The Medical Age thus illustrates the difference in home training:
A distinguished lady of wealth and influence, noted for model specimens of children, was asked by a friend and

mother: "Why are my children sickly and croupy, and yours always free from such conditions?" The reply was:

"You rear your children indoors, I mine out; your's are educated to be waited upon by your servants, I discipline mine to wait upon themselves; my children are early to bed, and you give parties for your's with late hours, and allow them to attend parties and keep late hours from home, fashionably dressed; my children have plain, wholesome food, adapted to their years, your's eat sweetmeats, rich and highly seasoned dishes, and are overfed generally; I teach mine to love nature and to feel that there is nothing arrayed so finely as the lily of the field, the bees, and the butterflies; that there is nothing so mean as a lie, nor anything so miserable as disobedience; that it is a disgrace to be sick, and that good health, good teeth, and good temper come from plain food, proper clothing, plenty of sleep, and being

The regions of the Little Colorado river in Arizona abound in wonderful vegetable petrifactions, whole forests being found in some places which are as hard as flint, but which look as if but recently stripped or their foliage. Some of these stone trees are standing just as natural as life, while others are piled across each other just like the fallen monarchs of a real wood forest. Geologists say that these stone trees were once covered to a depth of 1,000 feet with marl, which transformed them from wood to solid rock. The marl, after the lapse of ages, washed out, leaving some of the trees standing in an upright position. The majority of them, however, are piled helter-skelter in all directions, thous-ands of cords being sometimes piled up in an acre of ground.—Cincinnati Commercial Gazette. Commercial Gazette.

The Case of George Thompson a Strange One---Even Physicians Were Puzzled --- A True Story That Reads Like Fiction.

A Gazette reporter having heard that Mr. George C. Thompson, who lives about sixteen miles from Darien, had been greatly benefited by the use of Dr. Williams' Pink Pills, called upon him last week to learn the particulars of his cure. Mr. Thompson is a young man of about

dially, and spoke freely about his case. for eighteen years, would you?" asked he, power is required to enable it to mount and the reporter, after noticing his strong, healthy frame, the ruddy hue of his checks and generally stalwart appearance, was forced to admit that no one would think so. "Well, I'll tell you," said Mr. Thompson, "from the time of my birth until three years ago, I never saw a well day. My parents spent as much as their limited means could afford to restore my health, but with no avail. I never grew very much, and when I was eighteen I looked like a boy of twelve. I had no energy, no strength. It was a hard task for me to move about. I was thin and pale—ghastly in fact. I suffered greatly from headaches, and was rarely free from my food.

> I can never repay."
>
> Mr. Thompson then introduced the reporter to his parents, who are both strong and healthy looking. They fully bore out the young man's statement in every particular. "If you had seen my son three years ago, when he was a pale-faced, listless wreck," said his mother, "you would realize how great a change has been made in his health by Dr. Williams' Pink Pills."
>
> Dr. Williams' Pink Pills for Pale People was now given to the publicas an unfailing are now given to the public as an unfailing blood builder and nerve restorer, curing all forms of weakness arising from a watery condition of the blood or shattered nerves. The pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenec-

twenty-one. He greeted the reporter cor-"You wouldn't think that I had been ill I had no appetite and never enjoyed

"You may well imagine that in the face of all this life was a burden to me. Many time I thought I'd be better dead and wishe that I might be taken. Doctors seemed to do me no good. They said my case was one of 'arrested development,' and prescribed tonics, but their medicine had no effect upon me. I grew weaker and weaker. At last me. I grew weaker and weaker. At last, three years ago, I began to take Dr. Williams Pink Pills. From the first box I took I began to improve. I have taken since then about two dozen boxes of the pills, with the result that you see. My appetite is excellent, I am very much stronger than I was, and never have headache any more. In the past three years I have grown more than I did in the first eighten years of my life put to the first eighteen years of my life put to-gether, and I fully believe I owe my cure to Dr. Williams' Pink Pills. 1 owe them a debt

A Mechanical Horror.

Machinery, a monthly journal, pub-

lished at Johannesberg, South Africa, gives an account of a most remarkable clock belonging to a Hindu prince, which the editor thinks the strangest piece of machinery in India. Near the dial of an ordinary looking clock underneath, scattered on the ground, is a pile of artificial human skulls, skeletons. When the hands of the clock indicate the hour of 1, the num with a snap, by some electrical congong, strikes one blow. This finished, it returns to the pile and again falls to pieces. When 2 o'clock, two skeletons get up, and strike, while at the hours of noon and midnight the entire heap springs up in the shape of twelve skeletons, and strike, each one after the

falls to pieces, as before.

organs on which it acts. It is therefore all important, in order to get its bene-

ficial effects, to note when you pur-chase, that you have the genuine article, which is manufactured by the California
