Beautiful Thoughts

The sweet, pure breath of the babe is suggestive of innocence and health. Some children are as slight and delicate as the modest flower, some are strong and bright, some are frail and sickly.

A mother's yearning for children is inseparable from a love of the beautiful, and it behooves every woman to bring the sweetest influence to bear on the subject of her maternity.

To make easy that period when life is born again,

Mother's Friend

is peculiarly used. It is a liniment, easily administered and for external use only.

No risk, no experiment, merely a pain reliever and harmless.

Pregnant women are earnestly entreated to try this remedy, it being undeniably a friend to her during nature's term of suspense, tears and anticipation.

Mother's Friend, if used diligently throughout gestation, will soften the breasts, thereby preventing cracked and sore nipples. All tissues, muscles and tendons straining with the burden will soften, relax, become soothed, supple and elastic from its continued application.

All fibres in the abdominal region will respond readily to the expanding cover containing the embryo if Mother's Friend is administered externally all during pregnancy.

All reliable druggists sell this remedy for $1 per bottle.

A really valuable treatise on motherhood will be sent free, if you write us.

The ADVERTISER reaches the people. Just one insertion in our columns of an advertisement of mules wanted, brought fully one hundred mules to Messrs. Pilcher & White at the stable of Messrs. B. L. Jones & Son on Monday. There were hundreds of others who read it but had no mules for sale. Advertisements placed in our columns always pay.

BREVITIES

An Edgefield boy, Hugh Nicholson, son of Mr. A. R. Nicholson, is a member of the foot ball team of the South Carolina college and a large share of the honor of the signal victory won in the contest with Clemson last week is due to him.

The appearance of our public square will be greatly improved when the iron fences around the well and monument now being erected have been completed. Mr. James Paul is superintending the work which means that it will be done in a first class manner.

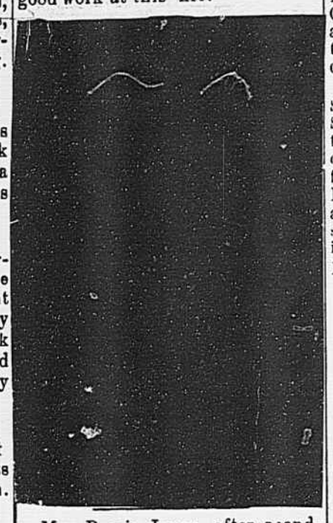
The only young lady who attended the state ball from Edgefield was Miss Helen Sheppard, whose costume consisted of a French creation of crepe de chine over pink silk. Shirred bodice and skirt, yoke with trimmings of wide satin ribbon. Diamonds.

Miss Mary Buford has moved her stock of Millinery into the rear end of the dry goods store of Mr. C.E. May. It is often the case that one store contains both dry goods and Millinery, one line being the complement of the other. Call to see the late hats and trimmings that Miss Buford has just received. Her prices are very reasonable.

The entire ADVERTISER force is greatly indebted to Mr. James T. Ouzts, of Elmwood, for a quantity (crocus bag full) of very fine and delightfully flavored turnips. Mr. Ouzts has been a lifelong friend of the ADVERTISER and fortunate indeed are those having such friends as he.

On Tuesday night of last week about 8 o'clock the barn and stables of Mr. W. B. Penn were burned; about the same time the barn of Mrs Lizzie Charlton caught but was easily put out. As Mr. Penn's barn was falling in that of Mrs. Kate Lynch was found to be on fire. The barn, stables and contents, including a very fine horse which was bodly burned that it had to be shot, were destroyed Mrs. Lynch's residence seemed at one time to be doomed but the chemical engine, with Joe Eve Mims in command, saved it.

On Sunday night last a tenant house belonging to Mr. J. M. Cobb was burned. The engine also did good work at this fire.



Mrs. Bessie Jones, after spending a week in Edgefield with her friends and relatives, returned to Atlanta this week.

Read the new advertisements of Miss Mary Buford and Mr. James E. Hart. Mr. Hart tells of all kinds of shoes and dress goods. Miss Buford tells about her fall millinery stock being moved into C. E. May's store.

It is said that a rooman's idea of the greatest wrong her husbtnd can do her is for him to hear some scandal about a neighbor and forget to tell her.

A STARLING SURPRISE.

Very few could believe in looking at A. T. Hoadly, a healthy, robust blacksmitu of Tilden, Jud. that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year. They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and gives perfect health. Try them, only 50cts. at G. L. PENN & SONS, drug store.

When one has a disagreeable duty to perform it is the part of wisdom to perform it at the earliest possible moment so as to relieve the mind of the unpleasant contemplation. TUSKEGEE, Ala., July 22, 1878.—DR. C. J. MOFFETT—My Dear Sir: Justice to you demands that I should give you my experience with your excellent medicine, TEETHINA. Our little girl, just thirteen months old, has had much trouble teething. Every remedy was exhausted in the shape of prescriptions from family physicians. Her bowels continued to pass off pure blood and burning fever continued for days at a time. Her life was almost despaired of. Her mother determined to try TEETHINA, and in a day or two there was a great change—new life had returned—the bowels were regular, and thanks to TEETHINA, the little babe is now doing well.

Dangerous and Unlawful.

The promiscuous firing of guns and pistols at night for the purpose of giving alarm has become a nuisance. It greatly endangers life and, as every one knows, is a violation of the town's ordinances. The mayor requests us to announce that the law will in future be rigidly enforced. Let's have no more discharging of firearms.

A Second Paper at Johnston.

We have been reliably informed that Messrs. William Toney and Ira Carson of Johnston, will at an early date embark in the newspaper business. The first issue of the new weekly will appear about Dec. 1st. Mr. Carson will do the editoral work and Mr. Toney will be business manager. These are young men of energy and ability and we bespeak for them abundant success in their new enterprise.

COLD SPRING.

(Written for last issue.)

Mr. Editor: The Grim Reaper has again invaded our ranks and taken, first, the precious little babe of Mr. and Mrs. F. P. Bailey—this is the fourth death in his family this year—next, Mr. Louis Holmes, aged eighty-two years. Mr. Holmes was an honest man, true to his friends and of very decided opinions of his own. Later Mr. D.C.Bussey, Sr, was taken. He had passed the three-score and ten mark, being the oldest member of Red Hill church. He had an unassuming life, honest as man could be, always speaking the plain truth, but never offensive. The last time your scribe saw him he was paralyzed and blind. He said that he was ready any time or moment the good Lord saw fit to take him. "Let me die the death of the righteous and may my last end be like his."

The Red Hill school opened on the 15th instant, with Miss Estell Thomas as teacher, and 24 pupils. When all the children of the district go there will be over a hundred—and not a good year for children either.

Mr. J. H. Bussey has ginned a bale of cotton from one acre and will get another. How is that for farming?

Oat sowing has commenced, but not as general as we would like to see it.

Messrs. Bodie & Co. will move their saw mill to Mr. J. W. R. DeLaughter's in a few days.

We hope to report a fair yield of peas and potatoes soon. SOL.

The State.

Nothing can take the place of your county paper. For county news and for county pride it should go into every home. But for news from the capital of your State and every county in South Carolina, served fresh every day; for daily news from Washington, the United States and every other quarter of the globe, nothing can take the place in South Carolina homes of The Daily State.

These are momentous times in history. We are in the midst of wars, strikes and political struggles of great importance. The next session of our legislature, with the inauguration of a new governor, will have peculiar interest. Man or woman, to keep up with the times, must read the daily history of the world, and that is recorded in entertaining style in The State. The State will be sent daily for $8 a year, $4 for 6 months, $2 for 3 months, or just a fraction over the cost of a postage stamp for one letter a day! Cheap education and information for a family for 2 1-5 cents a day, isn't it?

But if you can't afford that, there is The Semi-Weekly State, issued Tuesdays and Fridays, each issue containing the most important news from all South Carolina and the world at large to that day and the preceding days since the last issue. And this may be obtained for $2 a year, $1 for 6 months, or just a fraction over a half cent a day!

No family in South Carolina is too poor to take this paper. No money can be spent to better advantage by a poor family. It is a necessity. Subscribe NOW—TODAY.
