THE ADVERTISER, Edgefield, S. C.

WEDNESDAY, NOV. 18, 1903.

The President's message to the extra session of the fifty-eighth congress was very short...

Geo. W. Vanderbilt has leased his vast estate of 125,000 acres near Ashville, N. C., to a club of northern millionaires for ten years.

Fortune has favored Senator Tillman in the committee assignments of the extra session of congress.

Let us hope that the immigration convention that was held in Columbia last week, and the influences set in motion thereby, are fraught with great good for the future.

There is decided opposition to the new county in some portions of the 110 square miles that the promoters of Hammond county desire to cut from Edgefield.

Everybody knows of Dr. Lorenz, the great bloodless surgeon, who operated so marvelously upon the Armour child in Chicago and many others elsewhere.

ROOSEVELT'S CRUM.

The indignation of the solid south, which has been repeatedly expressed in no uncertain terms, and the failure of the last congress to confirm the appointment of the negro, Crum, as collector of the port of Charleston, have not swerved Roosevelt one iota from his original purpose.

cal interests in those states in which the colored vote is a balance of power. He will ever be held in contempt by every ingenious southern white man.

AN ERROR CORRECTED.

Gen. M. W. Gary was Duly Commissioned. Our attention having been called to the fact that recently a misinformed correspondent to one of the daily papers stated that the gallant Gen. Martin W. Gary was never commissioned as Major-General.

The Master Analyst of poor fallen human nature has said: "The evil that men do lives after them. The good is oft interred with their bones."

Let us hope that the immigration convention that was held in Columbia last week, and the influences set in motion thereby, are fraught with great good for the future.

There is decided opposition to the new county in some portions of the 110 square miles that the promoters of Hammond county desire to cut from Edgefield.

A Timely Letter.

MR. EDITOR: It is not possible that Edgefield is going to do nothing to keep the North Augusta Land company from taking away from us the greater portion of our Meriwether, Collier and Washington townships and taxable property to the value of four hundred and fifteen thousand, eight hundred dollars for its own benefit without a struggle?

The move to establish the new county of Hammond it seems originated in Augusta, in the offices of the North Augusta Land Company for its sole benefit.

From what can be learned the land company offers the trusting people of the townships named the measly crumb of a three thousand dollar school building and vacant lots in North Augusta, valued at about \$5,500.00 for court house, jail and other county purposes.

JOHNSTON.

JOHNSTON, S. C., Nov. 16, 1903.

Correspondence to the Advertiser. Mrs. J. D. Eison died on Wednesday last, and was buried Thursday in Mount Olive cemetery.

Mr. Y. M. May received several prizes at the Columbia Fair on his Banded Plymouth Rocks, but had to leave before the fair was over, on account of illness of his wife.

Mrs. Porter Dorn after a pleasant visit to home folks will visit Mrs. John Kammer of Blackville and Mr. George Lott of Augusta before returning to her home.

Mrs. Nancy Lott is visiting Mrs. Dayton Toole of Oakland.

The long anticipated protracted services of the Methodist church will be conducted by Evangelist Leitch who is expected about the 20th inst.

The W. C. T. U., held a very interesting meeting on Monday last at the home of Mrs. C. F. Pechman.

Mr. J. W. Sawyer understands fattening hogs, as is testified by two that are immense.

Mr. J. A. Richardson is erecting the neatest blacksmith and repair shop to be found in the county.

Some one stole Mr. J. G. Strother's store key a few days since forcing him to purchase a new lock.

The 20th inst has been set aside as Arbor Day, and should be one of intrinsic value, and should be observed by every town, village and school.

The New Century Club held its regular meeting at the home of Mrs. B. F. Lewis on Friday inst.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

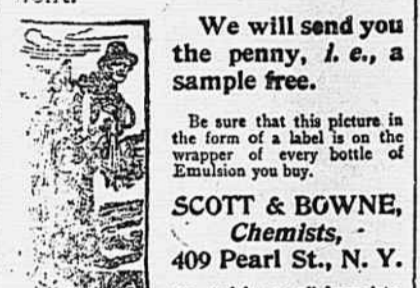

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dempsytown, Pa.
