

THE ADVERTISER.

Terms, \$3.00 per Annum.

Cut Off in the Building of Youth.

A deep and bitter affliction has visited the hearts and homes of those much-loved members of our community.

At about sundown on Wednesday of last week, our town was startled by an alarm of fire, and it was soon discovered that the stable and barn of Mrs. Mary Tillman was being consumed.

The fire could not be saved, but fortunately the flames did not reach the dwelling house. Mrs. Tillman's loss is about \$300.

Of Sweeping Popularity. Of sweeping popularity is the new American Sewing Machine.

Let Us Uphold Our Own. We would speak a word in behalf of the admirable Agricultural Journal which does so much for the State.

Maps' Superphosphate. This old and well tried fertilizer, is still in the market, at a reasonable price.

What a Railroad Does for an Island Town. The Abbeville Medium, of the 17th says: Our cotton trade for the last week has been very brisk.

We learn from the Abbeville (S. C.) Medium that that town was visited on the 12th inst. by Mr. Wallace, Internal Revenue officer.

"There was a frog who lived in a spring. He sang a note that he could not hear."

Practical example of the fact that the policy is not lost; but days of grace are allowed, the policy being all the time in full force and effect.

These MA. uses are GUARANTEED TO BE UP TO THE HIGHEST STANDARD, and we confidently refer to our numerous patrons in Edgfield as to their merits.

FROM DAN TO BEERSHEBA. From Charleston to Baltimore, from the sea-board to the mountains, can be seen a marked improvement in the style of buildings in the last five years.

Home Evidence. ALEXANDER, GAO, Dec. 30, 1871.

New Goods for 1872 The One Price House!

GEORGE B. LAKE, Gen'l Agent.

Standard Fertilizers!

BUY THE BEST!

WE are prepared to furnish to the Planters of Edgfield the following STANDARD FERTILIZERS at reduced rates:

- Kettlevell's A. A. Phospho-Peruvian Guano, Ober's Soluble Ammoniated Super Phosphate, Ober's Georgia Cotton Compound, Ober's Ammoniated Alkaline Phosphate, Pure Peruvian Guano, Pure Dissolved Bones, Pure Land Plaster.

These MA. uses are GUARANTEED TO BE UP TO THE HIGHEST STANDARD, and we confidently refer to our numerous patrons in Edgfield as to their merits.

WARREN, WALLACE & CO., AUGUSTA, GA.

CERTIFICATES:

We append the following Certificates from two practical Planters, to which we could add many more, but as our Guanos are so well known in Edgfield, we deem it unnecessary:

FRUIT HILL, EDGEFIELD, S. C. S. C. Dec. 1871. GENTLEMEN: Having used Ober's "A. A." Phospho-Peruvian Guano for four years successively, and with such admirable results, it gives me pleasure to add my testimony to that of many others as to its very superior value.

MESSRS. WARREN, WALLACE & CO.—SIR: I have used Ober's Ammoniated Super Phosphate in succession for many years, and without hesitation I will state that it is the best fertilizer that I have ever used.

HATCHER'S POINT, S. C. Jan. 2, 1872.

WHY YOU OUGHT TO BUY THE STONO FERTILIZERS.

1st. No man is poor enough to afford to plant without using some kind of Fertilizer. 2d. The Stono has no superior in quality on or off the market. 3d. The Stono, although as good as the best, is as cheap as the cheapest. 4th. The Stono never has charged high prices. Their profits are very small, and they must sell large quantities to afford it at their prices.

D. J. LANDRUM WITH O. F. CHEATHAM.

I WOULD respectfully announce to my friends and the friends of my family, that I am now engaged in the well-known Dry Goods Store of Mr. O. F. CHEATHAM, No. 1, Park Row, where I will, at all times, be proud to see and serve them.

Very Respectfully, JOHN L. PERRY, August 10, 1871.

MANSON HOUSE,

(Over J. W. Turley's) AUGUSTA, GA.

HAVING purchased the lease and contents of the MANSON HOUSE, in the city of Augusta, I am now prepared to accommodate my Edgfield friends, and the public generally, with BOARD and LOGGING of the best style.

Also, continually on hand and arriving, a large lot of BACON SIDES and SHOULDERS, and DRY SALT SIDES and SHOULDERS.

Wholesale Trade. STAPLES & REAB, AUGUSTA, GA.

SOLUBLE PACIFIC GUANO.

J. O. MATHEWSON, Agent for the Company, AUGUSTA, GA.

PRICE REDUCED! \$48 Per Ton Cash; \$55 Without Interest on Time. No Charge for Drayage.

This GUANO is well known in the Cotton States, from experience in its use for six years past. It has acquired after thorough trial, under all conditions of season, a character for reliable excellence unsurpassed, and which cannot attach to Fertilizers of recent introduction.

In view of reduced cost of manufacture, and the unusual facilities of the PACIFIC GUANO COMPANY, this VALUABLE FERTILIZER is now sold at the above price, which is in conformity with the policy of the Company, to furnish THE BEST FERTILIZER AT THE LEAST COST, looking to LARGE SALES and SMALL PROFITS for compensation.

WE WARRANT THE STOCK IN MARKET THIS SEASON precisely the same in composition and quality as that heretofore sold.

For specific terms, apply to JOHN L. PERRY, August 10, 1871.

J. O. MATHEWSON, Agent, Augusta, Ga.

Compound Acid Phosphate of Lime,

FOR COMPOSTING WITH COTTON SEED.

PREPARED UNDER THE SUPERINTENDENCE OF DR. ST. JULIEN RAVELEL, CHARLESTON, S. C.

PRICE REDUCED! This article, as above stated, is prepared expressly for COMPOSTING WITH COTTON SEED.

A Compost made with an equal weight of this article and Cotton Seed, furnishes the Cotton Seed with the SOLUBLE PHOSPHATE, which is necessary to make it properly effective.

The Compost should be made from four to six weeks before planting time, in order that decomposition may take place, and should be applied at from 400 to 600 pounds per acre or more.

General experience for two years has shown this Compost to be A MOST ECONOMICAL and EFFECTIVE FERTILIZER FOR COTTON and CORN.

This ACID PHOSPHATE is now put into market at the low price of \$30 PER TON CASH; \$35 ON TIME, WITHOUT INTEREST (no drayage), at which rate every planter can supply himself with a FIRST CLASS FERTILIZER at a minimum outlay per acre.

For specific terms apply to JOHN L. PERRY, August 10, 1871.

J. O. MATHEWSON, Agent Pacific Guano Company, Augusta, Ga.

A FULL SUPPLY OF PERUVIAN GUANO GROUND BONE AND LAND PLASTER ON HAND AT ALL TIMES.

Augusta, Dec 13

IMPORTANT TO COTTON PLANTERS.

THE MARYLAND FERTILIZING AND MANUFACTURING COMPANY

Have prepared a Special Fertilizer adapted to the Cotton Plant, under the name of

COTTON FOOD!

Which they claim to be of the highest grade of Fertilizer sold in the South and guaranteed to equal in its results Peruvian Guano, pound for pound and to be of more permanent benefit to the soil.

It has been used by SEVERAL HUNDRED PLANTERS in North and South Carolina and Georgia for two seasons with the following results:

It increases the crop from 100 to 200 per cent. It resists drought in all cases. The crop is not affected by rust. It matures the crop three to four weeks in advance, thus insuring the crop against early frosts, or in the event of a backward season for planting enables the planter to put in his crop three or four weeks later, even as late as the 1st June, with a certainty of success.

It produces a better quality of Cotton.

Looking at the low price of Cotton, the intelligent planter will readily comprehend the necessity of using nothing but the highest grade of Fertilizers, and of strictly avoiding those whose value has been reduced by adulteration, or the use of cheap materials under pretence of meeting the low price of Cotton.

If his crop is only doubled by the use of "COTTON FOOD" it will give him from one to two hundred per cent. profit on his outlay, with Cotton at 12 cents per pound, and it will enable him to plant fewer acres with a corresponding reduction of labor and expense with better results.

\$40 per Ton, in Sacks, 12 to the Ton.

LAWRENCE SANGSTON, Pres't, 55 Exchange Place, Baltimore, Md.

J. R. PRINGLE & SON, Agents, Charleston, S. C.

DICKSON'S COMPOUND

ETIWAN FERTILIZERS.

Three very Superior Articles are offered by the Sulphuric Acid and Superphosphate Company of Charleston, S. C., viz:

ETIWAN GUANO. A complete manure, adapted to Cotton, Grain and Tobacco, being the well known article heretofore offered at the very high grade of 15 per cent. dissolved Bone phosphate of Lime, with the addition, as heretofore, of Peruvian Guano, Ammonia and Potash. Price \$55 per ton, if paid on or before the 1st of April next, and \$60 per ton, payable 1st November 1872, without interest.

ETIWAN CROP FOOD. A new article of the same high grade of Soluble Phosphate, compounded with the elements of Cotton and Grain, at a lower price than the Etivan Guano. Price \$40 per ton, if paid on or before the 1st of April next, \$45 per ton, payable 1st November, 1872, without interest.

ETIWAN DISSOLVED BONE. Averaging from 18 to 20 per cent. of Dissolved Bone Phosphate, and thus enabling the planter by composting, to obtain two tons of half that grade at a saving of one dollar per ton, payable 1st November, 1872, without interest.

TAKE NOTICE, that all these fertilizers are of the highest grade of Soluble Phosphate, and must help for more than one year.

W. M. C. BEE & CO., General Agents, Charleston, S. C.

T. C. LIPSCOMB & SON, Agents at Ninety-Six, S. C. Charleston, Dec. 14
