

LOCAL BREVITIES.

The "All Day Suckers" at Will Dunovant's are true to name.

Mr. W. Scott's saw mill in our suburbs will be removed to the work to lands of Mrs. Laura Ready near Mr. Frank Warrens.

We heard a much travelled gentleman a few days ago that he had often gone to the theatre in New York and paid \$1.50 or \$2 to see a play that did not equal the entertainment at the Edgefield Institute last Friday evening.

And the little boy was probably right when he said that, the reason there was no marrying in Heaven was that there would not be enough men there to go around.

One of Edgefield's most distinguished physicians will soon lead the citizens in a healthful and profitable excursion to the northeastern portion of our State where Rock and Hill if not brook and rill gave name to a city.

Eleven marriages to take place in Edgefield during the winter although one of the original nine has slipped the bride. It has passed the sporadic and has now risen to the dignity of an epidemic.

Edgefield has five physicians of whom four are in a state of single blessedness. But if current rumor be correct these four are marked and branded for sacrifice on the altar of matrimony before the robins even dream of nesting again.

The corn crops in Edgefield county are not so good by 3 1/2 per cent as they were last year this time, on the other hand cotton is as far above.

Mr. Jim Wood has come back to Edgefield and has opened a shoe shop close to Scout Gray's stables. He says he will make shoes from 25cts a pair up to 50cts a pair.

County candidates will please remember that if they do not file their pledges before the first county canny meeting they can't file them at all until 1898. This is the constitution and the law.

Fruit Jars, quarts and 1/2 gallons, at—W. L. Dunovant's.

The hot sun of the past week, distressingly uncomfortable to human kind, destroyed all the lice on the cotton. Sometimes we think that there is no evil under the sun that is altogether evil.

This being leap year the girls should bear in mind that a brown-eyed man is a poor provider, a black-eyed man is high tempered, a grey-eyed man is jealous and a blue-eyed man is likely to become a drunkard. By noting this a girl can select a husband to suit.

It is said that yellow fever is being successfully treated in Brazil by a refrigerating process. The patient is placed in a box for three days, the temperature of which is only one or two degrees above freezing point the theory being that the bacilli of the disease cannot reproduce themselves except in a high temperature.

The Eome Mutual Fire Protection Association of South Carolina offers great inducements to all who want protection from fire and lightning. We insure in both town and country. Mr. Jone E. Swearingen, son of Mrs. John C. Swearingen, is mentioned among those who received honors at the South Carolina College at the recent commencement. He was highly distinguished in Latin, French, German, English, and mathematics. The Columbia State says of him: "Mr. John E. Swearingen of Edgefield county is the foremost student in the Freshmen class of the South Carolina college. He is blind and is obliged to have all his lessons read to him, yet stands 'highly distinguished' in every study."

A Texas paper says the alliance has added three new planks to its platform as follows: "The first one is to cross the lightning bug on the honey bee so that the latter can see to work at night, thus doubling the people of the world and making it cheaper to the consumer. The second plank demands that the hog shall be crossed with the centipede, so that each hog will have three times as many legs as it has now. The third plank proposes to engrave the strawberry upon the milkweed so that the people can have strawberries and milk without going to the trouble of mixing them." These planks are so seductive that it is expected that every one will hop over to the third party.

THE EDGEFIELD INSTITUTE Closing Exercises, Evening of June 26, 1896.

The very large audience that attended the closing exercises of the Edgefield Institute on Friday evening was the best possible evidence our people could give of their confidence in, and admiration for, the able faculty of this institution, and their interest in the lovely children of the town.

The programme promised a rare treat, and truly no one present was disappointed—from the opening number of the concert to the final tableau the audience sat spell bound, indicating by hearty applause and vociferous encores their delight and appreciation.

The music was of a high order, showing the taste and culture of Miss Gwaltney, who is in charge of this department. The selections played by Miss Gwaltney and Miss Marcella Gwaltney were rendered with a perfection of technique and style rarely attained. The music pupils have been well trained and reflect great credit upon their accomplished teacher. The Misses Mary and Anna Butler played with grace and ease. Miss Lillie Sheppard executed several instrumental pieces with wonderful skill for such a youthful performer, and sang very sweetly.

The mandolin solo by Miss Marcella Gwaltney so delighted the audience that they clamored for a repetition, which the young lady graciously granted.

In the operetta the girls and boys succeeded well in their efforts to entertain the audience. It was a veritable peep into fairyland to look upon the flitting, dancing figures in their rich setting of gauze and tinsel and light, moving with graceful rhythmic steps hither and thither among ferns and mosses and flowers. All did well. All looked lovely. Each one deserves a paragraph, but lack of space prevents such a lengthy eulogy, so we will only say that Miss Julia Tompkins, and James Jones, the handsome king and queen of the fairies, acted their parts with royal dignity.

Miss Lillie Sheppard as Echo, Joe Holland as Narcissus, little Baldwin Carmie as Cupid, and tiny

Lillie May Fisher in her skirt dance elicited great applause. Ah, fairy Lillie May danced with the grace of Carmoita and was a vision of entrancing loveliness. The final tableau was unsatisfyingly short, showing as it did all the children in graceful poses with the brilliant calcium light thrown upon their lovely, innocent faces.

Gold medals were awarded Misses Helen Sheppard, Curran Hartley, Julia Tompkins, Henriette, Kate, and Maxie Sheppard, for most regular attendance, best lessons, and best deportment. Miss Curran Hartley also received a gold medal for spelling. Dr. Gwaltney delivered the medals to the bevy of beauties in a graceful little speech.

A large portrait of the great musical composer, Mendelssohn, was awarded by Miss Gwaltney to Miss Kate Butler for her faithful application to the study of music—a token of her "esteem and admiration." Dr. Gwaltney presented the picture to the fair and talented recipient in a few words eloquently descriptive of the compositions of the master.

We congratulate Dr. Gwaltney and the ladies associated with him in the management of the Institute upon the successful close of their year's arduous labors, and we tender to teachers and pupils the thanks of the community for having afforded us so delightful an entertainment.

Round About Callison's. We have been blessed with many things from the hands of a Heavenly Father since I wrote. Among the manifold blessings, he has sent to us a most delightful season upon our crops, which we so badly needed. I trust we shall all feel grateful for the blessing we receive from his hands.

Our crops look promising. Mr. Abbie Reel has the finest in this section; he is a first-class farmer. Since I wrote last, it has been my sad duty to visit my father Mr. M. Timmerman, who has been, and still was when I heard last, quite sick with typhoid fever, he lives in the Red Oak Grove neighborhood. I trust ere this he is convalescing. I think I am safe in saying that Mr. Timmerman has the finest prospect for a good crop that he has ever had.

Every afternoon there is seen in Edgefield, astride a handsome bicycle, a smiling, winsome, vivacious, blue-eyed girl who is the cynosure of all eyes. She looks the pink of perfection in her pink shirt-waist, brown bloomers and sailor hat. She is one of the main attractions at Penn's Mammoth Thousand Dollar Soda Fountain where everybody goes to refresh themselves this hot weather. She advertises, for the face and hands; Witch Hazel Soap, for bathing; Frog in Your Throat, for coughs and colds; Eye Wash, for sore eyes; Glycerine Jelly for sunburn; and Phenol Solution, for cuts and bruises. Penn will let you have any of these remedies for only ten cents. Think of it! They are the best in the world.

I am glad to have the pleasure of informing the readers of the ADVERTISER that childrens day will be observed with Bold Spring Baptist church 4th of July. We welcome all our friends on that occasion, and hope to make it both a pleasant and profitable day to all who may attend. "Come for all things are now ready says Isaiah."

Mr. Editor, what has become of Rip Van Winkle? He used to write to the paper occasionally, I want to ask "Rip" a question and I believe he will answer. Look here "Mr. Rip," tell if you please how that western corn of Mr. Trapp McMaons is looking? I would like to get some seed for next year as it is so fine, don't "make at all."

Miss Sallie Reel of the Berea neighborhood has been up on a visit to see her relatives and friends. We were glad to have her with us, she is now visiting relatives in the Sandy Ridge section, Mrs. Mollie Mathews.

R. S. Kemp has come home for a vacation after a five years absence from his home. He has been living in the city of Charleston that length of time.

The Lord willing this writer will deliver an address at Sandy Ridge school house on 1st Sunday evening in July. Subject: "Let both grow together."

For fear of worrying the patience of the readers of your valuable paper I will conclude.

STUDENT. Callison, S. C., July 24, '96.

Whereas, it has pleased our Heavenly Father, in the dispensation of his providence, to remove from our midst our beloved brother, teacher, friend, and neighbor, A. J. 4th, That while we believe that our loss is his eternal gain we would say

Farewell dear brother! farewell! Thy short life done, Thy early cross laid down, Thy glorious robes of life put on The never fading crown of life well won

Farewell! A short farewell, We soon shall meet In that best tearless land, And thy pure ransomed spirit greet With the thrice glorious band At Jesus feet.

Poor soil

and exhausted fields which were once productive can again be made profitably fertile by a proper rotation of crops and by the intelligent use of fertilizers containing high percentages of

Potash.

Strikingly profitable results have been obtained by following this plan.

Our pamphlets are not advertising circulars boasting special fertilizers, but are practical works containing latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free for the asking.
