Miss Ida Covar. Mr. Adolph Lesser leaves in a few days for Edgefield, where he will enter the Co-Educational Institute.—Augusta Chronicle.

Creosote Shingle Stain. Something rather new in Edgefield is the painting of the roofs of residences. The majority of us have been thankful to get the body of the house painted, and have left it to the energies of nature to decorate the covering, for it is a fact that if left to the tender mercies of the storms that beat, and the rains that pour, and the streaming sunshine, these coverings soon assume a silver sheen that no artist can rival.

Edward H. Anderson. Edward A. Anderson, a native of Spartanburg county, has achieved a great triumph in electrical work. He ranks among the best electricians of the world and has been signally successful. His plans for the electric power and light equipment of the great underground railway of New York have been accepted over those of many of the foremost engineers of the country.

GOOD ROADS CONVENTION. Convened Monday at 10 O'clock in the Court House.

The Good Roads convention of Edgefield county met in the Court House at Edgefield on Monday, September 9th, at which time the society was addressed by Senator Benjamin R. Tillman, State Geologist J. J. Holmes, of North Carolina; M. C. Butler, J. C. Sheppard, T. H. Rainsford, W. A. Strom, P. B. Mayson, J. M. Bell, J. W. Thurmond, L. J. Williams, S. McGowan Simkins, D. A. J. Bell, A. A. Edmunds, John R. Tompkins, D. D. Padgett upon "The best method of improving our public highways."

The various committees were appointed, after the convention had organized itself into the Edgefield County Good Roads Association. W. J. Talbot, president; L. J. Williams and J. W. Thurmond, vice-presidents; W. B. Cogburn, secretary. Two executive committees were appointed from each township to report at a meeting to be held October 7th.

The speeches were all good and suggestive. Mr. Holmes touched the keynote when he said that first of all it takes money to build good roads. We may talk about and advocate them, but we must have money before we can build them.

A committee of five was appointed to draft resolutions and report same through the press, viz: J. C. Sheppard, M. C. Butler, Dr. H. A. Shaw, Whit Lanier, N. G. Evans.

Mrs. C. J. Burton and the children have arrived in Edgefield and are occupying the Mrs. Fowler's house on Main street. Every woman loves to think of the time when a soft little baby, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called "Mother's Friend" which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, coming sickness and the loss of the girl's figure. An intelligent mother in Butler, Pa., says: "I used Mother's Friend liniment, and I had to pay \$5 per bottle for it." Get Mother's Friend at the drug store.
