A Jefferson Davis Day. Honorable John J. McMahan, the aggressive and progressive State Superintendaut of Education, is urging the teachers of South Carolina to set apart one day at the close of their school to be known as Jefferson Davis day. This is a good suggestion While the thousands of children are studying in a general way the history of our country it is proper and appropriate that at stated times these facts and figures of history be brought home to them, thereby engen dering a patriotic sentiment in their breasts. The heroism, deeds of valor and achievements of their fathers in the Civil war and the sacrifices and loyalty of the fair women of the Southland during that bloody struggle should not be forgetten by them. All of the schools in the county should have a Jefferson Davis day. A program has been prepared by Miss Withers, the assistant to the State Superintendent. If you will write to the county superintendent he will procure these programs for you.

for young girls on the threshold of womanhood, has been invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and printul menses, and their systems generally run down, they need building up, and their blood needs cleansing.

Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties to build up the system, and as a regulator of the menstrant diseases peculiar to her genital organs are cured by it.
