## Edgefield Adbertiser. Jas. T. Bacon. Thos. J. Adams. EDITORS. Edgefield, S. C., Sept. 3, 1885.

**Resumption of Business at Granite-**

ville.

We are glad to be able to announce that the Graniteville Factory will resume work on Monday next, and that the Graniteville Manufacturing Company will begin to buy cotton at once.

Shaw Township Votes Subscription.

On Saturday last, at Trenton, Shaw thence to Newberry. Township cast one hundred and thirty-four votes for, and fifty-one against, subscription, by taxation, to

the Carolina, Cumberland Gap and Chicago Railroad, thus giving a majority of eighty-three in favor of the railroad. Every Township now between Aiken and Abbeville, except Aiken Township, has voted, by a large majority, in favor of the issue of bonds for the completion of this road.

The Newberry Herald and News.

To an old newspaper man in South Carolina, one intimate with and attached to the old papers, the present tone and status of the Newberry Herald and News is most gratifying. Our belowed old neighbor despite the enforced retirement of its venerable and honored head, Mr. Thomas F. Greneker, is still the same worthy and able exponent of Newberry's and South Carolina's interests, and the same conscientions promoter of truth and purity in religion, morals and politics. Under the editorship of Mr. G. G. Sale, the Newberry Herald and Saluda about Wyse's, would increase News keeps steadily on its good way. We were happy, lately, to make Mr. Sales' acquaintance, and to realize that our time-honored cotemporary was in such worthy and gifted hands.

## **Prosperity Pressing Forward.**

From the Secretary we receive the following; and we are delighted to far removed from railroad facilities, see our honored neighbors so alive to the importance of the Narrow-Gauge Road .:

Newberry vs. Prosperity. The article concerning the Narrow-Gauge Road, which we copy from our esteemed cotemporary, the Newberry Observer, is a good one in the main. We must confess, however, that, with the exception of Mr. Tillman, we have never heard a single individual "propose to run the road in the direction

of Johnston." A very good and feasible route, taking in Prosperity, and still reaching Newberry advantageously, would be from Edgefield C. II. o Richardsonville; thence, eastward, by Red Bank Church ; thence, northeastward, by Corinth Church; striking Big Saluda opposite the mouth of Bush River; thence to Prosperity;

The Newberry Observer Favors facts reported. the Westernmost Route.

From the Newberry Observer.

It seems to be decided that the narrow-gauge from Augusta to New-berry will be built. The question now agitating the public mind is, By what route? Several facts should be borne in

mind in this discussion. The most prominent fact is, the

road should be built by the route that will pay best; and this is equally true

route. Another fact is, the road will pay best, other things being equal, that

runs through a country distant from roads already in operation. The shortest route from Edgefield

to Newberry is by way of Bouknight's Ferry, or a little above. To run a road from Edgefield to Johnston, as some propose, or in the were present : direction of Johnston, and then extend it to Prosperity by crossing the T. S. Henderson, J. R. Wright, the distance seven or eight miles at least; and it would also run through W. A. Wright, J. R. McWhorter, a considerable scope of country that, comparatively speaking, is already provided with railroad facilities by means of the C., C. & A. R. R. J. J. Davis. J. R. Williams, Wm. N. Parkman, I.
