**A HEALTHY OLD AGE**  
OFFTEN THE BEST PART OF LIFE  
Help for Women Passing Through Change of Life  
Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

**Mrs. Mary Koehne**  
Nervous exhaustion invites disease. This statement is the positive truth. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappointed me. It cured me of nervous exhaustion, and it cured me of the change of life I commenced treatment with it. I took it all about six bottles and it did me a great deal of good. It stopped my nervousness, pains in my back and the headaches with which I had suffered for months before taking the Compound. It is the best medicine I have ever used for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

**WANTED**—Address of (1) persons of all ages and both sexes who are not living with any one of their families, and (2) of members of soldiers who have been discharged from the Federal army, or (3) of the names of such soldiers who have died.

**CURED Dropsy**  
Removes all swelling in 2 to 25 days; effects a permanent cure. Lifting the cover of his basket, he looked in, counted his catch, and said, with a surprised and disappointed voice: "Why I had five cunners, and now there ain't but seven! Where the devil's the other two?"

**Natural Conclusion.**  
A little New York girl, whose brief experience of life was confined to existence in an apartment house, was visiting in Philadelphia not long ago. One afternoon, to amuse the child, her cousin showed her a number of photographs and views, meanwhile explaining and answering questions concerning them. One of them was a picture of Windsor Castle, which she was told, was the residence of the late Queen Victoria. After looking at it a moment she innocently inquired: "What floor did she live on?"

**PERFECTLY CLEAR NOW.**  
The Rev. Dr. Fourthly—There are apparent difficulties, of course, in reconciling the seemingly contradictory doctrines of preordination and free will, but—

The Rev. K. Mowatt Lightly—Not now, my dear brother; not now. I made all that as clear as noonday in a sermon I preached six weeks ago—Chicago Tribune.

When a man comes home late and gives the excuse that he went to sleep in the far from being worn out with work and was carried out of his way, his wife will believe him when she tells it to her mother.

"Gold Gold"  
"Good," he says, "but comfort better."  
"Food that fits is better than a gold mine," says a grateful man.  
"Before I commenced to use Grape-Nuts food no man on earth ever had a worse indigestion from cats' r' than the stomach than I had for years.  
"I could eat nothing but the very lightest food and even that gave me great distress.  
"I went through the catalogue of prepared foods but found them all (except Grape-Nuts) more or less indigestible, generating gas in the stomach (which in turn produced headache and various other pains and aches), and otherwise unpalatable for any use.  
"Grape-Nuts food I have found easily digested and assimilated, and it has renewed my health and vigor and made me a well man again. The catarrh of the stomach had disappeared entirely with all its attendant ills, thanks to Grape-Nuts, which now is my almost only food. I want no other." Name given by Postum Co., Battle Creek, Mich.  
Ten days' trial tells the story. There's a reason.

**Hospital For Anderson.**  
Anderson, Special.—Mr. Walton Hall, of Boston, Mass., has given the hospital association the sum of \$1,000 to be used for the purpose of building a hospital. Mr. Hall has visited the city several times and his gift is greatly appreciated. The fund for the establishment of a hospital is steadily growing, and this worthy and needed institution is now as assured fact. The hospital association contemplates the raising of \$10,000 about half of which is now on hand.

Seattle wants an Alaskan exposition in 1907, to celebrate some anniversary or other. Los Angeles wants to commemorate the centennial of the pony express in 1908. Sedalia, Mo., already has on foot a project to celebrate Missouri in 1920. We here propose an exposition in Panama in the year 2205, in celebration of the first centennial of the opening of the Panama Canal, suggests the Portland Oregonian.

**Shortage in Richland County.**  
Columbia, Special.—The committee appointed to investigate the financial affairs of Richland county submitted its report to Governor Heyward, and was required by the act of the legislature. According to the report of that committee the county has lost \$50,000 by the maladministration or the mismanagement of the affairs of the office. The report itself is sensational in the extreme in the very calmness in which it is stated, but the recommendations made by the committee occasioned great surprise, for the committee has suggested that the former supervisor, S. H. Owens; the former clerk of the county board of commissioners, Capt. C. M. Douglass; a member of that board, J. E. Harmon and two other parties be arrested on criminal charges. In short, it is claimed that the county has lost \$50,000 by fraud. The charges are that warrants for pay of parties alleged to have done work for the county were issued when those parties had never done such work, and that forged signatures were placed on the papers as if the parties had received the money, when in fact the money was paid to some other person, presumably Capt. Douglass. There are various other charges in the statement given to the press by the committee, but those are the most damaging.

**A Canadian Prisoner Escapes From Laurens Jail.**  
Laurens, Special.—J. M. Massey, the Canadian who is serving a short term in jail for vagrancy, escaped last week, making his exit through an overhead ceiling and ventilator to the roof, thence to the yard by the use of blankets. He is the man who had drawings of Bailey's bank at Clinton and is evidently a slick article. The sheriff is making efforts to recapture him. No other prisoner escaped.

**Bail Given in Pendleton Case.**  
Abbeville, Special.—Application for bail for John M. Ashley, J. R. Moore, William Moore, Hugh Bowen and Sam Rigby, charged with lynching Allen Pendleton, colored, near Honea Path on September 17, was made here Saturday. The State's case was based on witnesses who testified as to threats made by defendants and the fact that they were in the crowd that took the negro away. The contra evidence was to establish presence of parties at another place when the lynching occurred. After hearing the evidence the judge admitted the men to bail, placing the bond at \$7,000, which was furnished.

**Darlington Court Adjourns.**  
Darlington, Special.—The whole roster of cases filed for this term of court were wound up and the court adjourned. The last case tried was that of Cox, a young white man, for embezzlement. Cox was found guilty but his lawyers made an appeal.

**Items of State News.**  
Late returns indicate that in the election held last week Florence county the dispensary carried by about one hundred majority.  
The financial troubles of the Union mills have increased Charleston's losses through subscription of stock and carrying of the paper of the industrial concerns of the State during the past two years to about \$2,000,000.  
A special from Union says: Mystery still surrounds the death of L. M. Trevitt, the white man discovered near the railroad tracks, unconscious on Sunday morning, and no clue being secured, the coroner's jury rendered a verdict that he came to his death from unknown causes.  
Mr. H. W. Scarborough, the newly appointed magistrate at Bishopville, received his commission from the governor on Tuesday and immediately took charge of the office.  
A dispensary election for Anderson county has been ordered for November 4th.  
Nothing has been heard of Edward Beeman, a bookkeeper of a lumber concern near Charleston, who disappeared there about three weeks ago. His disappearance is a mystery.

The corporators of the Anderson and Easley Electric railway applied to the secretary of State for a charter. The capital stock will be \$100,000 divided into 1,000 shares of the par value of \$100 each.

**Dead or Not, He Was Buried.**  
Over twenty years ago S. P. Ives, a well-known legal light of Essex county, and Charles P. Thompson of the superior court were pitted against each other in an important life insurance case at Salem. Mr. Ives for the company and Mr. Thompson for the plaintiff. Mr. Thompson was very anxious to put into the case certain affidavits, and Mr. Ives was equally strenuous in opposition.  
After lengthy arguments the judge decided in Mr. Thompson's favor, and he proceeded to read, with much emphasis, depositions relating to surgical treatment, death, funeral and last interment of the insured.  
As Mr. Thompson finished reading this, which was from a sexton of the cemetery, giving name, date, number of burial lot, etc., he threw the papers upon the table and, addressing the judge, said, with a bit of impudency in speech which sometimes bothered him: "There, your honor. Perhaps Bro. Ives don't believe this man is dead! But we've buried him, anyway."—Boston Herald.

**Electric Strikers in Berlin.**  
Berlin, By Cable.—The negotiations between the electrical companies and their employes for higher wages were broken off and a general strike in the works manufacturing electrical apparatus and supplies has been ordered. Two guard regiments now maneuvering in the country have been ordered to return immediately to Berlin as a precautionary measure against strike excesses.  
Entire Crew Lost.  
Manila, By Cable.—The inter-island steamer Cambanga, 1907 tons, was sunk in the recent typhoon off Yveao Island, one of the Visayan group. Apparently all on board were lost. She carried five Americans, one Spaniard and eleven native Chinese passengers and a crew of 97 men and officers. The island steamer Carmen is also reported lost. Details are lacking.  
Mississippi Schools Open.  
Jackson, Miss., Special.—The educational institutions supported by the State were opened Tuesday. The opening has been delayed on account of yellow fever and the quarantines. It is hoped, however, that the epidemic is so well under control that there will be no trouble among the students of the various institutions.

Passport to the Pole.  
Certainly the oddest passport ever issued was one signed by the Governor of the Russian province of Povolok, on the shores of the Arctic ocean, who granted safe conduct to the North Pole.  
He was approached by two members of an expedition fitting out for a polar exploration who gave as their destination the North Pole. The governor was nonplused at this unique request, but his visitors insisted on being supplied with the desired papers and their request was granted after the governor had thoughtfully written in a clause stipulating that the responsibility of the Russian government ceased when they passed from Russian territory. The explorers assented to this qualification, and since their travels carried them but a short distance toward the pole they are still possessed of their unique documents.—New York Herald.

**COTTON'S CONDITION**

**Government Report Shows Average of Over Seventy-One Per Cent**  
**BIG SLUMP FODDLOWS THE REPORT**  
Extremely Bearish Government Estimates Was a Great Surprise and Only Buying and Heavy Covering By a Short on the Beardside Saved the Market From Stampede.  
New York, Special.—A large amount of selling orders had been placed in the cotton market to go into effect if the bureau report made the condition 69 or better. Very few of the most sanguine bears had expected a condition better than that percentage. Consequently the government estimate of 71.2 per cent was a great surprise.  
The largest firms of spot dealers and the heaviest and most influential operators rallied to the support of the market. The buying and heavy covering by a heavy short who has been on the bear side for the past two months, and his following, practically saved the market, as the bulls had been caught too heavily overloaded to render much support. The government's report caused enormous selling from the South and Liverpool, but the market was finally steadied under a continuance of active profit taking by recent bears and by some of the local and New Orleans bulls later recovering their equilibrium.  
Lower prices show a maximum decline of 125 to 150 points from last month's high level, which is equivalent to between \$6 and \$7.50 per bale, and are practically the lowest prices reached since early last summer.

**Danville Council Gets Even.**  
Danville, Special.—The city council passed sweeping restrictions governing the regulations of saloons, which were recently voted back after two years of local option reign. Blinds, screens or obstructions of any nature are prohibited and the opening and closing hours fixed at 6 A. M. and 7 P. M. No entrances to a saloon except the front door are allowed, and no one is allowed in a bar after closing hours. The right of wife or mother to forbid a barkeeper from selling her inebriate husband or son intoxicants is recognized by the council. It is also against the law to purchase intoxicants for inebriates or minors. Heavy punishment and forfeiture of license is fixed for any violation of these ordinances. The majority of the council is composed of "dry" men, and the "wets" claim that the wishes of the people as expressed at the polls in favor of saloons have not been carried out.

Traveling agents and salesmen are now sent from the home offices of the Chicago packers into all South American and Asiatic countries. They are going into every land, no matter what language may be spoken or what money be used. They will exchange their goods for cowries or elephant tusks—anything to sell the product and get something in return convertible into money. It may seem odd to some folks, but traveling men, carrying with them samples of American meat products, can be seen in the desert of Sahara, the sands of Zanzibar or in Brazil, "where the nuts come from." Great is the enterprize of the Yankee merchant. The greater the market, the greater the price and stability of the price of the product and all that goes to make it in its various stages.

UNSEEN IN A SAW  
There are unseen things about this Saw. You cannot see the texture of the Steel; takes a sharp, cutting edge and holds it longer than any other Saw. You cannot see the toughness of the teeth; lends without a break or a kink. SILVER STEEL, the finest and most perfect in the world, is used for the Aikins frame saws. You cannot see the perfectly graded taper of the blades; runs easily, without chattering. But you can see the Aikins trade-mark and it is your protection when you buy a Saw. We are saw-makers and our trade-mark on a Saw means that it is our own make and that you are justly proud of it. We make all types and sizes of saws for all purposes. Aikins Saw, Cross Cut, Perfect Form Floor Saws, etc., are sold by all hardware dealers. Catalogue on request.  
E. C. ATKINS & CO., Inc. Largest Saw Mfrs. in the World. Factory and Executive Office, Indianapolis, Indiana. Branches: New York, Chicago, Minneapolis, Portland, Me., Boston, Philadelphia, St. Louis, Memphis, Atlanta and Toronto, Canada. Accept no Substitutes—Insist on the Aikins Brand.
