

LOCAL BREVITIES.

Judge Gary is holding court in Abbeville this week.

The blind tigers in our town do not lay in wait, but roam the streets and hunt you down.

To earn \$25,000,000 it is only necessary to sell the sea at one cent for every 10,000 gallons.

No fewer than 1,700 ancient manuscript copies of the New Testament in whole or part exist.

The barking of a dog on earth can be distinctly heard by balloonists at an elevation of four miles.

Every water, save that of springs contains animal life; but it is not necessarily injurious to health on that account.

Charleston, Columbia, and Camden have passed ordinances to license the sale of wine, cider, and malt liquors.

Evangelist W. P. B. Kinard, of Edgefield is in Newberry this week preaching. Mr. Charles D. Tillman does the singing.

The commencement exercises of the Parkville High School will take place on the 24th and 25th inst. Programme next week.

Cotton grew amazingly on last Sunday, the first hot day since March. It seems to know that it is high time to be bumping itself.

"What dis country wants," said Uncle Randall, "is some sort of a contraption whar a man kin drap a nickel in a slot crack and git religion."

We are in receipt of an invitation from Mr. J. M. Rushton to attend the commencement exercises of Wofford College, June 10-12.

There is one thing sure: If L. J. Williams does not run for the House of Representatives the people are going to run him *notus rotens*.

Catherine de Medici, Queen of France, wore the longest train on record. It was her bridal robe. The train was borne by 20 pages, and was 48 yards long.

Every blind tiger has a number of little tigers to go out in the streets in the highways and byways to cajole and entice small game into the den for the old one.

In one of the towns of an upper county in this State a body of citizens waited on a blind tiger and informed him quietly but firmly that it was their wish that he hunt another lair. He did so.

The farmers certainly could not complain of last Sunday as being too cool for the cotton, and by the way, all that dead cotton has come to life and though small it looks as if it intends to hold the fort.

London Quiver is responsible for this unlikely story: "People of the free-thinking class often dispute the story of Jonah and the whale, not so much on account of its improbability, as because it is in the Bible. They declare that the whale never lived that could swallow a man, but such persons should remember that the word, 'whale' as used in holy writ referred to any large species of fish. Not long since a shark and a sailor in the Mediterranean sea re-nacted the part of Jonah and the whale to perfection. The man fell overboard and instantly disappeared in the mouth of a monster shark. The captain fired a gun at the beast from the deck and as the shot plowed through its back, it cast the man out again and he was rescued perfectly unhurt, but so badly frightened that he was sick for several days.

**The Damage Done.** Considerable difference of opinion exists as to the damage done by the late cold snap. We hear of farmers who are ready to give up their cotton, plow it all up and plant corn; and of some negro tenants who have actually abandoned their cotton. Others, however, and the more practical, maintain that the damage to cotton is slight, that it has only received a setback from fifteen to twenty days.

**Railroad Taxes Paid.** Last week Capt. Anderson, auditor, or something else, of the Richmond and Danville Railroad, came to Edgefield and paid to Treasurer W. L. Stevens \$7,777.77 and seven mills. This was in full of the taxes of this road, penalties, costs, and all for the last two years, over which and about which they had been kicking and fighting in the courts. Hereafter we suppose the railroads will understand that they have to march up to the captain's office and pay their taxes just like white folks and niggers.

**Raising Wild Turkeys.** The Aiken Journal and Review says: A few weeks ago a number of gentlemen from the George settlement went down to Savannah River to enjoy a fish. While going through the swamp below Silver Bluff they routed a wild turkey hen that was setting on 14 eggs. The eggs were appropriated by Mr. J. P. George, they were carefully handled and kept warm, and when he got them home set them under a hen and nine of the eggs hatched. The young turkeys are wild, but Mrs. George is very proud of them and is closely watching and caring for them. As is the case with wild turkeys, all of them look alike.

**Children's Day.** Children's Day will be celebrated at Barr's Chapel next Sunday. A most delightful occasion is anticipated by the little ones, and the older ones as well.

**Treat 'Em Coolly.** Davis Timmons says that if you want to treat a young lady coolly and at the same time make her feel warmly toward you give her ice cream—at the Timmons ice cream saloon.

**Trenton High School.** The closing exercises of the Trenton High School Prof. M. W. Peurifoy, will take place on Thursday night, June 14th. The programme is an excellent one, and the attendance will be large. On the next day the school will have a big picnic.

**Tillman in New York.** Governor Tillman is in New York to-day. Tuesday, making a speech before the Temperance Congress, composed of many of the ablest minds on this continent. Tillman is possessed of an audacity that bewilders and an energy that disorganizes his enemies.

**Your Gin Ribs.** Gin owners will do well to read Mr. P. J. Boatwright's advertisement in this issue. If you need new gin ribs write to him at Darlington, S. C., and he will send an agent to see you. The patent gin rib that this gentleman sells is one of the most wonderful things of this wonderful age.

**Planting Peas.** The Edgely pea is the favorite in Edgefield county, and everybody who has not already planted this legume is now preparing to plant him in large quantities. The origin of this famous pea is like its name, unknown. If some good Samaritan would bring a hundred bushels to this market he would get a good price and make some pea-hungry souls happy.

**Picnic, Miss Morgan's School.** Miss Agnes Morgan's school will have a picnic next Saturday at Dowdy's spring, but there is not the least doubt that there will be an abundance of good things to eat. Of course the candidates will be there to tell the people what's the matter with Hannah, and also how Peter's wife's mother is getting on, but they won't tell you any lies—oh, no! they never tell lies.

**House Burned.** The house in old Pottersville, one mile north of Edgefield, owned by the Dr. M. W. Abney estate, was burned to the ground on Monday night of this week at about 12 o'clock. Mr. James Walker, living in the house at the time, lost everything he had except one bed and bed clothing and a sewing machine. There was no insurance on the property. It is supposed to have been the act of an incendiary, as there had been no fire built since 12 o'clock of that same.

**Advertised Letters.** List of letters remaining in the Postoffice at Edgefield C. H., S. C., May 31, 1894: Nath Adams, D W Bychwood, Jack Burton (2), Willis Carville (col), Henry Carter, C W Kennedy, J C Neckles, Clarence Mays, Charles Pollock, William Rodgers, Elliott Wallace, Richard Weathersbee, K Ward, Mary Elis Chebank, Mrs Anna Elym, Mattie Hamilton, Miss Rosa Jackson, Miss Snookelooper, Miss Ella Martin, Miss Lizzie Mackey, Mrs F F Randall, Miss Lillie Stevens.

**Blackberries In.** By next Sunday we suppose every family in Edgefield county will have had at least one blackberry pie. The blackberry is a plebeian berry not to be named, some say, in the same breath with the plutteratic raspberry and strawberry, yet this same blackberry is the best all around berry in these United States. With cream and sugar they are delicious, in pies they are equally nice, and jam, wine, vinegar, cordial, etc., made of this abundant fruit are both wholesome and tempting to the palate. Let some late spring poet write an ode to the blackberry. We call upon Brother Petty of the Spartanburg Spartan.

**Must be Licensed.** Having been appointed general agent for the association, we are now prepared to issue from the ADVERTISER office licenses as below. The fee is only nominal—a take us over to the Davis Timmons ice grotto. Here is the form:

**LIAI'S LICENSE.** This is to certify that \_\_\_\_\_ is entitled to lie from the 15th day of June to the 31st day of December, 1894, he being a duly qualified liar, and having satisfied the L. C., A. R. & I. O. of P. that he is a fit and proper person to hold a license. As witness my hand this \_\_\_\_\_ day of \_\_\_\_\_, 189\_\_\_\_. [Seal.] U. R. A. N., Sec. State to His Imperial Majesty.

**Weather for May.** Weather Observer C. A. Long, of Trenton, sends us the following data of the weather for the month just ended: Monthly mean temperature, 73; Maximum temperature, 90, date 7th. Minimum temperature 42, date 20th. Total precipitation 1.20 inches. Greatest daily precipitation 58 inches. Prevailing direction of wind, 19 S. Number of clear days 6, cloudy days 2, fair days, 1 day not recorded. Dates of light frosts 20th. Dates of thunder storms, 4th, 8th, 13th, 14th, 15th, and 18th. Have been good rains in some localities while other places have had very little.

**Mrs. Shaffer's Concert.** Mrs. Shaffer gives a concert at the residence of Mr. Jas. T. Eason on next Monday night, commencing at 8:30 sharp. There will be recitations, music, etc. The object is to raise money for the benefit of our village Baptist Church. Admission fee only 15 cents.

**Quite a Batch.** We present to our readers this week quite a batch of new names, candidates for office. Con them over carefully. It is almost time to pick out your men for the various offices. Almost time we say, for until full moon in June they will continue to announce to put on the white robes, the *candidum* of the Latin. But do not vote for a man on account of his outer adornings, look at his in'ards.

**A Word to the Wise.** The State Executive Committee meets on Thursday of this week from which date the campaign may be considered as having opened, and candidates had better come out if they are coming at all. Our old friend, Col. Sam Strom, says, "to have good luck a candidate must come out on the increase of the moon." The moon, this month, fills up full on the 18th, at 2 A. M. A word to the wise is as good as a dictionary.

**Blackberry Cordial.** Speaking of blackberries the following is an excellent recipe for blackberry cordial: Squeeze blackberries enough to make a quart of juice, add to it a pound of loaf sugar and let it dissolve, beating it slowly. Add to it one teaspoonful of cloves, cinnamon and nutmeg. Boil all together twenty minutes. On removing from the fire add a wine glass of brandy. Put in bottles while hot and seal. Use a teaspoonful for a glass of iced water.

**The Edgely Rifles.** At a meeting of the Edgely Rifles on Monday night of this week the following officers were elected: Captain, R. S. Anderson. 1st Lieut., D. B. Hollingsworth, 2nd " Charlie Cheatham, 3rd " J. A. Dozier. 1st Sergt., T. B. Lanham, 2nd " A. T. Covar, 3rd " R. H. Covar, 4th " J. L. Ousts. Ensign, W. S. Covar. 1st Corp'l, L. G. Bell, 2nd " L. B. Reece, 3rd " J. A. Wier, 4th " J. P. Davis. Armorer, W. F. Paul. Sec'y and Treas., J. H. Carter. Chaplain, Rev. M. M. Brabham. Surgeon, Dr. J. G. Tompkins. Solicitor, J. Wm. Thurmond.

**Curryton Y. M. C. A.** We are glad to announce that the young men of historic old Curryton have become interested in Christian work, and have organized a Young Men's Christian Association with thirty odd members.

The officers are: J. M. Adams, president; J. P. Mealing, Jr., secretary; H. E. Mealing, treasurer. Mr. E. J. Barker, the chairman of the devotional committee furnishes us with a list of the topics and speakers for June and July, as follows:

- 1. "Our duty to God as our Creator," J. M. Adams.
- 2. "Our duty to each other," J. P. Mealing, Jr.
- 3. "The Christian's aim," H. E. Mealing.
- 4. "Listen to God and He will listen to you," S. L. Medlock.

**American Pineapples.** According to a recent article in the Youth's Companion, a group of five small keys lying off the extreme southern point of Florida is now the principal pineapple producing district of the world. Less than seven hundred acres altogether are here devoted to the cultivation of this fruit, but from this area 4,500,000 pineapples have been shipped to New York in a single year. The plant is propagated from suckers or slips, and 10,000 may be planted to the acre, two thirds of which will bear fruit, so that if a dollar a dozen could be realized, the crop would be a lucrative one. The most common variety is the Scarlet or Spanish, the one ordinarily seen in the North, on account of its good shipping qualities. Next in abundance is the Sugarloaf, a sweeter fruit but more delicate, and therefore more difficult to handle. Egyptian Queen, a large juicy fruit, is harder still to transport, and best of all is the Puerto Rico, a fruit weighing ten pounds, but so mellow that it is rarely seen more than two hundred miles from the place where it is growing. A field of pineapples, raised from slips, will bear for five years, though after the second year the yield steadily decreases. The field planted with suckers only yields for two years. After this the land seems exhausted, and its strength must be renewed with fertilizers, and by growing other crops, while plantations of pineapples are made in another field. The fruit which is allowed to ripen in the field is altogether superior in melting quality, rich flavor and wholesomeness to the hard, sour and indigestible specimens which must be pick'd while they are solid and green, so that they can endure a journey to Northern cities.

CORRESPONDENCE

[For the ADVERTISER.]

Items from Etheredge.

Mr. Editor: The cool weather remains with us, and it seems that all nature is now chilled and on the go back schedule. Two weeks ago the corn, cotton, gardens, and all drops throughout this portion of the country were looking fine, but they have made no progress since the cold snap set in. We trust, however, that the result will not be serious.

The farmers are all pretty well up with the hoeing and plowing, still they have work to keep them on the go, as the small grain is now ready to be harvested, which crop is far from meeting the expectations of the people. There are, however, a few fields of very good wheat, some good oats, but the majority of the people will not get to feed oats long.

Politics are very quiet in this portion of the county just now, we suppose the people are all waiting for the campaign to open. Then it is expected they will open too, though now they are so very silent that you would not know which side they were on, but we presume that, if they are not on one side they are on the other. Our past history here shows that we are always in it when "candidating time" comes along; but we would like very much to see the law-abiding, peace-loving people of this glorious, grand old "Palmetto State" be more moderate in regard to political affairs; her politics are beginning to be so corrupt that we don't know "where we are at." But we do know some of its bad effects. It causes father and son to disagree, it arrays brother against brother, it puts down society in a community and causes ill feelings between man and fellowman, and worst of all it hurts the cause of religion. Let the good people of this fair section, if not all over the State, awake out of that sleep in which they have so long slumbered, and let no political differences be known to them.

**SWARTZ.** Etheredge, S. C. [For the ADVERTISER.] A Letter With Powerful Little News in It, But a Powerful Strong Insistence that L. J. Williams Make the Race for the Legislature.

Mr. Editor: The cold snap injured crops in this section very much. From the present outlook cotton will be short at least one-third. Frost seems to have bitten everything but the grass, and with jack-frost and a jack-ass Congress there is no telling what is going to become of the farmer. Politics, as you know, at this club is hot, and growing hotter.

Alliancemen and Reformers in this section saw with regret a card in your last issue from Mr. Williams, declining to enter the race for the Legislature. He is strong both in mind and influence, and has always been loyal to our cause, and we feel that he should look upon it as a patriotic duty to serve us. Give us such men as Mr. Williams and Luther Reese in the Legislature, and the rights of the farmer will never be neglected. We call upon both of them to lead us. We are all glad to see how popular J. Wm. Thurmond, Esq., is growing. He was born near here and reared a poor boy, and all the success he has won his own merit deserved. His old friends will be glad of an opportunity to vote for him for the Legislature.

**REFORMER.** Poverty Hill, S. C. [For the ADVERTISER.] Blind Tigers Rampant Everywhere.

Mr. Editor: Blind tigers are springing up all over the county, and the North Carolina distilleries are flooding the county with their circulars giving the people their prices for corn whiskey, and also saying they now can ship them any quantities on the railroads, as there is no law to prohibit them from so doing. The result is the country is being stocked with whiskey. So much for the prohibition law! The prohibitionists are doing nothing in the country that I know of to prosecute these cases. They have been making strong appeals to the Legislature for a prohibition law and now they are doing to enforce it? Nothing that I can see. Generally speaking, what is everybody's business is nobody's, and nobody cares to take the trouble of prosecutions upon himself, and the trouble and expense of going perhaps backward and forward several times attending court as prosecutors and witnesses. Now that prohibitionists have for law they have been praying for lo these many years, they ought to be up and doing and work with all their might and strength to enforce it. Now is their time to see what progress they

can make to kill out the blind tigers that are in out of the way places all over the country. I am fearful they will not do much at it, as it is not as easy to do as it is to talk and write about it. There is no restriction now to keep railroads from bringing liquor into the State, and there will be great quantities of it brought in. When the dispensary was pronounced unconstitutional it was a difficult matter to ship liquor into the State. The railroads were so closely watched by the constables that they had very little chance to deliver liquor to parties whom it was for. Will the prohibitionists watch blind tigers as diligently as the constabulary did railroads bringing in liquor? I fear not.

**LOOKER ON.** [For the ADVERTISER.] Parkville Allianceman Wants Mr. L. J. Williams to Remain in the Field.

Mr. Editor: The friends of Mr. L. J. Williams intend to run him for the Legislature whether he wants to or not. He is two much of a patriot to refuse to serve if elected. We know he has repeatedly stated that he wanted no office, but, Mr. Editor, that is the reason we want him to run. I believe in that old democratic doctrine that, "the office should seek the man," and as we follow such a maxim we will always have good men in office. The friends of Mr. Williams therefore request, Mr. Editor, that you place his name again among the Legislature candidates.

**ALLIANCEMAN.** Parkville, S. C. [For the ADVERTISER.] A Clouds Creek Blunker Names the Five.

Mr. Editor: As the political campaign is about on us, we should begin to cast about for good men to represent us in the State Legislature. As a rule I am opposed to slates unless the people can have a say in it. I think all Reformers should have a chance to say whom they prefer, and hence don't you think it would be best to choose our ticket for the Legislature when we select our candidate for Governor. Then there would be no kicking, could be none, by disappointed candidates. Edgely county should be represented by men competent to lead, by men competent to sustain her reputation, and with this end in view, I beg permission to suggest the following ticket:

- Col. R. B. Watson,
  - Luther Reese,
  - L. J. Williams,
  - J. Wm. Thurmond, Esq.
- If these men will run, Edgely will have as strong a delegation in Columbia as was ever sent there.

**BLUNKER.** Clouds Creek, S. C. [For the ADVERTISER.] Bouknight Club Makes Some Endorsements.

WHEREAS, We believe the time has come when the people should choose from among themselves such representatives as are in sympathy with their movement, and such only as will represent and work for their demands, who do not see for themselves only, but such as will look to the interest of the whole people; therefore, be it resolved by the Bouknight Democratic Club.

1. That we endorse the noble stand taken by Hon. W. J. Talbert in Congress, and highly appreciate the excellent work done by him in the interest of his people.
2. That we endorse Hon. W. J. Talbert to represent the people of this district in the fifty-fourth Congress.
3. That we recommend George B. Lester to the people of Edgely county as a man in every particular fit to represent them in the Legislature. Mr. Lester has ever been found in the front ranks of reform, he is a man of intelligence, good practical judgment, and high character.
4. That we endorse B. L. Caughman and L. J. Williams for the Legislature.
5. That these resolutions be published in the Edgely ADVERTISER.

**B. F. SAMPLE, Chair, pro tem.** R. J. FULLER, Secretary. A Negro Lynchel. SANANNAH, June 3.—A special to The Morning News from Dublin, Ga., says: About ten days ago a negro was caught in the room of Mrs. Couney about fifteen miles from Dublin. The lady woke up, and the negro jumped out of the window and ran. He was arrested and put in jail here. Last night a mob entered the jail, bound and gagged the jailer, who was asleep, took the negro three miles from Dublin, tied him to a tree, and shot him about twenty-five times. The whole thing was done rapidly and quietly. Nobody had any idea that a lynching would be attempted. The coroner will hold an inquest.

Big stock Saddles, all prices, just received at Ramsey & Bland's. Will almost make your pants laugh to ride on one of them.

Blood and Skin Diseases Always Cured. B.B.B.

**BOTANIC BLOOD BALM** never fails to cure all manner of Blood and Skin diseases. It is the great Southern Balm for curing all manner of skin and blood diseases. As a building up tonic it is without a rival, and absolutely beyond comparison with any other similar remedy ever offered to the public. It is a panacea for all ills resulting from impure blood, or an impoverished condition of the human system. A single bottle will demonstrate its paramount virtues.

Send for free book of Wonderful Cures. Price, \$1.00 per large bottle; \$5.00 for six bottles.

**WHISKEY!!!** To the Whiskey Trade and Whiskey Drinkers:

If you will drink North Carolina Corn Whiskey, I want to sell it to you.

Price by the bbl. - - - \$1.20  
Price by 4 gal. kegs. - - - 1.25  
Price by short pints, 10 to gal., (3 gals. in case) \$1.35.  
Price by short quarts, 5 to gal., (3 gals. in case) \$1.30.  
Price by full quarts, (3 gals. in case) \$1.30.

Case goods landed freight paid. I do not remember a town in South Carolina that formerly had license in which my whiskey is not well known.

Capacity of distilling 180 bushels per day. I do not sell any whiskey but what is made in my own distillery.

Parties ordering, whom I do not know will please send money by postoffice order or check.

When ordering state whether you want water white or colored.

J. B. LANIER,  
Salisbury, N. C.

SUMMONS.

STATE OF SOUTH CAROLINA, EDGEFIELD COUNTY.

Court Common Pleas.

Summons for Relief.

Complaint served. E. J. NORRIS, Plaintiff, against Mrs. M. A. EICHELBERGER, Defendant.

To the Defendant Mrs. M. A. Eichelberger. YOU are hereby summoned and required to answer the complaint in this action, of which a copy is herewith served upon you, and to serve a copy of your answer to the said complaint on the subscribers at their office at Edgefield C. H., S. C., within twenty days after the service hereof exclusive of the day of such service, and if you fail to answer the complaint within the time aforesaid, the plaintiff in this action will apply to the court for the relief demanded in the complaint.

Dated March 23, 1894. NORRIS & CANTELOU, Plaintiff's Attorneys. To the Defendant Mrs. M. A. Eichelberger: YOU will take notice that the summons and complaint in the above stated cause were filed in the office of the Clerk of the Court of Common Pleas in and for Edgefield and said State on the 16th day of May, 1894. Attest: JOHN B. HILL, C. C. C. P. NORRIS & CANTELOU, Plaintiff's Attorneys.

Notice, Gin Owners.

Examine your gin ribs and see if they are worn, and if they are replace them with the

Lemain Patent Gin Rib,

it prevents notes from being pulled through with the lint and cotton from collecting between the ribs which causes nearly all fires in gin houses, it also cleans your seed much cleaner. Gives you a better sample thereby increasing your custom. They pay for themselves in one season's ginning.

The Lemain Rib

has a removable wearing plate just where the saws pass between the ribs, this plate is made of hard steel and can be removed by simply pressing down a spring, and at a cost of only FIVE CENTS. So when you put in the Lemain Rib you never have to buy another set, and can always renew for only five cents. It will be money in the farmers pocket to gin his cotton on these ribs.

For particulars address, P. J. BOATWRIGHT, DARLINGTON, S. C.

If you need new ribs in your gin write to P. J. Boatwright and he will send an agent to see you.

Sample rib can be seen at G. B. Courtney's Gin Shop, Edgefield, S. C.

Young Oxen for Sale. ONE yoke of fine young oxen, large and well-broke. Apply at this office for particulars.

The Old Hickory Wagons, incomparable forever, still take the lead everywhere. Ramsey & Bland can supply you and send you home happy.
