UNTO HIM BE GLORY IN THE CHURCH!

GOD'S NEW TEMPLE AT EMORY.

THE WHITENESS OF PURITY AND THE BLUE OF HEAVEN!

The new temple of God at Emory, by historic and time-honored Mt. Willing, is complete, and on Sunday last was given to the Almighty Jehovah. A worthy gift, beautiful and unnumbered, with walls whose whiteness illustrates Christian purity and whose lofty spires a symbol of heaven.

Indeed so great was the occasion of the dedication of Emory Chapel—in its spiritual and emotional aspects—and so intensely did we enjoy the day in those regards—that we find it distasteful and difficult to come down to commonplace external matters and merely practical words.

SENATOR HAMPTON NOT A CANDIDATE FOR GOVERNOR NOR ANY OTHER OFFICE.

He Does Not Like the Registration Law Nor the General Stock Law.

Recently there has been some talk of the resignation of Senator Hampton and his becoming a candidate for Governor of the State. He has just written a patriotic letter to the News and Courier in which he sets the matter at rest.

justice should rule, and those who oppose the measures mentioned will have the opportunity of ascertaining at the next election on which side majority stands.

COMMENCEMENT AT LEEVILLE.

Prof. Busby in the Midst of His Pupils and Constituents.

The closing exercises of the Leeville English and Classical Institute, under the management of Rev. E. L. Busby, A. M., on Thursday, the 22d inst., gave universal satisfaction and delight.

A crowded chapel gave assurance of the lively interest felt in the institute by the community, and its respectful attention manifested their real enjoyment of the occasion.

'Edgefield' Very Aply Combated.

EDGEFIELD, S. C., June 24, '82.

EDITORS EDGEFIELD ADVERTISER.—In your issue of the 22d inst. I find an extract from the News and Courier, headed "Separate Polling Places," under the non descript name of "Edgefield."

THE VALLEY AVILION.

WASHINGTON, D. C., June 22, '82.

DEAR ADVERTISER.—While spending a few days in Jersey, it occurred to me that I would perhaps interest a number of your readers by writing you a long letter, and that was the result of my "spiritual view of things."

When my hand and genial companion, L. S., now agent for the Valley Repeater, left me at Danville I was quite lonely, so I had to pick up a seat and "wander in drags."

There is one thing that strikes you forcibly while in the Senate, and that is the enormous size of a large majority of the members. Why there are some of them so absolutely gigantic as to be obliged to have chairs made especially to suit them.

A meeting of the Executive Committee of the Normal Institute was held in the Academy on Saturday, 24th inst., for the purpose of arranging details for opening the Institute on the 3d of July.

Capt. P. B. Waters was called to the Chair and B. F. Lovelace was appointed Secretary. Commissioner Edison, Chairman of the Executive Committee, reported that he had engaged the services of Professor S. H. Owens, of Augusta, to take charge of the Institute.

All teachers, both male and female, of this and adjoining counties (and especially those who desire to teach in the public schools) are urgently requested to attend the session of this school, which will open on Monday, 2d day of July prox.

In addition to the Normal exercises, the Executive Committee will make arrangements to have twelve full lectures during the session upon educational subjects, from the best Professors and eminent educators that can be secured in the State.

P. B. WATERS, Chairman. R. F. LOVELACE, Secretary.

For the Advertiser. Blocker Endorses Norris.

Messrs. Editors.—The resolutions found below were, this day, unanimously adopted by the Blocker Township Democratic Club, and in obedience to the order contained in the last of the same, I forward them to you for publication.

Resolved, That, as Chairman of our Executive Committee from 1880 to the present year, he rendered this club most efficient service.

Resolved, That his magnanimity, patriotism and integrity, associated with recognized ability, eminently qualify him for any office appertaining to our county.

Resolved, Therefore, that his election to the office of Representative would redound to the honor of his fellow citizens; and that the action of his friends in presenting him to the people as a candidate for the said office, is by us, hereby gravely sanctioned.

Resolved, That the Secretary be, and is hereby ordered to secure the publication of these resolutions in the ADVERTISER, Chronicle and Monitor, and to defray the expense of the said publication out of any moneys in the treasury not appropriated to other purposes.

J. A. BEAN, Secretary. June 24, '82.

Cash on His Chronic War Path.

A difficulty occurred on Saturday last at Cheraw between Col. E. B. C. Cash and Mr. Theodore F. Malloy, in which the lie was given by the former which was followed by a knock down from the latter.

THE CRUMB OF COMFORT FOR SMALLS.

The sub-committee on Elections has worked itself up to the requisite height, and decides that Col. Tillman was not elected member of Congress from the Fifth South Carolina District and that Robert Smalls was.

The Fifth Congressional District of South Carolina consists of Colleton, Beaufort, Barnwell, Edgefield, Aiken and Hampton, and the official returns gave Tillman 23,325 votes and Smalls 15,287 votes, a majority of 8,038 for Tillman.

To convert Tillman's majority into a majority for Smalls would puzzle any one who relied on trustworthy evidence and palpable facts, but Smalls had faith in the party.

The testimony in the case disproves every allegation of general intimidation and fraud. Take Edgefield as an example. The proof there is that the Republican leaders massed their followers at the Courthouse, armed with clubs and bludgeons, with the intention of taking and holding the polls so as to prevent the whites from voting.

There was a large colored vote for Tillman. Except in Beaufort, colored men are found to have voted the Democratic ticket at every precinct. At Aiken 100 colored men are proved to have voted for Tillman, at Meeting street precinct 200 colored men voted for Tillman, at Beidoo 50, at Millett's 65, and so on through the different counties. In Barnwell County alone there were 1,372 colored men in the Democratic clubs; and there were 225 in one club at Allendale.

Together with the unpopularity of Smalls, accounts for Tillman's election. The usual election rows, such as take place everywhere, there were, no doubt, and it is not to be supposed that the Democrats failed to use every proper influence to prevent the colored people from voting for Smalls.

Giving to Smalls the benefit of every allegation which has a color of proof, there is still a handsome majority for the sitting member.

The stalwarts in Congress wait additional votes in the House, and they do not care a straw whether the men were elected or not. Proceeding upon the assumption that they are entitled to the whole colored vote on the color line, they put in the Republican contestants, as in the Chalmers, Wheeler, Finley and Dibble cases in defiance of law and fact.

No compromise is possible with such a party acting in so shameless a manner. South Carolina is solidified. The whole South, excepting hapless Virginia, is in splendid fighting trim. The Democracy will repeat in 1882 the victories of 1878 and 1880, knowing that in obtaining a Democratic majority in the House of Representatives is the only hope of securing justice in Washington and peace at our firesides at home.—News and Courier.

Don't Fail to Register. It is the duty of every white man in Edgefield County to register at once. While we believe that the Democrats will always elect their candidates in Edgefield, it is best to be on the safe side.

Another Big Drive. Have you been? If not, go at once to J. M. Cobb's and look through his shoe stock. Some fresh additions, and lower than ever. Remember he is the Quartermaster and stands your money where satisfaction is not given. Go to headquarters. If you don't find what you want in stock, you can get it in short notice from the factory.
