Since life is oft perplexing, 'Tis much the wisest plan To bear all trials bravely,

Why should you dread to-morrow, And thus despoil to day? For when you borrow trouble, You always have to pay.

It is a good old maxim,

Which should be often preached—
Don't cross the bridge before you,

Until the bridge is reached.

You might be spared much sighing If you would keep in mind
The thought that good and evil
Are always here combined,
There must be something wanting,
And though you roll in wealth,
You miss from out your casket You miss from out your casket The precious jewel—health.

And though you're strong and sturdy, You may have an empty purse-Aud earth has many trials Which I consider worse But whether joy or sorrow Fill up your mortal span, Twill make your pathway brighter

Sum foaks who used to cred- place where the hair ort to grow. it right smart are now runin the cash skedule, which amounts to a regular blockade. I should think a luniak would know that its the worst time in the world to begin a cash system, when there aint no cash. If evrybody would swap round what they hav got to spare it would soot most of us mity well. Anybody is welcum to swap with me for anything in my line of bisness, and it my price don't soot 'em I'll cum down to theirs rather than break a trade, for you know the margin on my side is big enuff to allow right smart room for dodgin. At all events I intend to do the very best I can.

The credit system is good enuf for me and in my opinyun it is a highly harmonious and friendly institution. It makes peeple respectful and respektable. When I owe a good hearted man he feels kindly towards me jest bekaus he has befriended me He feels sorter like I was one of his pet lams. When he reads over the parable of the good Samaritan he unkonshiously says to himself "that's me. I helped Arp and his luvly offspring when nobody else wouldent."
I think it would be a good thing it evrybody owd one another all around. It improves the tone of society. It fine Stock of fekt on the liver. It settles ones dinner, and hence Mr. Solo.non writ about bowels of mercy and bowels of compassion. I never knowd one of these corked-up cash men but what was dispepkital. I never knowd a man who paid cash for evrything who had any cash to lend a poor feller without sekurity. A cash man is alcan't joke with him to do any good. I don't like them sort much, They think their money is a little better than anybody elses money. They live ut home and board at the same place, but the latch string don't hang on the outside much. They don't want anybody to borrow their wheel-barrer nor get water out of their well. Still, I

suppose they are tryin to do the very best they can. But of all times in the world I look upon the credit system as just the thing for a panik—not that the panik means, I've been right in the middle of one all my life. I've never seed the time that there wasent a crisis at sent on application. my house. I was born in a strain, and its follered me up like a shadder ever since. I've got akklimated to it, as the doktors say. It's part of my daily entertainment to contrive for future supplies. It keeps me lively and polite and amiable. I hear these merchants tawkin about "bridgin over" and "hedgin in" and diggin a hole to-day to be filled up tomorrow. Well, every man and woman in these times ort to do the very best he or she can, but as for hedgin and bridgin, I could hav got a patent right for all that sort of bisness 20 years ago, and had it renewed for imsir, I've no idea of jinin the cash system at my time of life, and espeshully just at this pertikler period. My constitution wouldent stand it. It's goin to be jest all that a feller can do to git through this squeeze on a credit, and as for me I would perish to deth in two days if my existence depended on the cash. It's goin to take a dubble team to pull through this mud hole, shore, and right smart pushin behind. We've all got the breechin on at my house, and we'll go through if the hame string don't break and the durned thing don't last too long. One of these long-winded paniks would strain my credit system powerfully, but everybody must do the very best he, she or it can, and trust to Providence for the sequel. Mr. Nevin, sur-Now is the time for foaks to show what metal they

are made of. Now is the time for foaks to hold up their heds and hav confidence. If everybody who has got a surplus will lend it to them who hasent (one of whom I am which), things will git equalised and regula-ted in no time. There is a plenty of money and plenty of truck for evrybody if it was divided out right. I've always managed to git my sheer, though at times it's required more strategy to keep the little Arps in vitels and cloaths than Bonypart displayed in his retreat from Moscow. I passel of children of all sizes, from a saddle tack up, will sharpen a poor man's wits quicker than anything in hen keeps up a respektable cackling in the rear. It means she wants it by to morrow night, if not sooner, and I tell you I always display my finest taktics in such emergencies. In fact, I do the very best I can. It's the comfort of my life to look back and say, I've almost always worked up to her skedule.

Lastly, Mr. Nevin, I want to re mark that these paniks, these collapses, these bust ups, these "top nots cum down," are just as necessary for the good of the country as an emetik is to an overcharged stummak. Munny to be helthy must be skatterd around so that everybody can git sum. I'd tax 10 per ct. on all between 5 and ten thousan; twenty per ct. on all between 10 and 20 thousan, and so on, doublin up to 50 thousan. Above that I'd take it all; every dollar. BRADLEY'S PATENT ENAMEL PAINT!

Pure White Lead, Linseed Oil & Zinc, Chemically Combined. WILL LAST THREE TIMES AS LONG AS THE BEST LEAD AND OIL MIXED IN THE ORDINARY WAY.

Always Ready for Use. Sold by the Gallon. ONE GALLON COVERS TWENTY SQUARE YARDS TWO COATS.

We especially call attention to the following testimonials of the Paint : THE PLAINS, FAUQUIER Co , VA., Feb. 6th, 1873. Mr. C. P. Knight—Ser: The Paint came safely to hand as ordered—two keeps, five gailons each, and three buckets, one gallon each. As practice was slack, I did the job cayself. Two weeks, (not constant work,) completed the house two coats. The last coat Lopplied thick and it is now generally conceded that for ensued like hardness, and hody, and harmony of colors, there is not a handsomer j.b in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel

FROM. HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friesd, I was induced to apply your patent, "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss

C. P. Knight, Esq., Agent Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we derire a good job of wark.

Very respectfully, EMMART & QUARTLEY, 276 W. Baltimore St.

PLEASANTVILLE, HARPORD Co., MD., Feb. 26th, 1873. Mr. C. P. Knight—Dear Sir: I am very happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any Paint I have ever seen used, and recommend it for durability and beauty, paramount to any other. Very respectfully.

R. DICKEY, M. D.

Mr. C. P. Knight-Dear Sir: It affords me much pleasure to say to you that the Bradley Patent Enamel Paint for exceeds my expectation in economy and beauty, and I have every reason to believe, in durability. More than twelve months since, I painted the roof of my Hotel (Mansion House) with the Bradley l'atent Enamel Paint, and I was so well pleased with it, I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours, most respectfully. ISAAC ALBERTSON.

Mansion House Hotel, N. W. Cor. Fayette and St. Paul Streets, Baltimore.

Mr. C. P. Knight-Dear Sir: I have been using, since last spring, Bradley's Patent Mr. C. P. Knight—Dear Sir: I have been using, since last spring, Bradley's Patent Enamel Paint, and am hapty to say that it gives entire ratisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John J. Street, who lives near Clermont Mills, to whom I furnished the Bradley Paint last fall, is much pleased with it, and gives permission to use his name in recommending so good a paint. S H. Montague, painter, agrees with me as to the durability of your most excellent paint. I hope parties who have painting to do will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable paint now in use. It holds its gloss longer than any other paint that I have ever used.

E. C. GARRETTSON, House and Sign Painter.

MARYLAND LINE, BALTIMORE Co., MD., September 24th, 1872.

C. P. Knight, Esq.—Agent for Bradley's Patent Roamel Paint, Baltimore—Dear Sir:
The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw. The painter I have employed is delighted with it. He says that he can paint twice as fast, and at the same time do a better job, with the Enamel Paint than any other paint he ever used. I can therefore without hesitation recommend it to the public as one of the very best articles of paint ever introduced.

Yours, very truly.

JAMES HALL.

Mr. C. P. Knight—Dear Sir: Having given your paint a test of six months, I take pleasure in saying that it comes up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will outlast any other paint I have ever seen.

Very respectfully, MURRAY ADDISON.

Mr. C. P. Knight, -Dear Sir: The paints we received from you have been applied to everal of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters, to mix and furnish materials, wherein we have found the most de-ception. Yours, truly, JACOB STOUFFER & SON.

C. P. Knight, Esq.—Dear Sir: I have had the Bradler's Patent Enemel Paint, which I curchased from you, used inside and outside, both at my dwelling and store for two seasons, it gives me great pleasure to be able to say that it comes fully up to your recommendations in sciety of use, economy, durability and beauty. Yours, truly,
THOS, J. IRVING, 168 West Baltimore Street.

Mr. C. P. Knight-Dear Sir: I used the Bradley Paint on our dwelling, in Howar coun'y, in October last, and the color is as good, and the surface as glossy now, as it was when first put on. If I ever have to paint a house again, I shall certainly use it.

Yours truly, DANIEL M. WORTHINGTON,
