Dr. J. T. Pattison, the county treasurer, says he has collected about 85 per cent of the taxes on his books. On Monday last he collected something over \$1,700. Dr. Pattison states that unless those who are in arrears come forward in greater numbers than they did in March of last year, more executions will be issued from his office than for any previous year.

We solicit your prescription business. Utmost care is exercised in compounding prescriptions and only pure, fresh drugs are used. Our prices are very reasonable.

PENN & HOLSTEIN, successors to G. L. Penn & Son.

Monday being first Monday and the first day of court, there was a larger crowd in Edgfield than probably on any other similar occasion since Saluda and Greenwood are cut from the old mother county. The size of the crowd and the good order that prevailed were very generally commented upon.

Prof. G. F. Long stated to Mr. Morgan McKoon, when the latter addressed the Trenton High School on Friday morning last, that there are 87 pupils in his school and not a single one uses tobacco in any form. This is a very creditable record. Would that for the sake of the boys this could be said of every school in the county.

PRESCRIPTIONS our specialty. We solicit your prescriptions, day or night.

WE GUARANTEE pure drugs, accurate compounding, and reasonable prices.

The candidates miss thousands of yards of sausage and miles of pick-bones by not embarking upon the campaign earlier. If they were already out on their vote-seeking jaunts, we would direct them to the home of our friend Bob Powell, who has ten large hogs yet to kill. However, the men whom the officers are seeking, or vice versa, can find sweet, juicy, home-raised hams at the home of our friend next summer.

Miss Sophie Lowrey of Vinton was among the visitors in Edgfield on Friday last.

Misses Rhett and Maxie Sheppard have returned after spending a month very pleasantly in Greenville as guests of their aunt, Mrs. Maxwell.

The Jan. 27 Adams 10-cent show will be in Edgfield next week. This show spent a week here a year ago and gave good, clean attractions.

The celebrated French Coach house is again at the stables of Messrs. B. L. Jones & Son. See advertisement in this issue.

Weather Prognosticator Samuel Taylor has declared that there will be very little wind in March this year. He says the wind has been blowing all winter and that it has "blowed out"—none left to blow.

Miss Kate Reynolds was very cordially greeted upon her visit to Edgfield last week. Miss Kate is now making her home in Greenville, having accepted a position as saleslady in the large Rosenberg dry goods store.

After a very pleasant stay of several weeks in Atlanta with her sister, Mrs. W. S. Cogburn, Miss Kate Sheppard has returned and is again at her post at the store of Messrs. May & Tompkins.

Mr. Geo. W. Quarles, one of the supervisors of registration, was in town on Saturday, and while in conversation with The Advertiser's representative stated that he expects to stand for re-election in the approaching campaign. Mr. Quarles had the misfortune to lose a cow last week that he paid \$40 for only a short time ago.

FOR SALE: My 5 room cottage good barn and stables and servant's house—South Edgfield. Terms liberal. Apply to Jam-s M. Cobb.

We saw quite a number of farmers purchasing seed oats on Monday. Mr. J. B. Adams told us that the farmers around Colliers are running their plows in full force sowing oats. If we remember correctly, Mr. Adams said his father once made a good crop of oats that were sown as late as April.

FOR SALE: A Jersey Cow and good mule. Apply to P. P. Blalock, Edgfield, S. C.

Hauling a large lot of cotton to market, especially at a season when the roads are bad, is a very great undertaking. Hon. W. A. Strom told us on Monday that he has about 40 bales of his crop of 389 bales yet to haul. He says he expects to erect a warehouse at Edgfield to store his cotton in, so he can haul it in the fall when the roads are good.

The Aetna and Phenix are almost the only Companies accommodating enough to insure your tenanted country buildings, because you give them your better class of business. Do you appreciate this. E. J. Norris, Agt.

Mr. and Mrs. Julian R. Strother Entertained the Young People. Young people always enjoy coming together for social intercourse but to them there is nothing comparable to attending a social gathering at a country home where old-time, southern hospitality pervades the very atmosphere. A number of the young people of our town spent an exceedingly pleasant evening at the home of Mr. and Mrs. Julian R. Strother on Friday evening last. A portion of the time was spent in exciting games and contests, chief among them being a conundrum contest. The winners of the prize, a beautiful box of Huyler's candy, were Miss Marie Martin and Mr. Paul Cogburn. At the close of the games, elegant refreshments were served in great abundance.

Teaches the Morgan School. Probably there are many schools in the county that have had good teachers for years, but we have in mind one in particular that has been well taught, and that is the Morgan school. For a long time prior to his death, Col. T. C. Morgan, presided over this school, and now the patrons have been fortunate in securing the services of Mr. Robert A. Cochran. While in Edgfield on Monday looking after some business matters, this sterling citizen of Rehoboth told the writer that owing to the scarcity and unreliability of labor he decided to reduce his farm and yielded to the solicitation of the patrons of the Morgan school. The fathers and mothers of that community are to be congratulated upon their good fortune in securing Mr. Cochran's services.

Presentment to the Grand Jury. To His Honor, John S. Wilson, Presiding Judge March Term of Court of Edgfield County, Edgfield, S. C. We the grand jury for the year 1905 have passed on the indictments handed to us by the court and have made returns thereon to the court.

This being our first year, we have not considered any matters which may have been unfinished under the term of the grand jury for the year 1905. Such matters will have our consideration, if necessary later on. The following committees have been appointed from our number to look after such public matters as are generally looked after by our body. Committee on County Offices and Accounts: Thos. Stansell, W. H. Smith, A. M. Timmerman, J. G. Wright, T. E. Lamb, chairman.

Road, Chainang and Bridges: J. M. Mays, chairman, A. A. Wells, Wade Derrick, J. W. R. DeLughter, H. H. Sanders, E. L. Scott, J. S. Holmes.

Poor House: F. P. Byrd, chairman, W. H. Morgan, E. B. Dasher, J. W. Bull.

A Distinct Honor. The Advertiser has been informed that our talented young friend, Miss Emmie McKie, who is a student at the Winston-Salem Conservatory of Music, has been complimented as no student of the institution so young as Miss Emmie has ever been complimented before. On a recent Sabbath she was requested to play upon the large pipe organ at vesper service in the Moravian church in Winston. For one so young to be selected from the student body to perform on the pipe organ is a distinction, and evidences the fact her superior musical talent, recognized and appreciated.

Planning to Move to Edgfield. Mr. M. B. Sturkey was in Edgfield on yesterday and it was the writer's good fortune to have a lengthy chat with him. He says labor is very scarce in his section. Up to this time he has only one hand on a four-horse farm. Mr. Sturkey is exceedingly anxious for Plum Branch to have trolley connection with the outside world, and if they are unable to secure any other road, the people of Plum Branch will connect with the proposed electric road from Atlanta to Augusta. This road will run within six miles of Plum Branch. Mr. Sturkey has four children and is giving them good educational advantages. He is anxious to move his family to Edgfield in order to send his children to the South Carolina Co-Educational Institute, and feels confident that he can perfect his plans by next fall. A most cordial welcome awaits him.

Very Creditable Showing. There is not a colored church in the county that is more thoroughly alive and progressive than Macedonia, the Baptist church of the colored people in Edgfield. Several years ago they tore down their old church and erected a spacious and substantial building in its stead. On last Sunday the members of the church held special exercises for the purpose of taking a collection, the funds to be used in painting the interior of the church. The sum of forty odd dollars was raised, which was an exceedingly creditable showing. Rev. Frank Weaver is pastor of the church, and some of the most active workers among the laity are Andrew W. Simkins, Wallace A. Morgan and Robert A. Green. There are probably many other active members whose names are not familiar to the writer.

A Card From Mr. B. E. Nicholson. I regret exceedingly to have to appear in a newspaper article in a personal way; but on account of the fact that I have been informed that some of my friends do not understand why I did not vote for the Nash prohibition bill, I desire to call to their attention the platform upon which I was elected, which will show them why I could not vote for a state prohibition bill which eliminated all county option features, at the last session of the General Assembly.

The following is a correct statement of my platform with reference to the liquor question, upon which I was elected, and is taken from the Edgfield Chronicle, bearing date August 2nd, 1906. "Mr. Nicholson is in Favor of Abolishing the State Dispensary."

"The last of the candidates for the legislature announced by chairman Bussey was the Hon. B. E. Nicholson. Mr. Nicholson's platform in a nutshell, if written by himself, would be: 'I am in favor of abolishing the state dispensary, and of leaving it to the people of each county to decide whether a county shall have prohibition or a county dispensary. Personally, I have always been in favor of prohibition, and expect to vote for, and stand for prohibition in this county; but I believe that this question should be settled by the people of each county for themselves, and that the will of the majority should govern. I am opposed to the repeal of the Brice law.'

I am sure that my friends will realize that I could not disregard the platform upon which I was elected, and which I had solemnly pledged myself to support, if elected. I feel quite sure that there is no citizen in the county of Edgfield who has a deeper interest in the promotion of temperance than I have. I have given more time, thought and study to this question than any other subject. However, deep my interest in a cause may be, and however strongly I may feel inclined to it, I hope that my personal feelings shall never cause me to overlook the rights of others, or to disregard the promise I made to the people of my county.

This statement is not made by way of apology, or for the benefit of any persons who have sought to criticize me, while knowing the platform upon which I was elected, but is made for the benefit of such of my friends as may not have heard my speeches in the campaign, or may not have seen the newspaper accounts of my platform.

Respectfully, B. E. Nicholson. Edgfield, S. C., March 2, 1906.

Just received delightful Roasted Coffee, 15 to 25 cents per pound. The Bull.

Supervisor Cutting Expenses. In order to reduce the expense of the road working force of the county to a minimum, Supervisor D. P. Self has consolidated the two gangs and will in future have to pay only one foreman and one set of guards. He will operate both road machines (but only one subsoil plow, instead of two as formerly). The large gang is now composed of about twenty-five convicts. Mr. Self is of the opinion that through the consolidation he can effect a saving of from \$1,200 to \$1,500 a year to the county.

Rational Pneumonia Treatment. The most successful physicians are now treating pneumonia by the application of counter-irritants. They are learning to resist the temptation to doctor the cough, which, after all, is only nature's effort to relieve herself, and are endeavoring to reach the seat of the congestion without the use of internal remedies.

Some are using preparations about as pleasant to the patient as an application of mud or putty, but the wisest use a pleasant liquid counter-irritant. The ideal remedy is Noah's Liniment. It is carefully compounded.

Use Royster's Farmers' Bone. Use Armour's Blood and Bone goods. Use Patapsco, Mastodon and Georgia Formula. Use Wilcox, Gibbs & Co's Manipulated Manures. Besides these we can give you the goods of other old and Reliable Manufacturers. Use Kainit, use Nitrate of Soda, Lime, Top Dressing.

We appreciate the liberal patronage we have had from our farmers for the past few years, and hope to be able to serve them for 1908. Get our prices.

Announcements. To the Democratic Voters of Edgfield County. I hereby announce myself a candidate to succeed myself as Superintendent of Education of Edgfield County, subject to the usual Democratic primary. If elected, I will endeavor to be as faithful to the trust in the future, as I have endeavored to be in the past.

Respectfully, W. D. HOLLAND.
