MAYOR OF SUNBURY

Says Pe-ru-na Is a Good Medicine.

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. *I cannot praise Peruna too highly.*

HON. C. C. BROOKS.

THERE are a host of petty ailments which are the direct result of the weather.

This is more true of the excessive heat of summer and the intense cold of winter, but is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly deranges the mucous membranes of the organs and the result is some functional disease.

Peruna has become a standby in thousands of homes for minor ailments of this sort.

AWFUL ATTACKS OF PAIN.

A Most Dreadful Case of Kidney Trouble and How It Was Cured.

Thomas N. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Doan's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. The cure has been permanent. I owe my good health to Doan's Kidney Pills."

Estimates of the country's copper production this year place the output at between 940,000,000 and 970,000,000 pounds. Last year's production was 901,000,000 pounds.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. A Stair Carpet Hint.

When buying a stair carpet get an extra yard and fold it in at each end. This extra length will enable you to shift the carpet, sometimes higher, sometimes lower, and so to get it worn evenly. If this precaution be not taken the edges on the stairs will be worn out while the untrodden part remains quite fresh and new looking.

A Good Cup of Coffee.

The whole secret of Vienna coffee, consists in their adding roasted figs to the coffee. But to make an exquisite coffee that is pleasant to the taste, of a beautiful color, strong and at the same time not exciting to the nerves, the fig coffee used must be prepared by yourself for the purpose. Its preparation is as simple as it is cheap. Take a number of dried figs, cut them across into slices, and divide the slices into small squares. Put these squares into a saucepan and allow them to roast slowly on a medium fire until they have become thoroughly dry, being careful to turn them constantly over so as not to let them get burned. After they have cooled down powder them in a mortar or a coffee mill. Keep the powder in a well closed tin box in a dry place and add of it to the bean coffee about the size of a pea to every cup required. It is advisable to prepare only a small supply of this powder, on account of the quick evaporation of the flavor of the figs. The fresher the powder the better is the taste of the coffee. Also the bean coffee should be used well pulverized and it must be soaked slowly with boiling water.

How to Sell Small Fruits.

"One look at a cherry should be sufficient," says an expert, "for if the red ones are a bright color, especially those that are shipped from California, or a glistening yellow tinged with streaks of red, and there are no specks or gummy substances on the skin, a woman may be pretty sure that they are in perfect condition for the table. Of course they should be firm to the touch, but if cherries are old and over ripe they do not have, as a rule, the full roundness nor the fresh color of those that are best to eat.

"Color alone is enough to assure a buyer that English gooseberries are good, for if they are decidedly green and have no specks on the surface they will make good pies, jams and tarts. When they become red, however, they are usually soft and not desirable for canning or for pastry. Huckleberries and blue berries may be tested in the same way, for if they are not a deep dark blue the sweetness of the fruit is not what it should be. Of the two the smaller huckleberries are better, that is, sweeter than the blueberries.

"Following the same rule for color, blackberries should be glistening black, and without any reddish places, or brown spots where the seeds have withered and they should look fresh and well developed. Some persons prefer the long ones, while others say that the round varieties are sweetest. Raspberries, whether black or red, should be rather soft to the touch when ripe, but should be bright in color, round and full, without specks of hard, knotty seeds on them. Strawberries can be readily told by a look, for if they are not fresh and in good condition they immediately become wilted and mushy in appearance. When good for table use they should be a bright red shade, well developed and firm to the touch. A streak of yellow about the end in the Ganley berry does not indicate that it is not ripe, but rather that it is in just the right condition for eating."

Recipes.

Turkey Croquettes.—To a pint of minced turkey add a fourth of a cupful of bread crumbs, two eggs and sufficient gravy to moisten all. Season to taste and mix well. Flour the hands and make into balls. Dip in beaten egg, then into break crumbs, and fry a delicate brown.

Herring Salad.—Soak four salt herring in milk or water for five hours. Clean free from bones and skin and chop the fish with eight cold boiled potatoes and two onions; add one teaspoon of pepper and one-half cup of vinegar. Garnish with slices of hard cooked eggs and cold boiled beets.

A Cooling Salad.—This is a new salad that may prove appetizing on a hot day. Peel equal quantities of apples and cucumbers, using sour cooking apples, cut them into thin slices, season with salt, pepper and lemon juice. Place in a salad bowl, cover lightly with whipped cream, sprinkle with paprika and serve.

Cocoanut Bars.—Place in the kettle one cup of maple syrup and a tablespoonful of butter. When it begins to boil, add a grated cocoanut and stir until the candy will harden when dipped in cold water. Now pour out upon a well-buttered slab or platter and when cool enough, cut into squares and wrap in paraffine paper.

Peanut Blocks.—Take two cups of molasses, one cup brown sugar, one tablespoonful of butter and one of vinegar. Put all together and boil. Test as directed above and when done pour over the peanuts. The nuts should be ready before the candy is made. Crack them, rub off the brown skins, and spread the nuts upon a large plate which must be well buttered. Cut into blocks while warm.

Apple Meringue.—Pare and remove the core from seven large apples and place in a pudding dish. Put in each apple one teaspoonful of sugar and a little grated lemon rind. Bake until soft but not broken. Remove from the oven, pour over them one pint of hot milk, in which have been stirred the beaten yolks of three eggs, one small cup of sugar and a little salt; place back in the oven and when the custard is set, let cool. Cover the top with the whites of the eggs well beaten.

By Mr. VonKolnitz—To authorize the Charleston and St. Andrews Railroad company to build a bridge across Ashley river. The bill was placed on the calendar without reference.

By Mr. Richardson—To permit cities and towns to supply water and electric lights to other than incorporated portions of the towns or cities where such communities are contiguous to the towns and cities supplying the lights or water.

John S. Wilson Elected Judge.

Solicitor John S. Wilson of Clarendon county, was elected judge of the third judicial circuit over Representative T. B. Frasier of Sumter by a vote of 84 to 76. The contest was an interesting one, both men being strong members of the bar, and both having recognized ability. The election was conducted as quietly and as quickly as possible, little time being lost in the nominations, although deserved tributes were paid to both of the men whose names had been brought forward.

The Senate and house convened in joint assembly at noon and was presided over by Lieut. Gov. McLeod. As soon as the purpose of the assembly were announced Senator Clifton nominated Hon. T. B. Fraser of Sumter, which was seconded by Messrs. Hemphill, Nash, Harley, Frost Scrugg and others.

Senator LeGrande Walker nominated Hon. John S. Wilson of Clarendon, which was seconded by Messrs. Hardin, Wells, Doar, Bryan and others.

Other Elections.

There was no opposition to the re-election of Capt. D. J. Griffith, who has served several years as superintendent of the State penitentiary, and his re-election is a compliment to his successful administration.

For penitentiary directors there wehe five nominees for the three vacancies caused by the expiration of the terms of Messrs. A. K. Sanders, John Mobley and W. D. Kirby. All three were nominated for re-election and in addition Messrs. J. W. King and Jasper W. Smith were also placed in nomination. The vote was as follows: Mobley, 142; Smith, 107; Sanders. 105; Kirby, 72, and King 66. The first three mentioned were elected on the first ballot.

For trustees of the State colored college to succeed Representative A. G. Brice, of Chester, resigned, Senator Hardin nominated Mr. G. B. White of Chester and Mr. Epting nominated Mr. D. R. Riser of Orangeburg. Mr. White was elected, receiving 73 votes to Mr. Riser's 43.

The joint assembly then elected Benjamin R. Tillman United States senator for a term of six years, beginning March 4, 1907.

Dispensary Loses.

The Senate on Friday gave another vicious jab to the dispensary system by adopting the resolution of Senator Smith to abolish the State dispensary. The vote was 19 to 16, with two anti-dispensary absentees paired. Senators Hough and Johnson who were also absent, are known dispensary men. All of which shows a positive majority of one.

The vote appears to point to the doom of the State dispensary system, and the anti-dispensary people are jubilant.

The original Smith resolution carried a provision calling upon the joint judiciary committees to report a bill for a substitute for the State dispensary system, but this was amended so as to require these committees to report a bill providing for local option between county dispensaries and county prohibition, which is the provision of the Carey-Cothran bill, the anti-dispensary cohorts' measure pending in the House and which that branch will pass by over 10 majority.

No Cotton Bucket Shops.

By a 2 to 1 vote the senate passed the Carlisle-Sanders bill outlawing bucket shops in this State. Senator Weston tried to secure the passage of a substitute and Senator Sinkler made an effort to get in an amendment so as to have the law in effect July 1, not to impare existing licenses, but both were voted down by large majorities.

There was an interesting skirmish toward the close of the Senate session over Senator Smith's resolution calling for the abolishment of the State dispensary. Senator Williams moved to amend so as to have the judiciary committees draft a bill to abolish the dispensary and bring a bill providing for local option.

Lien Law Discussed.

The House spent practically all of its session debating the bill of Mr. Richards to repeal that portion of the lien law which provides for the croppers making liens to merchants for supplies. The friends of the bill took the position that a repeal was neceessary in order to releive the unsatisfactory condition as to negro labor on the farm.

With the Rachards bill passed, the cropper is in the hands of the landlord, a lien to another being void except on a written waiver by the landlord. Finally the bill passed, 78 to 32. The lien law in South Carolina is 41 years old, and it has wrought great damage against the agricultural interests, lien merchants at every cross roads growing fat by exorbitant charges. It was repealed in December, 1881, but was promptly reenacted at a special session held the following month.

Sharpe's Institute Burned.

Wentworth, Special.—Sharpe's Institute, located between here and Madison, was destroyed by fire Wednesday night. The school was in a flourishing condition, there being 200 students, and this loss is indeed hurtful to Profesor J. M. Sharpe, the wide-awake and energetic principal. No particulars concerning the fire can be learned at this writing.

Chairman Shonts Resigns.

Washington, Special. — Chairman Shonts, of the Isthmain canal commission, has resigned. Mr. Shonts resigns to assume charge of the Ryan-Belmont Rapid Transit interests in New York. It has been determined to establish the headquarters of the commission on the isthmus and Chief Engineer Stevens undoubtedly will be in charge.

Hartwell, Ga., Institute and a Residence Burned.

Macon, Ga., Special.—The Hartwell Institute at Hartwell, Ga., was burned Thursday morning. Pianos and furniture were saved, but badly damaged. Several hundred pupils attended the institution. A large residence was also burned and the owner badly hurt by falling from roof. Loss not known.

Funreal of Senator Alger.

Washington, Special.—In accordance with the wishes of himself and family, the funeral of the late Senator Russell A. Alger, of Michigan, which was held at the family residence in this city at 2 o'clock Saturday, was simple but impressive. The ceremonies were conducted by the late Senator's friend and former pastor, Rev. Dr. Wallace Radcliffe, of the New York Avenue Presbyterian church in this city, and Rev. Dr. Edward Everett Hale, the chaplain of the United States Senate.

"What was the text?"

"It was—it was—well, really I have forgotten."

"Humph! Was Mrs. Purling there?"

"She was."

"What had she on?"

"Well, she had on a full wrap of very dark Pompeiian red cloth, with narrow insertions of black velvet in the sides of the skirt. A small yoke trimming of the velvet covered the upper part of the chest, and was outlined with a mixed tinsel braid. A narrow braiding girdled the waist, and the cuffs were ornamented in the same way. It had a cape attachment plaited on the shoulders and attached by other plaits at the waist line, giving a dolman appearance to the back."—New Orleans Daily Picayune.

What "Hamir" Meant.

Though the Scottish guard of France had long lost its national character, it jealously retained until the crash of 1789 all its curious old privileges, which, though they led to constant wrangles with other regiments, had been duly allowed by Louis XIV. He was actually obliged to intervene at his own wedding to compose a dispute as to the precedence of the Scots guards and the Cent gentilshommes. "Proud as a Scotchman" was an old proverb in France, and their successors in the bodyguard did their best to justify it. But the most curious survival, long after a word of Scotch had been heard in the corps, was the practice of answering "hamir" (a corruption for "I am here") when the roll was called, which was religiously maintained, at all events, down to the revolution.—Macmillan's Magazine.

Butter.

Mattie Sheridan, editor of a New York periodical, is one of the brightest wits in that big town. One night when the Hungry Club, of which she is the presiding genius, was dining at the Billy Goat, a member showed signs of annoyance.

"What's the matter?" she inquired.

"There's no butter?"

"What," she exclaimed, throwing up her hands, "no butter—at the Billy Goat?"

Invigorate the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there's nothing so good as that old family remedy, Brandreth's Pills, which has been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week will usually be all that is required. For Constipation or Dyspepsia, one or two taken every night will in a short time afford great relief.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used and being purely vegetable are adapted to every system.

The most stupendnous of all leapers of the sea is the whale—but the whale is not a fish. I have seen a monster weighing hundreds of tons, possibly eighty feet in length, rise slowly and deliberately out of the water until it appeared to be dancing on the surface, entirely clear of it, then sink slowly back. Such a leap is on record in the annals of the British navy. A large whale cleared a boat, going completely over it, an estimated leap of twenty feet in the air—how many in a lateral direction was not known.—From "The High Leapers," by Charles F. DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better in reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pier Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects *in any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generaliy, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

PHILIPPINE "DOBIE ITCH."

Itching Pimples Covered Body—Discharged For Disability—Found Cure in Cuticura Remedies.

"I enlisted in the Corps of Engineers as a telegraph operator, and, while stationed in the Philippines, I became subject to the 'Dobie Itch,' as the natives call it. In this disease small, white, itching pimples form under the skin, generally between the toes, on the limbs, between the fingers and under the arms. I never knew of a case originating outside the Philippine Islands, but have known of many cases where it has returned in this country and invariably at the same time of the year as the original attack. The cause, so far as I could learn, was some tropical parasite or germ peculiar to that region.

"I got so bad that I was confined to my quarters a week at a time. The Army Surgeons applied some carbolic solution, and it would disappear for a time, when it would break out again. I was discharged from the Engineers by reason of disability contracted in line of duty, and when I had the trouble again, my druggist, Mr. Z——, of Brooklyn, recommended Cuticura Remedies. The immediate relief was manifest with my first purchase, and the malady quickly yielded to the Cuticura Remedies. It has never recurred or bothered me since I began to use and continued to use the Cuticura Remedies. You may quote me as a believer in Cuticura Remedies from personal experience. John S. NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

LYDIA E. PINKHAM

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

A Little Child

carries with it the possibilities of great happiness, into the heart of a childless home. Women who wish for children, should understand that sterility is not so much of a disease, as a symptom of female weakness, and, that in 90 cases out of 100, when the female weakness has been cured by

WINE OF CARDUI Woman's Relief

the longed-for visit of the stork comes. Dr. J. J. Livingston, of Freeman, Ind., writes: "I prescribed Cardui to a lady patient, who had previously had three or four mishaps. She took 6 bottles and was soon made the happy mother of a well-grown boy, who is still living and doing well. I think that Wine of Cardui is the sole cause of her being able to have this child." Whatever may be the form of your female trouble or weakness, try Cardui. It is a reliable remedy for all the diseases peculiar to women.

of liberally using our fertilizers, is to pay off a mortgage on the old farm. Read the following from Messrs. Wherry & Son, owners of the Magnolia Fruit Farm, Durant, Miss.: "We made $800 from one acre strawberries, on which your fertilizers were used. Eight years ago we bought this place at $20 per acre. It was then considered to have been worn out twenty years before, but by liberally using

under peas and velvet beans, we can now grow almost anything, and have been offered $250 per acre for the place. We experimented with a great many brands of fertilizers, but find the highest per-cent. cheaper." Now don't you think Virginia-Carolina Fertilizers would enable you to pay off a mortgage if you had one? Well, don't use any other.
