A Serious Accident.

A Compliment to Gov. Sheppard.

Before the final adjournment of the Senate, that body paid to its President, Lt. Gov. Sheppard, the high compliment of a series of resolutions, testifying to his merits as a skilled parliamentarian and presiding officer. These resolutions appear on our first page.

Box-breaking and Christmas Trees.

The net proceeds of the Box-breaking in the Presbyterian Church, on Monday night, amounted to thirty five dollars. This fund will be devoted to the purchase of a library for the Sunday School. Next Friday night, at the same place, there will be a Christmas Tree. This also is for the benefit of the Sunday School.

At Ridge Spring.

A nice little entertainment was given by the Baptist Sunday school on Christmas day at the church. Reading of the Scriptures and a brief address by the Superintendent, Mr. R. B. Watson, interspersed by Sunday school songs, was one feature of the occasion. Another feature was the distribution of apples, oranges, candy, etc., among the children. It would be hard to describe their joy as they came into possession of these "goodies." And for such things we noticed the larger scholars and adults had a weak eye too.—*Cor. Augusta Chronicle.*

A Worthy Tribute to Gov. Sheppard.

After the executive session of the Senate on the 23rd December, on opening the doors, President *pro tem*, Clark took the Chair, and Senator Smyth, sitting in his place, presented the following preamble and resolutions:

The Senate of South Carolina is on the eve of adjournment. For two years we have deliberated together on such matters as have come before us, touching the welfare of the State which we all love. Matters of grave import have been thus considered, and measures of every nature have claimed our attention—our views have differed as our opinions have varied on the subjects under discussion—and oftentimes the discussion has waxed warm, and the division between those holding opposite sides has been close.

Preceding over all these deliberations with a hand gentle but firm, has been a presiding officer of whom we may justly be proud, clear in his rulings, prompt in the dispatch of all business of the Senate, impartial in the exercise in all his rulings and in the delicate duties devolving upon him. To his faithful performance of all these duties is due to a large extent the harmony which has characterized all our deliberations, and the regularity and ease with which all our proceedings have been conducted. Feeling thus, we would be untrue to ourselves if we failed to express our sense of his ability as a Parliamentarian and of our obligation to him as a courteous President. Therefore be it

Resolved, That the Senate of South Carolina desires to place upon record their testimony of the ability, courtesy, impartiality and admirable business capacity of its presiding officer, the Honorable John C. Sheppard.

Resolved, That upon the eve of this adjournment the Senate desire to tender to him its thanks for his courteous and faithful discharge of all the duties of President of the Senate, and to express their best wishes for his future welfare and happiness.

Resolved, That a copy of this preamble and these resolutions, suitably engrossed, be forwarded by the Clerk of the Senate to the Honorable John C. Sheppard.

The resolutions were seconded by Senators Woodward and Earle, with appropriate remarks, and were presented to President Sheppard by President *pro tem*, Izlar.

President Sheppard said in response: Gentlemen of the Senate: Words would fail to express the heartfelt appreciation that I experience of the expression which you have placed upon record of my humble service to you and to the State, whose servants we are. I am sure that I have endeavored to do and to all that in your kindness you have said of me. I am sure that I have earnestly endeavored to be impartial in the discharge of the duties of this office. In the appointment of committees, and in all the other requirements of my position, I have endeavored to be prompt and ready, and I can truly say of you that my efforts have been uniformly seconded by the promptness with which every member of this body has responded to the call of duty.

This is attested by the fact that during a session which has been signalized by the large amount of business which has been transacted, on every day the calendar has been cleared of every matter upon it, and but two night sessions have been found necessary—record unobscured within the memory of the oldest clerk.

I shall carry to my home, gentlemen, the kindest remembrance of all the warm support which you have always accorded me, and I trust you will return to yours with the consciousness of duty well performed, and that you will find that your private interests will not have suffered during your absence by reason of your devotion to your public duties.

To all who are suffering from the errors and indiscretions of youth, nevous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.

Doctors Fail to Relieve.

In July last I discovered that I had contracted that most dreaded of all diseases, Blood Poison. Upon the recommendation of one who was in this instance a friend in need, I took S. S. S., and used lotion No. 1 according to directions. Its effects were speedy and effectual. In one month's time, to convince myself that I was cured, I consulted a prominent physician, and after a most searching examination he told me I was perfectly well. I feel well, and I know I am well. I can produce others upon whom S. S. S. has done the same thing, and who, with me, will thank you for a remedy which has cured us of a disease which doctors so often fail to relieve.

After Everything Else Failed.

I have suffered from Blood Poison a long time. I tried several physicians and a number of standard blood medicines, but to no avail. I was advised to try Swift's Specific. I commenced its use some time ago, and to my great surprise I began to improve at once. I continued its use for some months, and am to-day sound and well.

Young Lady at Boarding School.

At some of the French boarding schools in Paris, the girls are led on weak soup, two or three degrees stronger than hot water; meat from which nearly all the nourishment is extracted by boiling; coarse veal, watery carrots and gray, scurvy bread. The young lady who comes home after a few terms of this sort of diet may be very learned, but is pale and poor looking, lacking vigor and health. Give her Brown's Iron Bitters—the best tonic in the world for young ladies with impoverished blood—and bring the roses into her cheeks.

It Shall Put Sickness and Suffering Under Foot!

It shall cure all the people and put sickness and suffering under foot! We mean Penn's Bitters, the comfort, the refuge, the salvation of millions. Add disease upon disease, and let the worst come, we are as if we used Penn's Bitters. Though thou diest with dyspepsia, torpid liver, biliousness and headache yet shall thou live if thou takest Penn's Bitters. What woman is there, weak, feeble and sick, who uses Penn's Bitters, and is not made strong and cheerful by it? Indeed all our pains and aches and diseases go like chaff before the wind whenever we wisely have recourse to Penn's Bitters.
