I looked in her eyes and lingered-Like blossom in May blushed she! I clasped her close, and kissed her Under the almond tree. [May Probyn.

### Fresh Fashion Notes.

Steele passementeries are passe. Grecian bands for the hair are made of silver, inlaid with mock gems.

Gigot puffs are seen upon many important carriage and dinner dresses Peaked or pointed bodices, with gathered scarf panier draperies, will be much worn.

It takes very little of striped nov elty goods or plush to renovate a half-worn dress.

Moire is as fashionable this Winter as Surah was last, but Surah is by no means discarded.

Even when new skirts are round and clinging in effect the draperies are extremely bouffant.

Large collars are worn by chil dren, girls in their teens, young la dies, matrons, and elderly women. Heavy adouble box-plaited ruch ings adorn the bottom of the skirt of many handsome costnmes.

Shooting jackets of dark colored cardinal cloth are worn on the street in New York with black skirts. Surah moire is the name of a raw

material designed for dress trimming and millinary purposes. Long plain skirts of velvet will be

worn with Louis XV coats and rearf draperies of light-hued brocade. Jackets are giving place to long dolmans, French pelisses, circle and Pompadour of Mother Hubbard

Moire and Surah are frequently combined in the same suit, with one er more materials and trimmings be

In Paris dark gray and dark green will be the popular colors for outdoor costumes, and in furs the largest orders have been for natural beaver and Kamschatka seal.

Deep collars, gathered in Mother Hubbard fashion, are made of black and cream Surah and trimmed with black Spani h lace. They are long enough to cover the shoulders.

Cloak clasps made of Roman gold and lapis lazuli are very fashionable The stone is of a dark blue color mottled with brown, and it is from this that the much valued pigmen called ultramarine is made.

Bright colored stripes and checks are again in favor, and those who rush after every nevelty will at one appear in zebra "garbs, showing as many different hu-s as the ancient costume vorn by Joseph himself.

The self olored silks that are us d as foundations to walking ecstumes are pulte de soi , cotton-backeu satio Washington taffetas, the Paris Louvre and cachemire de soie. Faille is again

coming into favor. The velours frappe appears again in three varieties, covered with floral designs, with [watered stripes] and with satinstripes; but the two last have not a happy effect, and they will only be used sparingly as dresand mantle trimmings.

NEGROES LEAVING EDGEFIELD -A number of colored immigrants with their families have been arriving in Beaufart, from Edgefield Conty for the past few days, and they are said to be pioneers of larger num. bers who are coming to settle up some of the idle and abandoned plantation, in this vicinity. Large tracts of rich and inexhaustible land are lying waste, and in some instances are a dead expense to their impoverished owners, who it seems are not loth to embrace the opportunity of having their broad acres reclaimed and ie settled. They are a sturdy set of la lorers, and some of them seem to have a little money, and some have stock They represent the section from which they come as dreadfully affected by adverse seasons and short crops .-News and Courier.

CAUSE AND EFFECT .- The main cause of nervousness is indigestion and is caused by weakness of the stomach. No one can have sound nerves and g od health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system .- Advance.

Guiteau's former wife, Mrs. Dun mire, is in Washington, and she gives a shocking account of his cruelty. She is 32 years of age and very lady-like in her appearance. She does not believe much in the insanity

Coal Oil or Petroleum may be very nice for illuminating or lubricating purposes, but surely it is not the

proper thing to cure a cough with. Dr. Bull's Cough Syrup is looked upon as the standard Cough remedy The Atlanta Exposition will close positively with the year. So all who desire to visit the great Southern ex

hibit must do so during December. The Menasha (Wis.) Press says: A Granger, Esq., of this city, uses St. Jacobs Oil on his horses with deeided success and profit.

### Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair The VIGOR is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence. PREPARED BY DR. J. C. AYER & CO.,

# Neuralgia, '\_rains,

Pain in the Back and Side F There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of Perry Davis'

This remedy is not a cheap Benzine or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good. Pain Killer has been in constant use for forty years, and the universal testimony from all parts of the world is, it never fails. It not only effects a permanent cure, but it relieves pain almost instantaneously. Being a purely vegetable remedy, it is safe in the hands of the most inexperienced.

The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what

those who have tried it think: Edgar Cady, Owatonna, Minn., says:
About a year since my wife became subject
to evere suffering from rheumatism. Our
resort was to the PAIN KILLER, which speedily
witered have refered her.

Charles Powell writes from the Sailora'
Home, London:
I had been afflicted three years with neuralgia
and violent spasms of the stomach. The doctors
at Westminster Hospital gave up my case in
despair. I tried your PAN KILLER, and it gave
me immediate relief. I have regained my
strength, and am now able to follow my usual
occupation.

strength, and am now able to follow my usual occupation.

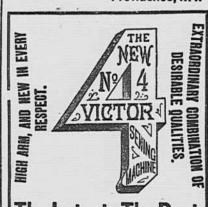

G. H. Walworth, Saco, Me., writes:
I experienced immediate relief from pain in the side by the use of your PAIN KILLER.

E. YORK Says:
I have used your PAIN KILLER for rheumatism, and have received great benefit.

Barton Seaman says:
Have used PAIN KILLER for thirty years, and have found it a never-failing remedy for rheumatism and lameness.

Mr. Burditt writes:
I thever fails to give relief in cases of rheumatism.
Phil. Gilbert, Somerset, Pa., writes:
From actual use, I know your PAIN KILLER is the best medicine I can get.

All druggists keep PAIN KILLER. Its price is so low that it is within the reach of all, and it will save many times its cost in doctors' bills. 25c., 50c. and \$1.00 a bottle. PERRY DAVIS & SON, Proprietors, Providence, R. I.
