WOMAN.

"By an immense practice, extending through a few long years, having a claim on the treatment of thousands of cases, of all ages, peevishness, nervousness, depression, indigestion, and other ailments, that meet the eye, and are the result of a general debility, and in some cases, a permanent cure is effected by this medicine." To designate this natural specific compound, I have named it.

Dr. Pierce's Favorite Prescription. The term, however, is but a feebly expression of my high appreciation of its value, and upon the same grounds, as it is the only medicine I have, while witnessing its positive results in the few cases, it is a constant source of joy and satisfaction to my patients, and I am confident, that its use is a permanent cure for the ailments it treats. I have named it, to designate this natural specific compound, I have named it.
