BANKS OF NEW FOUNDLAND, 1 Wednesday, 17th,

Thermometer down to forty-two. Clouds and then sunshine. A little fleet of fishing smacks in sight, also colfish, fresh and still fluttering a' the string. A school of spouting whales excite the land lubbers of our party. "Nothing but a plank between us and eternity." But the Ethiopia is built of stanch timbers. and iron. It is four hundred and ten feet long; thirty-four and a half deep; and forty in width. It has a carrying capacity of four thousand and four tons ; eighteen furnaces and seven boilers, which are equal to twenty-one hundred horse power. It has accommodations for one hundred and fifty saloon passengers; fifty in second cabin and twelve hundred steerage. This fine vessel was launched in 1874, and it cost six hunhred thousand dollars. Archibald Campbell is the commander. He is kind, polite and talkative. The table is very tempting to the appetite, and the variety of dishes seems to be inexhaustible. MID-OCEAN, Thursday, 18.

land, there is a current of cold wa- "Erin Mayournin, Erin go braugh! ter, that chills the air. Some parts of the Banks are only ninety feet below the surface of the sea. Bad hearing. And in a few minutes, the twilight, the ship's company was ena anticipation is redolent of gladness mingled with gratitude. Lan-

guage often fails when we are full of feeling when the soul is ready to claim kin with its native skies. COASTING ROUND NORTH IRELAND.

Tuesday, 23d. The weather is like a May day in old Edgefield-warm sunshine with mist enough to soften surrounding scenes. Sailors are haulding up trunks from the hold. Sea gulls follow the vessel as if they had news from the homes of men. Is that a loud in the window of the morning? A rugged cliff and a towering Light House give us a glimpse of the Old Country! This view reveals Tory Island. A little farther and the head lands of Ireland loom up in bold relief against the South Eastern sky. Basaltic rocks have the form of castles, spires and temples. At Moville, the port for Londonderry, a

salute is fired, but the Ethiopia makes no halt. At noon, the Giants Causeway, about half a mile to our right, towers up almost nine hundred feet in frowning cliffs composed of stone columns, suggesting the idea of man's art and design. The "Irish Lady" here looks like the bust of a woman Bright, breezy and beautiful-a wearing a sun-bonnet. And next, we perfect day.
