A meeting of the Directors of the Edgefield Crenton and Aiken Railroad took place at Trenton last week; and inasmuch as they are out of money, no further help can be expected from Aiken, the Directors passed resolutions instructing President Jones to return the convicts to the Penitentiary within ten days-without he could in the meantime procure funds with which to continue the work. The Road will undoubtedly be finished, however, notwithstanding all this.

## Representative Strom's Position.

On Tuesday lass, Major Lee, Cl. ef Enineer of the Savannah Valley Railroad, attended by his corps, entered the corporate limits of our town, and finished the preliminary survey upon which he has been engaged for the last fortnight. Major Lee, who is an exceedingly intelligent swers to the name of "TRAILER." and high-toned gentleman, did us the honor to call on us and designate the received. route he has chosen for the Savannah Valley Road upon Edgefield soil. Major Lee crosses the Greenwood and Augusta Railroad at a point one mile South of Dorn's Mines, continues thence, across the North ern part of Washington Township, and rosses Big Stevens Creek a quarter of a mile below the mouth of Rocky Creek. And just here we would state that there are three Hocky Creeks in our County one flowing into Big Stevens Creek, one lowing into Turkey Creek, and one flowng into Little Stevens Creek. From Big Stevens Creek, Major Lee's route- run across the extreme Southern point of Hibler Township, and through the centre of Talbert, to Turkey Creek, which it crosses at Cochran's Mill, near Mr. Tandy Mar

tin's. From this crossing, it runs through Moss Township, immediately by Mrs. D D. Brunson's, one mile from Duntonsville and then follows the ridge between Beaver Dam and Turkey Creek, and strikes the lately surveyed route of the Atlantic and French Broad Road in the neighborhood of Mr. John Hollingsworth's. Thence i cuts across, and entering our corporate limits Westward, a few hundred yards of the residence of Captain Lewis Jones, Sr. runs through the vegetable garden of the Hon. John C. Sheppard—John can embrace the stakes now !—crosses the Acad-emy branch right below Mr. Sheppard's house, runs almost through the Catholic graveyard, back of the Courthouse, behind

the old livery stable which stands almost opposite the old Penn house, crosses the read a little below the old Penn house, runs across the fields immediately in rear of Mr. A. Norris's residence, and strikes the Edge field, Trenton and Aiken Railroad at th cut hard by the residence of the late Mrs Martha Christian-twenty-three miles from where it crosses the Greenwood and Augusta Road. It will thus be seen that Edgefield is entirely surrounded by preliminary routes and unironed tracks We see by the News and Courier that But all these projects and endeavors wil bear rich fruit in a very few years. Next it is our design to carefully compare the two routes.

#### For the Advertiser. A Card From the Hon. James H. Strom.

To My Constituents .- During the campaign of 1880, I announced from the stand and on the hustings that I would not advocate the passage of the Stock Law until I became satis fied that the majority of the Democrats in the County were in favor of such law. To determine which was the stronger of the two parties, I was in favor of an election, but when our Democratic Executive Committee, in its wisdom, decided otherwise, as a Democrat, I acquiesced, and think any effort to override such decision is not only anti-Democratic but exceedingly dangerous. I am now satisfied, from the number of names attached to the petitions, the only way now recognized by the organized Democratic party of the County, that the majority of Democrats in the County are in favor of the Stock Law: shown to me by the same method, namely that of petitions, that I am mistaken, I am open to conviction, and will act accordingly. With the present lights before me, however, I shall at the next meeting of the Legislature introduce and advocate a bill that the provisions of the Stock Law be extended to Edgefield County. gusta Railroad is now laid. Clark's Hill In conclusion, Lunheritating advise is to be, if we mistake not, the first depot my friends and the public to ignore Respectfully,

Your Representative, JAMES H. STROM.
