Attention, Pickens and Wise!

Some time ago the undersigned were appointed a committee to take into consideration the question of the bonded indebtedness of Pickens and Wise townships, and were requested to report to a subsequent meeting. Now, that the time for the payment of taxes has expired, and no rail road taxes have been paid, so far as we know, and the legislature is soon to convene, it is important that the people of the two townships shal again meet and consider this most important and serious matter. We therefore respectfully request our fellow citizens of Pickens and Wise townships to meet in the Court House at 11 o'clock a. m. on Friday, the 10th of January, 1902,

what shall now be done under the circumstances. Very respectfully, J C SHEPPARD, W W ADAMS, A E PADGETT, S Mc G SIMKINS, R A COCHRAN, Committee.

Graceful Women

The scents of the heliotrope, violet or rose are as precious as the lovely flowers whose breath they are, and while the lives of flowers are brief and we can only enjoy them for a day, the beautiful woman gives the pleasure of her fragrance to us as a permanent blessing. The sweet, pure breath of the babe is suggestive of innocence and health—the soft fragrance of a beautiful woman suggests to the senses purity, health and elegance; she is the refinement of civilization; she is indicative of a desire to please, an index of good taste, and an unerring badge of ge bility.
