S. C. C. I. News. Another teacher will be added to the music department of the Institute this year.

All of the faculty of the Institute will arrive in town on Monday of next week, three days before the arrival of the students.

Our town will don gay colors next week, in honor of the South Carolina Co-Educational Institute. Throw aside the sombre hues, and let us be merry once more.

Every room in the Institute building and barracks, Nos. 1 and 2, are taken, and 25 applications yet unprovided for. The people recognize a good thing when they see it.

Mrs Stagers, who was so much esteemed by the people of Edgfield during her stay in the Institute as matron, will return this year, and resume her duties in that capacity.

All sorts of improvements are being made in the Institute building, preparatory to the hospitable reception of teachers and students next week. A number of rooms are being painted, the entrance floor also, and new rugs and other attractive adornments are being put in.

Children's Day. Last Sunday evening in the Baptist church, the children of the Sunbeam Mission society enjoyed their annual Children's Day Exercises.

Quite a full congregation assembled to listen to their songs. Grown-up people are always interested seeing these works of the children which tend to develop them. And the noble sentiments which they learn in the songs that they sing and the selections which they recite have a striking tendency in this direction.

Is it not well to help the little ones to become saturated as it were with the pure, the bright and the beautiful, and crowd out the evil and demoralizing? A little boy on one occasion was passing along the road whistling and singing and as he passed observed another little fellow sitting idly on the roadside; said the first, "come and go with me fishing." "Oh, no," said the second, "I have got these old cows to carry to pasture and don't have time to play."

"Oh," said the other, "but you are not doing it." I learned when I was a little fellow this rhyme:

"Work while you work,  
Play while you play,  
That is the way  
To be cheerful and gay."

"Ever since then I have tried to live by it, and now I have finished my work and have time to go fishing."

Another little servant girl one morning found herself very much rushed with work, and seemed discouraged, but suddenly brightening up she began to repeat a little verse she had previously learned:

"Children, are you trying  
All your work to do?  
Idleness and crying  
Will never help you through."

By learning these sentiments in early childhood they become such a part of the child that the idea is fixed as a habit of mind and becomes a beneficent influence throughout the whole after life.

The Rev Dr Gwaltney encouraged and helped the children and gave people in a short talk, after which the whole congregation joined in singing "Shall we gather at the River."

The Good Roads meeting to be held the first Monday in October will be a meeting of the executive committee, and not a mass meeting. We have a letter from Mr W J Talbert which we will publish next week.

The famous publication entitled "Men," which is published in Chicago, for the spiritual and intellectual interest of men, has in its last issue the photographs of two of Edgfield's sons, John Lake and Tom Lanham, both of whom are now citizens of Kentucky. May they continue to grow and prosper!
