Companies.
Special attention is asked to our "Return Premium Plan," by which the amount of the premium is secured simply by the temporary deposit of the annual premium, which are returned in full, together with the amount assured, to the holder of policy when it shall become a claim upon the Company.
A clause is inserted in the policies issued by the UNIVERSAL, in which these results are distinctly specified and guaranteed.

General Agent.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.
This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by its application. Instead of fouling the hair with a pesky sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. It is wanted merely for a

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.
