Terms, \$3,00 per Annum. signature of "SUFFERER," making well-An ably written article over the of Southern schools—in fact out of schools grounded complaint against the County Commissioners for neglecting to build bridges over Big Stephens' Creek, and in reference to the toll Ferry or Flat across ford's Intermediate Analytical Arithmesaid Creek at Shaw & Meriwether's mill, has been received, and will appear in our

How Is It Elsewhere?

Never in our lives before have we known such a severe winter in the South have examined them with much pleas--such hard, unmitigated, continuous ure and find them to be a splendidly cold. And the caprices of the weather practical and available result of Prof. are also remarkable. Within a week Sandford's thirty years daily experience past, we have had snow, sleet, thunder, in the School room. We recommend lightning. rain, sunshine and clouds. Not a bud upon plum or peach tree is ner, to all teachers, parents and pupils. evenswelling yet, and stern winter holds us as pitilessly as in Alaska.

This state of things fills thin and bony people-and those who have to buy their wood-with groanings that cannot be ut-

Homicide at Johnston's Depot. A difficulty occurred on Saturday evening last, at Johnston's Depot, on the C. C. & A. Railroad, between a white youth, aged about eighteen, named, Tom Hazel, ty forbids us to crow or flap our wings. and a colored man named Jack Garret, in which Garret was shotand killed by Hazel. Rumors concerning the cause and manner of this unfortunate affair are somewhat conflicting. It seems though that the two fell into a violent quarre about a debt due Garret by the father of Hazel, in which the latter bore himself very defiantly, if indeed the two did not actually come to blows. Young Hazel having disappeared from that section, has not been arrested. No papers from the Coroner have as yet been received

Particular attention is directed to the certificates appended to the advertisement of Messrs. Graham & Butler. These certificates speak highly in favor of the Cotton Food.

Local Pick-Ups. They are pitifully scarce, however. Everybody seems to be busy, but noth ing startling happens We have no banks or railroad companies to declare divi-

dends. No lottery schemes. No debating societies. No cotillion clubs. No skating rinks. No sabre clubs. No tournaments. We are a slow-jogging people. But we have now and then a big, hospitable frolic in the village, or not far off. Our friend, J-n R-d, Esq., came out strongly in this line a week ago, and gave the young people and the gay people such a "turn-loose" as they have nt had for many a day. Take our word for it, that big house—that hospitable mansion-on the high hill, was a scene of light and life and beauty on the occasion we refer to. Our friend and his warmhearted lady and his accomplished daughter evidently know exactly how to give and manage a "turn-loose." And all of us-the aforesaid young people and gay people-beg leave to assure them that whenever they will do so again, we will not hesitate to brave the angry waves of Horn's Creek and the horrors of the Rocky Mountains. Bah! what are waves and mountains to a "turn loose!" Who'll give the next? We could lay our finger upon so many that ought to.

We dreamed the other night that our friend, Ben Mays, who lives down by the "angry waves," sent us something that he had shot, which measured five feet from tip to tip, or from nose to tail. What is it to be, Ben? for we know our dreaming soul was prophetic. For the Lord's sake don't let it be a gray fox. We hear that the Town Council are very soon going to repair and beautify the park. They must do some little

office "unwept, unhonored and unsung." Miss Dobey opens her school on Monday next. From all we see and hear, her prospect is quite flattering. And very soon Mr. Broaddus will close the Academy, and then we shall have no male school. So much the worse.

something soon, or they will depart out of

We are all waiting to hear from the Railroad charters in Columbia. What new life a real, strong, tangible railroad prospect would infuse into Edgefield! A Very Popular Stable in Augusta.

A very popular Livery Stable in Augusta is that of Murrah & Co., in rear of the Globe Hotel. And at this Stable will be found a young gentleman who is always particularly kind to Edgefield people, Mr. James R. Glover, a son of the late Robert Glover, Esq. See the card of Mr. Glover in another column.

The Annual Masquerade Ball in Augusta.

The annual Masquerade Ball of the Benevolent Society of Augusta, takes place in Girardey's Opera House, on Tuesday evening, the 6th inst. The balls are invariably very brilliant, very refined, and very admirably conducted affairs. As in former occasions, we are indebted to the polite and generous management for a complimentary ticket.

An Exciting Occasion in Augusta. A very admirable and a very popular thing in Augusta, is the "Augusta Sabre Club." This Club will give a grand Tournament on the Fair Grounds in that city, on Monday next, Feb. 5th. Out of about sixty members of the Club some thirty or forty will ride on this occasion. This Tournament of the Sabre Club promises to be a noble thing, and is creating much pleasant anticipation. Arrangements have been made with the railroads entering Augusta to carry persons attending the Tournament, for half fare. Therefore we hope our section of country will be well represented. We return our thanks for a complimentary ticket to the Tournament of the Sabre

WE are prepared to furnish to the Planters of Edgefield the following STANDARD FERTILIZE IS at reduced rates: Unheard-of Ramifications. We aligde to the ramifications, throughout the Western world, of the famous Fertilizers sold by Wilcox, Gibbs & Co. Pay particular attention to their new card this week, and by all means send for one of their wonderful Almanacs.

Brighten up Your Rooms this Spring. And for this purpose, you will need some or all of the following articles, Carpeting, Matting, Curtains, Wall Paper, Window shades, &c., &c. Of course you will go to Jas. G Bailie & Bro., Augusta, for them. Read the new advertisement of the Bailies, in another column, and then you will "know how it is yourself."

War.

The Russian Bear Preparing for According to the St. Petersburg correspondent of the London Engineer, there is great activity in the Russian founderies and government arsenals; the gov ernment cannon founderies have been greatly enlarged, and the entire infantry armament has been changed from muz-ale loaders to breech-loaders. The manufacture of powder has grown into an immense private as well as public industry. It is calculated that with a sufficient supply of material the production of cartridges will soon reach the extent of 200,000,000 to 250,000,000 a year, Large numbers of the Galting guns and the American type of mitrailleuse are being constructed. This information does not sound very pleasant in connection with what I say by using it again on next the amountacturers of the manufacturers o numbers of the Galting guns and the American type of mitrailleuse are being constructed. This information does not sound very pleasant in connection with Gortschakoff's late insulting note to the what I say by using it again on next year's crop.

PACIFIC GUANO COMPANY'S Acid Phosphate Lime

For Composting with Cotton Seed.

PREPARED UNDER THE SUPERINTENDENCE OF DR. ST. JULIEN RAVELEL, CHARLESTON, S. C. PRICE REDUCED!

This article, as above stated, is prepared expressly for COMPOSTING WITH COTTON SEED.

A Compost made with an equal weight of this article and Cotton Seed, furnishes the Cotton Seed with the SOLUBLE PHOSPHATE, which is necessary to make it properly effective.

The Compost should be made from four to six weeks before planting time, in order that decomposition may

take place, and should be applied at from 400 to 600 pounds per acre or more.

General experience for two years has shown this Compost to be A MOST ECONOMICAL and EFFECTIVE FERTILIZER FOR COTTON and CORN. This ACID PHOSPHATE is now put into market at the low price of \$30 PER TON CASH; \$35 ON TIME.

represent me here in my absence, or Dr. WITHOUT INTEREST (no drayage,) at which rate every planter can supply himself with a FIRST CLASS FERTILIEER at a minimum outlay per acre. J. O. MATHEWSON, For specific terms apply to

GENERAL AGENTS, No. 1, South Atlantic Wharf, Charleston, S. C. Col. WM. BUTLER Agent at Edgefield, S. C.

CERTIFICATES:

EDGEFIELD, Dec. 30th, 1871. I have used commercial fertilizers for several years, and this year, with other kinds, used the Wando, giving it, I think a fair trial. In my opinion, the Wando gave more remunerative results than any other kind used by me.

L. SALTER. EDGEFIELD, C. H., S. C., Jan. 1, 1872. This is to certify that I have used the Wando Guano for two years with the happiest result—quantity applied 200 lbs., with 15 Bushels Cotton Seed per acrewith this manuring I increased the yield of seed Cotton per acre about six hundred pounds or more. I may add that I wade a bala per acre on treaty agree.

This year I planted eighty-five acres in Cotton, poor land, and used three tons of the Wando Guano. I made, packed and sold forty-eight bales, weighing 400 pounds. The three tons were applied to 45 acres, which produced 31 bales. Forty acres, batter land, was unmanured, and the result was only 17 bales. The cheapness, and the intrinsic worth of the Wando, places it upon a monied valua-Wando, places it upon a monied valua-tion. E. H. YOUNGBLOOD.

EDGEFIELD, S. C., Dec. 30th, 1871.

EDGEFIELD, S. C., Jan. 10th, 1872. I have used the Wando Fertilizer for two years, and willingly testify as to its merits. Taking into consideration its cost, it paid me better, as an investment, made a bale per acre on twenty acres than Peruvian Guano, and is equal, if not superior, to any fertilizer in the market, of which I have any practical knowledge. ELDRIDGE POSEY. with above manuring.

Have prepared a Special Fertilizer adapted to the Cotton Plant,

and to be of more permanent benefit to the soil.

COTTON FOOD! Which they claim to be of the highest grade of Fertilizer sold in the South and guaranteed to equal in its results Peruvian Guano, pound for pound

It has been used by SEVERAL HUNDRED PLANT-ERS in North and South Carolina and Georgia for two Seasons with the following results:

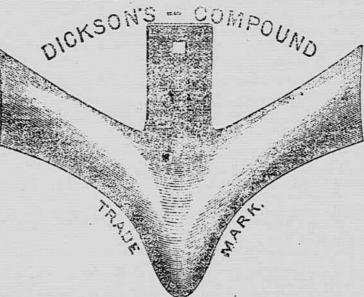

It increases the crop from 100 to 200 per cent, It resists drought in all cases. The crop is not affected by rust.

It matures the crop three to four weeks in advance, thus insuring the crop against early frosts, or in the event of a backward season for planting enables the planter to put in his crop three or four weeks later, even as late as the 1st June, with a certainty of success.

It produces a better quaity of Cotton. Looking at the low price of Cotton, the intelligent planter will readily comprehend the necessity of using nothing but the highest grade of Fertilizers, and of strictly avoiding those whose value has been reduced by adulteration, or the use of cheap materials under pretence of meeting the low price of Cotton,

If his crop is only doubled by the use of "COTTON FOOD" it will give im from one to two hundred per cent, profit on his outlay, with Cotton at 121 cents per pound; and it will enable him to plant fewer acres with a corsponding rejuction of labor and expense with better results. \$50 per Ton, in Sacks, 12 to the Ton.
