"That one thousand six hundred and forty dollars be appropriated to be used to provide forty-one scholarships in the Normal Department, one from each county, of the value of forty dollars, besides the remission of tuition and matriculation fees, the beneficiaries to be selected under regulations to be pre-scribed by the Board of Trustees." Gentlemen:—About two years ago I had a very severe attack of inflammatory rheumatism. I suffered great pain and was confined to my bed for five weeks. During the time I was treated by two Physicians without permanent relief. Capt. Harker, a conductor on the Atlantic Coast Line heard of my condition and sent me two bottles of "RHEUMACIDE." I began to take it and in a week I got up and walked on crutches. After taking three bottles of the remedy I got entirely well and went back to my business.

I personally know of a number of other bad cases that were cured by the use of your medicine, in this town and vicinity. It is all that you claim for it.

There is scarcely a man who, in his imagination, can not see the billowy waves of the golden harvest field and the name of his favorite binder as it moves through the yellow grain. The name on the binder flag is important. It should be a name that stands for something tangible-a name that that has stood the test of time—that has triumphed in every grain field-that has always represented the hignest attainment in the manufacture of harvesting machines-that satisfies the world's demand. The name McCORMICK is world renowned, and on the flag of your binder means a pleasant and profitable harvest. It is the flag of success in the harvest fields of the world .- Southern Cultivator.
