Firmness, both in suffering and exertion, is a character which I would wish to possess. I have always despised the whining yelp of complaint, and the cowardly feeble resolve.—BURNS.

"Going, going, gone," may be aptly applied to the South Carolina dispensary. Hasten the day when the last word, GONE, can be said with due emphasis.

A just reward has been meted out to John G. Cappers. Several years ago he renounced the Democratic faith, to become an hireling of the Republican party. Now the latter has thrown him overboard by electing E. F. Cochran, Esq., of Anderson, United States attorney for the district of South Carolina in his stead.

We were delighted to learn from the lips of Editor C. J. Terrell that the Monitor would henceforth eschew all liquor advertisements. The contracts for the liquor advertisements which Mr. Terrell has been publishing have all expired and he refuses to renew them. Three out of the four county papers—the Monitor, News and Advertiser—have taken an uncompromising stand against liquor selling, both at home and abroad.

Traffic with the great railroad systems is now up to the high-water mark. The passenger department is working over-time hauling Yankees to the "Suncoy South", while the freight department is rushing thousands of tons of commercial fertilizers to the interior. The Southern railroad has recently placed orders for 8,729 freight cars in order to relieve the congestion caused by shortage of cars.

No better dispensers can be found than the three, Messrs. E. C. Winn, W. E. Byrd and R. T. Scurry, who were in charge at the time the dispensaries were closed. Had the officials all along the line, from the highest to the lowest, discharged their respective duties as faithfully and honestly as did Edgefield's officials, the institution would not now be so severely criticised, or its life in such jeopardy. What we have said of the Edgefield's dispensers will apply with equal force to the county board.

Notwithstanding the fact that Mr. E. J. Watson, as immigration commissioner, has labored unceasingly and with excellent results for South Carolina, he is appreciated less at home than abroad. The city of Augusta has raised through the Chamber of Commerce \$40,000 which is to be expended in advertising and otherwise advancing the city's interest. Mr. Watson has been offered the position of secretary of the Augusta Chamber of Commerce which carries with it an annual salary of \$3,000. Should he accept this flattering offer his departure would be a distinct loss to South Carolina.

Prohibition seems to be prohibiting very satisfactorily in Edgefield. And it will continue to prohibit if the would-be violators are given to understand from the outset that every violation of the law will be speedily and severely punished. Let the punishment be a term on the chain gang instead of a fine. Sentencing a blind tiger to pay a fine of a few dollars does not amount to a hill of beans. His money comes easy and goes easy. What does he care for such so-called punishment.

Let The Rural Free Delivery Routes be Continued.

Tidings from Washington tell us that the post office department will at an early day begin to cut off many of the rural free delivery routes. In sections where they are not patronized or appreciated they will be discontinued. We sincerely trust that none in Edgefield county will be lopped off, for we have not all now that we are entitled to. The routes that do not handle as much as 2,000 pieces of mail a month are doomed, so say those in authority in Washington. Their discontinuance will be a great misfortune to many rural sections, especially those remote from the towns and railroads. By reason of their being isolated and sparsely settled, these remote sections need the best of mail facilities. Furthermore, the bad roads in winter make rural free delivery almost imperative in some localities. It is much easier and less expensive for one man to carry the mail to twenty-five farmers than it is for

those twenty-five farmers to send each a man a goodly number of miles to the post office. Let's endeavor through our representatives in congress to have every rural route in our county continued.

Edgefield Deeply Grieved Over The Death of Mrs. L. R. Gwaltney.

When the intelligence of the death of Mrs. Sophie Lipscomb Gwaltney, wife of Rev. Dr. L. R. Gwaltney, reached Edgefield last week there was much genuine sorrow manifested on every hand. This good woman, so widely beloved wherever known, was born, reared and spent the major portion of her life in our town. The older inhabitants know her from early youth, while it was the pleasure of the younger to know her but a few of her latter years; however, all will cherish her memory with sincerest and deepest affection.

The hearts of Edgefield friends share this deep sorrow and go out in tenderest sympathy to the affectionate husband and devoted daughters in this hour of affliction.

The Rome Tribune had the following to say of Mrs. Gwaltney's death:

January the 14th, Sunday morning at 7:45, after months of great suffering, Mrs. Sophie Gwaltney, beloved wife of Dr. Luther Gwaltney, passed peacefully away at her home in East Rome.

The end was not wholly unexpected and the loved ones from a distance, as those who had nurtured the invalid in the long period of ill health, surrounded the bedside.

Triumphantly with a radiant smile and song on her lips, the patient sufferer closed her eyes on earth to open them in the land of the redeemed. "O, Death where is thy sting? O Grave where is thy victory."

Yesterday afternoon at 3:30 o'clock the funeral services were conducted at the First Baptist church by the pastor, Dr. R. B. Headden, assisted by Rev. G. G. Sydnor.

As in softened tones the strains of "Come Ye Disciples" fell from the organ, the family followed the casket into the church.

Reverently Dr. Headden read the lesson and with sorrowing hearts the great concourse of friends and admirers bowed their heads for the comforting prayer that from Mr. Sydnor's lips ascended to the throne of grace beseeching solace for the grief-stricken, the broken hearted.

Tenderly her pastor in a brief peroration referred to the holy life of the gentle sleeper dwelling upon her many virtues, her courage, patience, long suffering, resignation and sublime faith.

Her home life was beyond compare and the duties of wifehood and motherhood her richest jewels to redound ever to the glory of her memory.

The quartette sang "Rock of Ages" and Mrs. Patton rendered exquisitely, as a solo, "The Home of the Soul."

As a mark of respect Shorter College faculty and students attended the obsequies in a body and as a testimonial of love and respect laid two handsome floral offerings upon the casket. The Alumnae Association of Shorter and the Mobley Park church, of which Dr. Gwaltney is pastor, also expressed their sympathy in fragrant flowers beautifully woven into the significant forms of an anchor and harp. Several other pretty pieces breathed the same sweet message of love.

On Myrtle Hill, the services arrested at the church, were resumed and all that was mortal of the fondly loved wife and mother was consigned to the last narrow home there to rest until the Judgment Day.

COLD SPRING.
Mrs. O. O. Timmerman, whom we reported last week as being very ill, died at her home last Saturday morning and was buried at the Grove church Sunday afternoon. Bro. J. T. Littlejohn conducted the funeral service. Mrs. Timmerman was the daughter of Mr. and Mrs. P. H. Bussey. She married Mr. O. O. Timmerman about ten years ago. As a result of this union three bright children were given to them. Mrs. Timmerman in early childhood learned to love her Saviour. She joined the Grove church and has lived a consistent christian life. She will be missed in her home, community and church, for she carried sunshine every where she went. She leaves a father, mother, two brothers, three sisters, a husband, three children and a host of friends to mourn her loss. We shall never clasp her hand again in this world, never hear her sweet voice again, yet we all hope to meet her on the other shore. She said just before dying that she wanted to rest, and we believe that she is now at rest with her Saviour, rest, sweet rest. May God comfort the bereaved ones.

Mr. Sim Adams from Actioch has moved near Plum Branch. We shall miss Mr. Adams and his interesting family.

Mr. Frank V. ... will occupy the house vacated by Mr. Adams.

Mr. Joe Prince lost a very valuable milch cow last week.

Mrs. Dr. Prescott sent us a large basket full of nice fresh meat some days ago. Many thanks.

If you want to hear Mr. Earnest Quarles' boiler just touch him on the left arm.

Mr. J. Milton Bussey left yesterday for Greenville. Milton has been spending a few days here with home folks.

Rose Cottage.
I knew no one, for four weeks when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa. "and I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at G. L. Penn & Son W. E. Lynch & Co.

The Diamond Cure.
The latest news from Paris, is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure, for Throat and Lung Troubles. At G. L. Penn & Son W. E. Lynch & Co. Price 50c and \$1.00, guaranteed.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by G. L. Penn & Son and Medicine Dealers.

Bent Her Double.
"I knew no one, for four weeks when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa. "and I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. The Grip.
"Before we can sympathize with others we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by G. L. Penn & Son and Medicine Dealers

Dangers of a Cold and How to Avoid Them.
More fatalities have their origin in, or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by G. L. Penn & Son and Medicine Dealers.

Women as Well as Men Are Made Miserable by Kidney Trouble.
Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.
Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty, one hundred and two hundred sizes. You may have a sample bottle by mail free, also pamphlet telling home of Swamp-Root, giving all about it, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The County commissioners will meet at Shaw and McKie's Mill 11 o'clock February 8th, 1906, to let the Ferry to the lowest competent bidder. Successful bidder will give bond on March the 6th at the regular meeting of Board. Commissioners will also inspect proposed new road and bridge on same day.

100 Years Old.
A frame house can be kept in good order for 100 years if painted with the L. & M. Paint about once in ten to fifteen years. This is because the L. & M. Zinc hardens the L. & M. White Lead and gives the paint an extraordinary life. It also makes it cover an enormous surface, so that four gallons L. & M. paint will cover a moderate sized house and it takes seven gallons of other mixed paint at \$1.50 a gallon to do it, because L. & M. paint costs you \$1.50 a gallon. It only costs you 60 cents a gallon when you buy it fresh the barrel and mix it with L. & M. Sold by G. L. Penn & Son

Bigger Yields
A given number of acres fertilized with Farmers' Bone produce a greater yield of cotton, than the same acreage with ordinary fertilizer. Farmers' Bone does more than that. It makes it possible to reduce the acreage and increase the yield. Try it this year. The man who uses
