THE ADVERTISER, Edgefield, S. C.

WEDNESDAY, APRIL 13, 1904.

The latest implements of modern warfare are armored automobiles. They are being used by the Russians in Manchuria...

Look around you and see if it is not a fact that the farmers who raise their bread and meat at home have the best credit and the most cash money after all debts are paid than do those who grow all cotton.

After experimenting for a number of years a western horticulturist has succeeded in perfecting a seedless apple. Now, if anybody wishes to become a greater benefactor than this fruit grower...

What was said in these columns last week in advocacy of the candidacy of Judge W. F. Roath has met with a hearty response. Many persons have echoed and re-echoed the sentiment and desire expressed therein.

We do not now recall the exact circumstances under which Shakespeare penned those immortal words, "What fools these mortals be!" We rather think, however, if he were living now, and could observe the farmers of this section paying \$200 for mules that they could have raised for less than \$100...

JAMES A. McMANUS.

On the morning of the 3rd day of April 1904, James A. McManus departed this life in the eighty-sixth year of his age.

He was born and raised in old Edgefield County, and spent his entire long and useful life in the Sleepy Creek section of said county.

He was laid to rest, by the side of his devoted wife, in the cemetery at McKendree, in the presence of his large family, and a vast concourse of his neighbors and friends, by whom he was highly esteemed, on account of his joyous and happy disposition, and the many fine traits of mind and heart, which distinguished him in life.

He is survived by three sons, four daughters, forty-two grandchildren, and thirty-one great grandchildren, to all of whom he was ever affectionate and devoted.

He was a good man, a loyal citizen, a kindly and big-hearted neighbor, ever ready and willing to help and sympathize with the unfortunate.

He died as he had lived, a consistent member of the Methodist church.

For the last eight years of his life he was afflicted with total blindness, but through all this sad affliction, he was never known to murmur or complain; he seemed to recognize, as did Job—"That the hand of the Lord hath wrought this."

was won at this glad season, with these bright surroundings with friend and brother called home.

He was cheerful in life, patient in suffering, and submissive in death.

He knew in whom he had believed, and could well say, "Father into thy hands I commend my spirit."

"The sting of death is sin, but thanks be to God, who giveth us the victory through our Lord Jesus Christ."

Cold Spring.

Dear Advertiser: As I have seen nothing from this neck of the woods in some time will write you a few dots while I am resting.

Grain is looking much better than we had hoped for and we think the crop will be fairly good.

We are busy preparing for cotton but we are going to stick to the hog and hony if cotton goes to one dollar per pound. We can make our corn in the same time it takes to haul it if it were given to us.

Mr. Tom Brown has made wonderful improvement on the old Red Hill farm. We need a few more good farmers.

We have a widower who is buying horses, carts, buggies, furniture etc. What does it all mean? "School boy" is to help old "Sol", make his crop this year, don't you know we will make things lively.

JOHNSTON.

JOHNSTON, S. C., April 12, 1904.

Correspondence to the Advertiser. The sad news of the death of Mrs. James Mobley on Friday morning in Columbia, brought sorrow to many hearts.

The hum of Mr. James Johnson's plaining machine is heard daily. The fire of a few weeks ago only caused a short cessation of work.

All four Congressional candidates, Messrs. Williams, Mayfield Patterson, and Croft visited Johnston and spoke in our school auditorium on Wednesday evening. The audience was not as large as it would have been had it been generally known that they would be here.

Mrs. Ella Bland has returned from a pleasant visit to Ridgeway and Salisbury, N. C.

Mrs. James Hart, of Edgefield, visited the home folks here last Sunday.

After three months of interesting work. Mrs. C. F. Pechman closed her embroidery class, and our ladies are very busy now with spring sewing.

A slight frost last week, very partial in its destruction, visited a few gardens in our section and left its devastating touch on early beans and tomatoes.

Miss Hunter D. Lott will leave Birmingham, Ala., on Tuesday the 12th inst and spend one night with friends in Atlanta, and Augusta and reach here on the 15th.

Mrs. A. P. Lott lost quite a large number of her fine buff Plymouth Rocks before she discovered the thief. A cat devoured them.

Mrs. J. W. Sawyer also killed a cat eating the eleventh chick. Quite a lot of asparagus is being shipped, and it is bringing very good prices.

SUFFERED A THOUSAND DEATHS. Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed RHEUMACIDE. IT CURED HELPLESS CRIPPLE. Mr. Wilkes writes in the course of a long letter, dated August 18, 1902: My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and stiffed up. I began to get better. I used 53 bottles and was completely cured. Dr. J. P. Ewing confirms Mr. Wilkes' statement in every particular. PRICE: TRIAL BOTTLE SENT ON APPLICATION TO ROBBITT CHEMICAL CO., PROPRIETORS, BALTIMORE, MD.
