

LOCAL AND PERSONAL.

Hon. John Gary Evans was in Edgefield for a few hours on Saturday last.

A nice little shower on Monday night of this week, the forerunner no doubt of other and larger downpours.

Mr. D. B. Hollingsworth's steam thrasher is now ready for the season's work. If you wish him to come to your house see him or drop him a postal.

Prof. J. J. Nichols, the magnetic healer, of Augusta, Ga., is at Mayson P. O., in this county, treating some difficult cases; thence he goes north for the summer.

Capt. Ras. Mims, of Augusta, Ga. has rented the Griffin place on the hill and will remove thither with his family in a few days. Quite an acquisition to Edgefield society.

We are gratified to state that our esteemed townsman Capt. Jas. Bennett has entirely recovered from a recent severe bilious attack, and is able to be out on the streets again.

In our account of the commencement last week we made Rev. Mr. Daniel the pastor of the First Baptist church of Abbeville. It should have been the First Methodist church instead.

The stands of cotton in Edgefield county are nothing to brag of anywhere, but in the red lands they are very poor. The oat crop is not a good one. The one good point to speak of is that, we have no grass as yet.

That Apple Butter, in three pound cans, on sale at Bub Sheppard's, is superb—fresh and delicious. We know whereof we write, because we've tried it. And we are an expert judge as to sweet nice apple butter and hot biscuits, batter cakes, etc.

Capt. Stan Ryan had a sick gobbler. He, Stan, not the gobbler, came to Edgefield and bought some of Penn's Bitters, and gave the gobbler a dose. In an hour he commenced gobbling, gobbled all that day and night. Stan says he and the gobbler are both now quite well, and still gobbling.

Mr. R. H. Mims, who has been a honey-bee man for the last half century, is now offering his entire stock in the bee line—hives, bees and all—at low figures, as he is going to wipe his hands of the whole business. We did not ask why he had resolved to be an apiarist no longer from this date—but if you want to know, ask him.

Hon. Geo. W. Turner died at his home near Vauluse, Aiken county, on Thursday morning of last week. Mr. Turner at one time represented Edgefield county in the legislature, and leaves a widow and a large family, besides troops of friends to mourn his departure. He was a man of generous impulses and did many good deeds, deeds of kindness which have not been rewarded on this side.

We acknowledge the receipt of an invitation from Prof. W. D. Holland, to attend the commencement exercises of the Johnston Institute from June 1-14. The graduating class consists of four, all young ladies, viz: Miss May Norris, Miss Susie Gunter, Miss Weina Lewis, Miss Bulah Banks. There will be addresses by D. A. Tompkins, of Charlotte, N. C., and Gen. M. C. Butler. The commencement sermon will be preached by Dr. H. R. Mosely.

At the competitive examination held in Blackville on Saturday for the appointment to a cadetship at West Point, Tillman Bunch, son of Dr. G. A. Bunch, of Edgefield, won the prize. Young Bunch was a student of the South Carolina Co-Educational Institute during the session just ended. It is also a notable fact that the four who stood highest at the Blackville examination three were students of the S. C. C. I.

What the town of Edgefield wants to do now, wants in the sense of anxious to do, is to issue fifteen thousand dollars of school bonds bearing interest at 4 1/2 or 5 per cent., sell these bonds at par or above and build for Prof. Bailey a structure on the old Academy grounds that will fill the bill and be an ornament to our town. Of course we must do away with the present tax for municipal purposes, which is altogether unnecessary.

Mr. Joseph Long and wife, of Mt. Willing, were in town on Monday, looking well and happy. Mrs. Long, formerly Miss Fannie Christian, daughter of Mr. Henry and Mrs. Martha Christian, both of whom died years ago, was present to superintend the erection in our cemetery of monuments over her father, mother and little brother. Mr. Barnes, the contractor, furnished and put up the tombs, and the work has been well and beautifully done, and is very creditable to him.

Prof. F. N. K. Bailey has been appointed by Superintendent McMahan inductor of the summer school for teachers for Edgefield county to be held at Edgefield this summer for one month. Miss Sallie Bailey has been appointed conductor or director of the music school. This summer school opens July 15th, if we remember right, and its sessions will be held at the institute. The cost to teachers will be simply enough to pay for their private while in attendance.

Your Adams, son of James B. Adams, of Westside, took one of the medals in the S. C. C. I. competition just ended. We mention this fact to call attention to the fact that printer Bud Russell is at this matter: 'This is the first time the history of Edgefield county an Adams ever took a medal for writing, and they, the Adams, even here in Edgefield one hundred and twenty-five years to my own wife, and recollection.' Bud says the more that he ought to know to, 'been setting type after one of the printing for twenty-five years.'

Mr. Willie Davis, aged about 45 years, died at the residence of his brother, Mr. Bland Davis, near this town, on the 20th inst. Some three years ago Mr. Davis accidentally shot himself, and ever since then has been an invalid. But prior to that date, he was known as an active, energetic and good farmer, and for many years was the stay and support of his widowed mother and the younger children. And he discharged the trust imposed upon him manfully and well—faithfully and lovingly. And now that aged mother and brothers and sister, together with many friends, sorrow and lament his loss. He was kind-hearted, honest and true. Peace to his memory. Heaven rest his soul.

Alumni-Alumnae Society. We have heard some speculation as to the meaning of the hyphenated word alumni-alumnae. We never had in our midst before a co-educational institution, hence we have not seen these two words in such close juxtaposition. Alumni is the masculine plural of the Latin word alumnus which means latterly a graduate. Alumnae is the feminine plural of the same word. Hence the Alumni-Alumnae Society of the S. C. C. I. simply means in English the male and female graduates of the S. C. C. I.

McCormick Movers and Rakes, Reapers and Binders.

I am agent for these goods, McCormick Mower, one-half, \$22.50, payable November, 1899, balance, \$22.50, payable November, 1900. McCormick Reaper and Binder, latest and lightest three horse, payable one-third, \$45, November, 1899; one-third, \$45, November, 1900; one-third, \$45, November, 1901. If you are a large planter of grain, say sixty acres, you will pay out cash \$45 for cutting and binding your grain this season, on the other hand you should take in this cutting for other people. Also sell Threshers and Separators. E. J. NORRIS.

Scholarship Examinations. The Examinations For The award of scholarships in Winthrop College, and for the admission of new students, will be held at our County Court House on Friday, July 21st at 9 a. m.

Applicants must not be less than fifteen years of age. When scholarships are vacated after July 21st, they will be awarded to those making the highest average at this examination.

The cost of attendance, including board, furnished room, heat, light and washing is only \$8 50 per month. For further information and a catalogue address Pres. D. B. Johnson, Rock Hill, S. C.

Mrs. John Clegg.

This lady the wife of Mr. John Clegg of this city, died at her home Tuesday night of congestion of the bowels. Mrs. Clegg's illness was of short duration. She was up the street last Saturday and had her photograph taken. Mr. Clegg was Miss Hassie Corley, the daughter of Mr. Vincent Corley of the Kirksey section. She was a member of the Baptist church of this city. Dr. Forrester went to Mountain Creek Wednesday with the remains and conducted the services at that place where the interment took place. Besides her husband she leaves nine children and a large number of friends and relatives to mourn her loss. We extend to them our heartfelt and most sincere sympathy.—Greenwood Journal.

Brave Men Fall.

Victims to stomach, liver and kidney troubles as well as women, and all the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, (Fayetteville, Ind.). He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at all Drug Stores. Every bottle guaranteed.

Capt. Jim Miner's Latest Piece.

This section of Edgefield county, Liberty Hill or Longmires, is a fine section for dirt daubers, because there is so much mud here in the winter, in fact every time it rains. It is called Longmires because in rainy weather there is a long mire from here to Edgefield, hence the name; and this reminds me that there used to be an old writing school teacher here by the name of Dunmire, past participle Dunmutton. He always spelled pepper with one "p," thus peper. This old writing teacher had two favorite pieces of poetry he invariably used in his copy books for the pupils to write after, to wit:

A man of words and not of deeds Is like a "garding" full of weeds.

And A man of deeds and not of words Is like a "garding" full of birds.

The last two lines we have always supposed to be original with Dunmire, we boys always called him Dunmutton.

But I have wandered from my subject. I started out to ask you if you have heard or seen anything of Jim Logan? It is rumored up here that he has gone to Charleston to the reunion, and if that be so it is time he was getting back. It has been frequently reported that Mr. Jim Logan had gone to divers places, New York, Boston, Chicago, New Orleans, etc., one man even had the cheek to say that he had "gone to work!" By the way did you ever know or hear of the reason why you never see or never will see a dead gray mule or a dead jackass? Well, the people up here say that these quadrupeds all turn to old field school teachers, and as a consequence you never see a dead gray mule or jackass. Ask Albert Nicholson about it; you might also ask him if he believes in the ancient Egyptian doctrine of Metempsychosis, or the more modern doctrine of Theosophy on the same subject. Albert knows. Yours, JIM MINER.

BAY STATE SHOES.

We are sole agents for the Bay State Shoe and Leather Co. You pay no jobbers profit, direct from manufacturer to consumer. We have just opened 47 cases of these celebrated shoes, others yet to arrive. See our Men's Shoes at \$1.00, \$1.25, \$1.50. See our Men's Low Cut shoes, \$1.25 to \$3. See our Children's and Misses' Stock of Shoes and Slippers. Prices, quality and styles are right. Our stock of Clothing is Unsurpassed. Hat and Furnishing Department complete.

DORN & MIMS, AT E. B. HART STAND.

Food Value of An Egg.

Six large eggs will weigh about one pound. As a flesh producer one pound of eggs is equal to one pound of beef. About one-third the weight of an egg is solid nutriment, which is more than can be said of meat. There are no bones and tough pieces that have to be laid aside. Practically an egg is animal food, and yet there is none of the disagreeable work of the butcher necessary to obtain it. Eggs at average prices are among the cheapest and most nutritious articles of diet. Like milk, an egg is complete food in itself, containing everything that is necessary for the development of a perfect animal. It is also easily digested if not damaged in cooking.—Presbyterian Banner.

The Charlotte Observer says that, "The truth is that the more we hear of the war in the Philippines, the less we find in it to commend. The Baltimore Sun tells the truth when it says that the war we are carrying on against our 'rebels' in the Philippines resembles closely the devastating war Spain was carrying on in Cuba when we interfered. Says the Sun: 'Spain was blamed for killing Cuban patriots, arresting industry and commerce, devastating the country and making slow progress. In the Philippines we have killed far more of the natives than Spain ever killed in Cuba, and as some of our soldiers report that no quarter is given to the Filipinos, we cannot claim much superiority to Spain in the point of barbarity.' The God of Battles may be on our side in a fight of this kind, but He is not inspiring us with strength."

chosis, or the more modern doctrine of Theosophy on the same subject. Albert knows. Yours, JIM MINER.

Preserving Surplus Summer Butter.

About the most convenient way of preserving a small quantity of butter for future family use is to wrap each lump of butter by itself in a clean and moistened piece of thin muslin and then pack in stone jars. Tubs will do if perfectly sweet and not leaky. Keep the butter covered with a clear brine made by bringing to a boiling point and holding for some minutes a solution of salt in water. It should be made of good butter salt, free from odor, and pure water, and the solution should be saturated, i. e., there should be as much salt added as will dissolve. After boiling slightly for eight to ten minutes, set in a cool place and when thoroughly cooled the brine may be poured over the butter. Be sure to keep the butter well under the brine by means of a slight weight placed on top of it. If the butter is allowed to float it will come in contact with air and be injured. The boiling removes the air from the brine and destroys the ferments which may be present in the salt or water. Keep the jars covered and on the bottom of the cellar or other cool place. If tubs are used put them on a board or a stone to prevent the hoops rotting off. It ought to be understood that butter for long keeping must have the buttermilk very thoroughly removed at the time it is made. Treated in the manner indicated there should be no difficulty in preserving the summer butter surplus for the following winter and spring consumption.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into mental power. They're wonderful in building up the health. Only 25c per box. Sold by all Druggists.

A. B. Williams, editor of the Greenville News, claims that the Baptist church has ex-communicated the state of South Carolina. During its recent session in Louisville, Ky., the Southern Baptist convention agreed upon a resolution to exclude all liquor dealers from membership. This, Mr. Williams claims, includes the state of South Carolina and also the individual citizens who compose the state.

When President Taylor, of Vassar, was considering his call to the presidency of Brown university, a student of the latter institution telegraphed thus to Vassar girl whom he knew: "The Taylor makes the man. We have a thousand men." After the announcement of the president's decision the Vassar girl responded: "Wear your old clothes. We keep the Taylor."

Red Hot From The Gun. Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible Ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruptions. Best Pile cure on earth. 25c a box. Cure guaranteed. Sold by all Druggists.

The Waycross Journal reminds the farmers that even at a moderate rate of drinking they drink up an acre of land every year.

Civilization is advancing in the Philippines, 3,000,000 bottles having been shipped there since Dewey did it.

S. H. MANCET, Newsdealer and Bookseller.

TRENTON, S. C. Popular Papers and Periodicals on sale. Publications not in stock ordered promptly.

A carefully selected stock of Spalding's Base Ball Goods, including Sorre Books, Balls, Mitts, Bats, etc. Spalding's Base Ball Guide for 1899, 10c; postage 2c. Patronage solicited.
