The South Carolina Co-Educational Institute is already full to overflowing and still they come. Nearly every day last week they poured in on every train, in buggies and carriages. On Saturday fifteen, on Monday of this week a whole carload, more or less. And yet there is room for more, for even though there may not be room enough for all at the Institute, there will be in town. By the way, there are forty-two rooms in the Institute and more will be added.

Luther Reece, night watchman at the cotton factory, met a 'possum on the factory steps the other night coming down stairs. Luther was so surprised that he exclaimed "O! H. Jackson and Wm. H. Jacktion of the diseases mentioned, but he may be right. We do know that, so far as our individual experience is concerned, salt is at once the cheapest and most benignant preservators of health. No headache or neuralgia or congestion can get lodgment of any duration when salt and water are procurable before breakfast. Other people may be differently constituted. An old friend of ours, 80 years of age, a marvel of body for his years, ascribed his good condition to the judicious 130 of salt. The Hindoos say that their freedom from throat disease comes from saline gargles daily. A Hindoo mother teaches her infant this habit and sees that it is practiced. Salt is one of the greatest blessi 3 when used with freedom and discretiou, and this was pointed out years ago by the late eminent Dr. L. A. Dugas.

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood

Ecsema broke out on my daughter, and con daved to spread until her head was entirely overed. She was treated by several good doctors, out grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many

petent medicines were taken, but without result, until we decided to try S. S., and by the time the first bottle was finished, her head began to heal: A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.
