tretch every oar! there's land ahead, And thou wilt gain the port to-morrow. When fortune frowns and summer

friends,
Like birds that fear a storm, depart,
Some, if the breast have tropic warmth,
Will stay and nestle around thy heart.
If thou art poor, no joy is wob,
No good is gained by sad repining;
Gems buried in the darkened earth
May yet be gathered for the mining.

There is no lot, however sad,
There is no roof, however low,
But has some joy to make it glad,
Some latent bliss to soothe its woe.
The light of hope will linger near,
When wildest beats the heart's emotion A talisman, when breakers roar, A star upon the troubled ocean.

The farmer knows not if his fields, With flood or drought, or blight must

cope; He questions not the fickle skies,
But plows, and sows and toils in hope.
Then up and strive, and dare and do.
Nor doubt a harvest thou wilt gather: Tis time to labor and to wait,
And trust in God for genial weather.

THE BOY WHO WANTED TO KNOW. The following is strictly true: A lady coming to this State recently, stopped at one of the Chicago hotels with her little son. The toy was not perfectly satisfied with matters and things at the dinner table, and expressed himself frequently to that ef fect. The mother finally rose and remarked, in an undertone, to the youthful offender, "Come with me up stairs, and I will attend to your case." The lad understood .it once what "attending to his case" meant, but there was an important matter of detail which he was painfully anxious to have more fully explained; so, pulling backwards on the hand of his mother, he blubbered out, in a voice loud enough to be heard over most of the well-filled dining-room: "Say. mother, are you going to take your hand or your slipper? The enthu-siasm with which this brief address was received was unbounded. Poor paint that I have ever used. little fellow, how often have we wanted to know that same thing ourself? With a brief season of waiting we generally found out, as he undoubted-

How HE DID IT .- We saw him coming, and we knew at once what the matter was. Already we saw in imagination a "full face" head: "Another Circular Saw Accident." We asked him if he would be good enough to give us the facts concerning the injuries to his face, and he replied that he would be (something unpleasant) if he did. We told him that while we did not doubt the correctness of his conclusions, we thought his premises were wrong, and did not think that compliance with our request would affect the result much, one way or the other. We further informed him that unless he was more communicative we should hunt up the proprietor of that circular saw and get the facts from him, and make the affair a text for half a column on temperance. "Thunder!" said the young man, "no circular saw did that! It was kissing a maiden with one of those Elizabethan ruffs on !"

STEAM COTTON GIN.

THE UNDERSIGNED have mutually agreed to enter into copartnership, under the name and style of SMITH, JONES & CO., for the purpose of GINNING and PACKING COTTON, HULLING COT-TON SEED, GRINDING GRAIN, &c. TON SEED, GRINDING GRAIN, &c.
And for that purpose, have put up a
Steam Engine and Cotton Press, with
commodious Buildings, at Edgefield Village, and are now ready to receive Cotton, and hope by honest, fair dealing, to
merit a liberal patronage.
Our terms for Ginning and Packing
will be One-Fifteenth of the quantity reincl. and if we furnish Bagging and

will be One-Fifteenth of the quantity re-ceived; and if we furnish Bagging and Ties, our charge for them will be \$2.50 for 8 yards of best Double Anchor Bag-ging, weighing 24 lbs. to the yard, and 6 Fies to the Bale.

Fies to the Bale.

We have put up two of Carver's Improved Gins,—famous for picking clean, and fine sample. It is a settled fact, that sotton ginned by steam or water power, will turn out 15 pounds more lint to a five hundred pound bale, than that gin ned by horse power; and we hope soon, to convince the planters of this vicinity, that it is cheaper to have us Gin their Cotton than to Gin it at home.

We have not yet put our Huller and We have not yet put our Huller and Grain Mill in operation, but expect to do so as soon as the Ginning season is over, of which event the public will be ad vised through the Advertiser.

FROM. HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent, "Bradiey's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor. Yours respectfully,

C. P. Knight, Esq., Agent Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very respectfully,

EMMART & QUARTLEY, 276 W. Baltimore St.

Mr. C. P. Knight—Dear Sir: I am very happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any Paint I have ever seen used, and recommend it for durability and beauty, paramount to any other. Very respectfully.

R. DICKEY, M. D.

Mr. C. P. Knight—Dear Sir: It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectation in economy and beauty, and I have every reason to believe, in durability. More than twelve months since, I painted the roof of my Hotel (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours, most respectfully,

Mansion House Hotel, N. W. Cor. Fayette and St. Paul Streets, Baltimore.

Mr. C. P. Knight—Dear Sir: I have been using, since last spring, Bradley's Patent Boamel Paint, and am happy to say that it gives entire ratisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John J. Street, who and to parties to whom I have furnished it for other painters to use. Mr. John J. Street, who lives near Clermont Mills, to whom I furnished the Bradley Paint last fall, is much bleased with it, and gives permission to use his name in recommending so good a paint. S. H. Montague, painter, agrees with me as to the durability of your most excellent paint. I hope parties who have painting to do will look to their advantage and apply Bradley's Patent Enumel Paint, which is the most durable paint now in use. It holds its gloss longer than any other paint that I have ever used.

E. C. GARRETTSON, House and Sign Painter.

MARYLAND LINE. BALTIMORE Co.. Md., September 24th, 1872.

C. P. Knight, Esq.—Agent for Bradley's Patent Educal Paint, Baltimore—Dear Sir:
The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I over saw. The painter-I have employed is delighted with it. He says that he can paint twice as fast, and at the same time do a better job, with the Enamel Paint than any other paint he ever used. I can therefore without healtation recommend it to the public as one of the very bost articles of paint ever introduced. Yours, very truly.

JAMES HALL. JAMES HALL. Yours, very truly,

PRINCE GEORGE COUNTY, October 24th, 1872. Mr. C. P. Knight—Dear Sir: Having given your paint a test of six months, I take pleasure in saying that it comes up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will outlast any other paint I have ever seen.

Very respectfully,

MURRAY ADDISON.

Mr. C. P. Knight.—Dear Sir: The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material, and we cheer unly recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters, to mix and furnish materials, wherein we have found the most deception.

Yours, truly,

JACOB STOUFFER & SON.

C. P. Knight, Esq.—Dear Sir: I have had the Bradle.'s Patent Enamel Paint, which I purchased from you, used inside and outside, both at my dwelling and store for two sensens. It gives me great pleasure to be able to say that it comes fully up to your recommendations in facility of use, economy, durability and beauty.

THOS. J. IRVING, 168 West Baltimore Street.

BALTIMORE, September 15th, 1872.

Mr. C. P. Knight—Dear Sir: I used the Bridley Paint on our dwelling, in Howard county, in October last, and the color is as good, and the surface as glossy now, as it was when first put on. If I ever have to paint a house again, I shall certainly use it.

Yours truly,

DANIEL M. WORTHINGTON, Yours truly, DANIEL M. WORTHINGTON, Secretary Bultimore Branch Security Life Insurance Co., 35 P. O. Avenue.
